Provincial Civil Works Budget

Forwarding copies of Proceedings embodying the preliminary issue of the — for 1899–1900.

5. Certain original works for which allotments have been provided in the current official year to the full extent of the sanctioned estimates have been brought forward by heads of departments. These have been excluded from the budget. The minor works costing Rs. 500 and less and the repair works brought forward by these officers have also been omitted, as such works should be carried out from the lump sum grants placed at the disposal of Superintending Engineers and the Consulting Architect.

6. Funds have been allotted to all works in progress, but owing to the limited grant assigned for 1899–1900, it has not been possible to provide the full amount applied for in each case. Allotments have also been made to some of the sanctioned new works and the following unsanctioned new works:—

(1) Deputy Collector's office at Siddhavattam. Item 15.
(2) Additions to Government House, Ootacamund. Item 27.
(3) Improvements to the old Bank buildings intended for the Training School for Mistresses at Coimbatore. Item 41.
(4) Construction of a new church at Vizianagram. Item 44.
(5) Police ward at Masulipatam. Item 57.
(6) Third-class station house at Phiranjipuram. Item 65.
(7) Second-class station house at Venkatagiri. Item 66.
(8) Improvements to the Chemical Laboratory of the Chemical Examiner. Item 75.
(9) Residence for the Chaplain at Wellington. Item 82.
(10) Residence for the District Forest officer at Palamcottah. Item 87.
(11) Improvements to the building occupied by the District Board office at Chatrapur. Item 89.

7. No expenditure should be incurred on the above unsanctioned works until the estimates have been sanctioned by competent authority. The estimates for items 44 and 87 are under scrutiny in the Chief Engineer's office and orders on them will issue shortly. The sanction of the Government of India to an estimate of Rs. 13,490 for item 82 is awaited. The officers concerned should arrange for the very early submission of plans and estimates for the rest of the items to admit of the grants being fully utilised before the close of the official year.

8. The amount required for incomplete works will be provided from the reserve on receipt of detailed proposals from Superintending Engineers and the Consulting Architect. These should be submitted as early as possible after the close of the current official year.

9. The lump sum grants applied for under minor works amount to Rs. 1,03,200. The allotments have been restricted to Rs. 70,000 on account of the limited grant for the ensuing year.

10. The total demands under repairs amount to Rs. 3,42,816. These have been reduced to Rs. 2,54,000. The expenditure should be restricted to the amounts allotted and care should be taken to see that all repair estimates provide only for what is absolutely necessary.

11. The distribution of grants for minor works and repairs is shown in part II of the budget and that for tools and plant in part IV.

12. The allotments applied for by the Superintending Engineer, Military Works, Madras Command, for expenditure on minor works and repairs at Wellington, Bangalore and Ramandroog have been provided in part II.

13. The sum of Rs. 250 applied for by the Superintendent, Archæological Survey, for the conservation of ancient monuments has been provided under repairs in part II of the budget. A further sum of Rs. 170 has also been provided for the maintenance of the Humpi ruins on the application of the Superintending Engineer, III Circle. The Archæological Superintendent reports that the Superintending Engineers, II, III, IV and V Circles, failed to send their budget estimates for the conservation of archæological works. The attention of these officers is drawn to paragraph 3 of G.O., No. 2683 W., dated 7th October 1881, in view to the requisite estimates being furnished before the 1st September of each year.

14. The cost of establishment for 1899–1900 is estimated at Rs. 22,38,341 against Rs. 22,55,620 for 1898–99, the difference being chiefly due to the exclusion from the estimate for the former year of the cost of the establishment attached to the Lighthouse Division which has been ordered to be charged directly to Port funds.

15. The allotments under tools and plant for 1899–1900 amount to Rs. 1,62,441 against Rs. 1,18,807 for 1898–99. The excess is due to a larger provision having been made to the Public Works Workshops and Stores divisions.

16. As the net result of the transactions under "Suspense" is not expected to show either increase or decrease in the accounts for 1899–1900, part VI of the budget has been omitted.

17. With the above remarks, the preliminary issue of the Provincial Civil Works budget for 1899–1900 will be printed and circulated to the officers concerned for information and guidance, and four copies will be forwarded to the Government of India, Public Works Department.

ORDER—No. 449 W., dated 11th February 1899.

REVENUE.

The budget estimate of receipts for 1898–99 was fixed at Rs. 1,90,000. The revised estimate has been reduced to Rs. 1,83,000 on consideration of the actual collections during the last six months of the three years ending with 31st March 1898. The same amount has been adopted as the budget estimate for 1899–1900.

EXPENDITURE.

2. The budget estimate of charges for 1898–99 amounted to Rs. 25,00,000. The revised estimate has been reduced to Rs. 24,84,132 by the following modifications of grants subsequently sanctioned:—

	Rs.
(*a*) Transfer to the Educational Department of the grant for providing fittings, &c., for the Physical Laboratory of the Presidency College, Madras	—16,500
(*b*) Contributions from the District Boards of Chingleput and South Arcot and the Zemindar of Chunampet for restoring the Alathur branch road	+ 632
Net decrease ...	15,868

3. The Financial Department has assigned a grant of Rs. 22,16,000 for expenditure during 1899–1900 and the budget estimate has been prepared for that amount. The grant has been distributed as shown below:—

	Rs.
Original Works.	
Civil buildings	5,91,070
Communications	3,30,300
Miscellaneous Public Improvements	...
Lump sum allotments for minor works under all service heads ...	70,000

Total, Original works and Repairs ...	14,00,048
Establishment	6,53,511
Tools and plant	1,62,441
Grand total ...	22,16,000

4. In accordance with G.O., No. 525 W., dated 28th February 1893, heads of departments have submitted budget estimates for original works costing over Rs. 500 and Superintending Engineers and the Consulting Architect for original works costing Rs. 500 and less and for repairs. The allotments for works have been fixed after due consideration of all the demands and the amount available. The works for which funds have been provided are shown under class *A*, while those for which no allotments have been made are detailed in schedule *B*.

Order: 449 W d/ 11-2-99.

Revenue

The budget estimate of receipts for 1898-99 was fixed at Rs 1,90,000. The revised estimate has been reduced to Rs 1,83,000 on consideration of the actual collections during the last six months of the three years ending with 31st

are

March 1898. The same amount has been adopted as the budget estimate for 1899-1900.

Expenditure

2. The budget estimate of charges for 1898-99 amounted to Rs 25,00,000. The revised estimate has been reduced to Rs 24,84,132 by the following modifications of grants subsequently sanctioned.

	Rs
(a) Transfer to the Educational Department of the grant for providing fittings &c for the Physical Laboratory of the Presidency College, Madras.	-16,500
(b) Contributions from the District Boards of Chingleput and South Arcot and the Zemindar of Chunampet for restoring the Alathur Branch road —	+ 632
Net decrease	15,868

3. The Financial Department has assigned a grant of Rs 22,16,000 for expenditure during 1899-1900 and the budget estimate has been prepared for that amount. The grant has been distributed as shown below:—

	Rs
Original Works	
Civil Buildings	5,91,070
Communications	3,30,300
Miscellaneous Public Improvements	"
Lump sum allotments for minor Works under all service heads	70,000
Reserve with the Govt for incomplete Works	1,57,678
Total Original Works	11,46,048
Repairs	
Civil Buildings	1,60,950
Communications	76,510
Miscellaneous Public Improvements	16,550
Total Repairs	2,54,000
Total	

Total original Works and Repairs	14,00,048
Establishment	6,53,511
Tools and Plant	1,62,441
Grand Total	22,16,000

4. In accordance with G.O. No. 525 W dated 28th February 1893, heads of departments have submitted budget estimates for original Works costing over Rs 500 and the Superintending Engineers and the Consulting Architect for original Works costing Rs 500 and less and for repairs. The allotments for works have been fixed after due consideration of all the demands and the amount available. The works for which funds have been provided are shown under Class A, while those for which no allotments have been made are detailed in schedule B.

Certain Original Works

works for which allotments have been provided in the current official year to the full extent of the sanctioned Estimates have been brought forward by heads of departments. These have been excluded from the budget. The minor works costing Rs 500 and less and the repair works brought forward by these officers have also been omitted, as such works should be carried out from the lump sum grants placed at the disposal of Superintending Engineers and the Consulting Architect.

6. Funds have been allotted to all works in progress, but owing to the limited grant assigned for 1899-1900, it has not been possible to provide the full amount applied for in each case. Allotments have also been made to some of the sanctioned

sanctioned new works and the following unsanctioned new works:—

1. Deputy Collector's office at Siddhavattam - Item 15.
2. Additions to Government House, Cotacamund. Item 27.
3. Improvements to the old Bank Buildings intended for the training school for mistresses at Coimbatore. Item 41.
4. Construction of a new church at Vizianagaram. Item 44.
5. Police Ward at Masulipatam - Item 57.
6. Third Class Station House at Chiranjivuram. Item 65.
7. Second Class Station House at Venkatagiri. Item 66.
8. Improvements to the Chemical Laboratory of the Chemical Examiner. Item 75.
9. Residence for the Chaplain at Wellington. Item 82
10. Residence for the District Forest officer at Palamcottah Item 87.
11. Improvements to the building occupied by the District Board office at Chatrapur. Item 89.
12. ~~Improving the Chamdale Mysore Road Item 95.~~

7. No expenditure should be incurred on the above unsanctioned works until the estimates have been sanctioned by competent authority. The estimates for items 44 and 89 are under scrutiny in the Chief Engineer's office and orders on them will issue shortly. The sanction of the Government of India to an estimate of Rs 13,490 for item 82 is awaited. The officers concerned should arrange for the very early submission of plans and estimates for the rest of the items, to admit of the grants being fully utilised before the close of the official year.

8. The amount required for incomplete works will be provided

rovided from the reserve on
eceipt of detailed proposals
from Superintending Engi-
neers and the Consulting
Architect. These should be
submitted as early as possible
after the close of the current
official year.

9. The lump sum grants applied for under Minor Works amount to Rs 1,03,200. The allotments have been restricted to Rs 70,000 on account of the limited grant for the ensuing year.

10. The total demands under repairs amount to Rs 3,42,816. These have been reduced to Rs 2,54,000. The expenditure should be restricted to the amounts allotted and care should be taken to see that all repair estimates provide only for what is absolutely necessary.

11. The distribution of grants for minor Works and Repairs is shown in Part II

of the budget and that for Tools and Plant in Part III.

12. The allotments applied for by the Superintending Engineer, Military Works, Madras Command, for expenditure on minor Works and repairs at Wellington, Bangalore and Ramandroog have been provided in Part II.

13. The sum of Rs 250 applied for by the Superintendent, Archaeological Survey for the conservation of ancient monuments has been provided under Repairs in Part II of the budget. A further sum of Rs 170 has also been provided for the maintenance of the Hampi ruins on the application of the Superintending Engineer III Circle. The Archaeological Superintendent reports that the Superintending Engineers II, III, IV and V Circles

Jails

failed to send their budget estimates for the conservation of archaeological works. The attention of these officers is drawn to para 3 of G.O. No. 2683 W dated 7th October 1881 in view to the requisite estimates being furnished before the 1st September of each year.

14. The cost of establishment for 1899-1900 is estimated at Rs 22,38,341 against Rs 22,56,620 for 1898-99, the difference being chiefly due to the exclusion from the estimate for the former year of the cost of the establishment attached to the Light House Division, which has been ordered to be charged directly to Port Funds.

15. The allotments under Tools and Plant for 1899-1900 amount to Rs 1,62,441 against Rs 1,18,807 for 1898-99. The excess is due to a larger provision having been made to the P.W. Workshops and Stores Divisions.

16. As the net result of the transactions under "Suspense" is not expected to show either increase or decrease in the accounts for 1899-1900, part II of the budget has been omitted.

17. With the above remarks the preliminary issue of the Provincial Civil Works budget for 1899-1900 will be printed and circulated to the officers concerned for information and guidance, and four copies will be forwarded to the Government of India, P.W. Department.

Public Works Department

Note on the Provincial Civil Works Budget for 1899-1900

The budget estimate of expenditure for 1899-1900 on Provincial Civil Works in charge of the Public Works Department was framed for Rs 30 lakhs and forwarded to the Financial Department with the request that such assignment, as finances might permit, be made. Vide Memo no 5184 C. dy 21st November 1898 Flag A

2. In G.O. No 95 dy 12th January 1899, the Financial Department has assigned a grant of Rs 22,16,000 and expressed its inability to make a larger assignment under the present state of Provincial Finances. The grant provided for 1898-99 was Rs 25 lakhs.

3. The lumpsum allotments applied for under "Minor works" by Superintending Engineers, the Consulting Architect, and the Superintending Engineer, Military Works, Madras Command, Amount to Rs 103200. The current year's budget grant under

To His Excellency the Governor
The Honourable Arundel

head was Rs 50000, but this Amount having been found insufficient, it has been raised to Rs 70,000 by additional allotments since sanctioned. It is therefore proposed to restrict the allotment for next year to Rs 70,000

4. The total demands under "Repairs" Amount to Rs 3,38,146 against the current years budget grant of Rs 4,17,700 and revised grant of Rs 3,38,350. It is proposed to restrict the allotment for next year to Rs 2,54,000 by reducing by 25 per cent all demands excepting the allotment of Rs 13,500 applied for by the Consulting Architect under Communications, and by further reducing the grants proposed for the Coimbatore Division under Civil buildings And Communications.

5. The total Cost of establishment for 1899-1900 as estimated by the Examiner P. W. Accounts, amounts to Rs 2261239. The Contributions to be realised from other funds are not yet definitely known, but are not likely to exceed Rs 15,56,049 as shewn below.

i.e. Rs 45,200 less than the total grant for the D.P.O. for the year.

Are these contributions in addition to the D.P.O. grant of Rs 2216000?

The balance of the estimate ~~viz~~

Rs 7,05,190 (Rs 22,61,239 – Rs 15,56,049)

or Rs 7,00,000 in pounds figures, will

have to be provided under 45- Civil

Works.

6. The demands under

"Tools and Plant" for Divisions

Amount to Rs 89,800. Adding to

this amount, the value of London

supplies which will probably cost

Rs 1,00,000, the total amount required

will be Rs 1,89,800. The contributions

from other funds will approximate

Amount to Rs 30,000 and the balance

Rs 159,800 will have to be provided

under Provincial Civil Works.

7. The Amount usually

held in reserve to meet the

demands for incomplete wo

of the previous year and for new works undertaken during the year is never less than Rs 2 lakhs. From the limited grant assigned for next year, it will not be possible to preserve more than Rs 15,0000 and this amount has therefore been proposed to be preserved.

8. The allotments above proposed Amount to Rs 13,33,800 as detailed below:

	Rs
Lumpsum allotment for Minor new works	70,000
Lumpsum allotment for Repairs	2,54,000
Portion of the cost of Establishment debitable to Provincial Civil Works	7,00,000
— do — do — Tools & Plant do — do	159,800
Reserve for incomplete works of the current year and for urgent new works that may be undertaken during the ensuing year	150,000
Total	1333800

9. Deducting the above Amnt from the total assignment of Rs 22,16,000, the Amount [illegible] distribution among the works detailed in the printed list A will be Rs 8,82,200

10. The demands for works in progress as shown in the printed list A amount to Rs 7,88,606. It is proposed to restrict the allotments to Rs 6,24,506 by making the following reductions

Item 35	Rs 10,000
53	14,300
100	20,000
167	4,000
178	15,800
226	50,000
228	50,000

I do here with the Budget with B.S. & Despatches to-day to Accountant Genl.

P.W.D. 16.1.58

I have perused & placed it here it became a very large sum & is wasted annually in unnecessary expenditure. I must caution the Director of Public Works to be more careful in the preparation of his estimates hereafter & to call attention to a similar case if here after.

W.

In accordance with your instructions, a revised budget note has been drawn up for submission to His Excellency and the Honble Members for approval.

2. An allotment of Rs 2,54,000 only has been proposed for Repairs. This sum I respectfully beg to submit, is very inadequate and will lead to complaints from other Departments. On account of the restricted allotment, it will be necessary to postpone repairs to several buildings and the Departments occupying those buildings will complain to the Government in the Departments concerned, which will in turn call for explanation from this Department. There has not been a single

year in which the repair grant was less than Rs 300,000. If you have no objection, I beg to suggest that the grant for next year be raised from Rs 2,54,000 as to Rs 3,00,000, a corresponding reduction being made in the amount proposed to be held in reserve.

3. The following are the new works which are considered urgent but for which no allotments have been proposed by you. They have now been provided for in the budget note in anticipation of your approval.

Item No. 41. Rs 10,000
" " 43. " 10,000
" " 99 " 10,000
" " 109 " 10,000

Total Rs 40,000

The urgency of the above items has been explained in

* Works in progress

in the statement appended to para 11 of the revised budget note.

4. In order to meet the above demand of Rs 40,000, it is proposed to reduce the grants for items 53* and 198* by Rs 14,300 and 15,300 respectively and to withhold the grant of 10,000 proposed by you for item 52 which is not reported to be urgent. If the reduced grants for items 53 and 198 are found insufficient additional allotments can be made during the year.

Very well

Note on the Provincial Civil Works Budget for 1899-1900.

The budget estimate of expenditure for 1899-1900 on Provincial Civil Works in charge of the Public Works Department was framed for Rs. 30,00,000 and forwarded to the Financial Department with the request -- that such assignment as finances might permit be made *vide* Memo No. 5184 C dated 21st November 1898.

2. It has been ascertained from the Chief Secretary that it would be impossible to assign any specific grant until the middle of January next and that there is no probability of a larger grant than that of last year *viz* Rs. 25,00,000, being assigned for next year. If the -- grant is notified so late as the 15th January there will not be sufficient time left for the consideration of the works in detail by the Budget Committee, and for the budget being put in type, printed and forwarded to the Government of India before the due date. I also intend going on Privilege Leave in continuation of the Christmas Holidays and His Excellency

Excellency desires that the Budget may be settled before I go on leave. It is therefore proposed to convene the Budget Meeting before the commencement of the holidays and to decide the works for which allotments are absolutely necessary and to arrange the rest of the works in the order of urgency so that allotments may be made for as many works as funds may permit.

3. The lump sum grants applied for under "Minor Works" by Superintending Engineers, the Consulting Architect to Government, and the Superintending Engineer Military Works, Madras Command, amount to Rs. 1,03,200. The current year's budget grant under this head is Rs. 50,000 and this sum has since been raised to Rs. 70,000. It is therefore proposed to restrict the allotment under Minor Works for next -- year to Rs. 70,000.

4. The total demands under Repairs amount to Rs. 3,38,146 against the current year's budget grant of Rs. 4,17,700 and revised grant of Rs. 3,38,350. The sum of Rs. 3,38,146 required for next year includes the cost of maintenance of the Kullar-Ootacamund road, but as a portion of this road viz from Kullar to Coonoor which costs about Rs. 27,000 per annum will have to be handed over to the District Board next year, the demand will be reduced to (Rs. 3,38,146---Rs. 27,000 or) Rs. 3,11,000 in round figures.

5. The estimated cost of establishment for 1899-1900 has not yet been reported by the Examiner, but it may be safely taken at Rs. 22,55,620 which is the estimate for the current year. The contributions from other funds may be approximately estimated at Rs. 15,55,000, leaving the net debit to Provincial Civil Works at Rs. 7,00,620 or Rs. 7,00,000 in round figures. The -- latter figure viz Rs. 7,00,000 will therefore be set apart to meet the charge for Establishment under Provincial Civil Works.

6. The demands under "Tools and Plant" for Divisions amount to Rs. 89,800. Adding to this sum the -- value of London Stores which are estimated to cost Rs. 1,00,000, the total amount required will be Rs. 1,89,800. The contributions from other funds will approximately -- amount to Rs. 30,000, and the balance Rs. 1,59,800 will have to be provided under Provincial Civil Works.

7. A sum of Rs. 2,00,000 at least will have to be held in reserve to meet the demands for incomplete works of the current official year and for new works that may be -- brought

brought forward for execution during the next year. This amount is the least that has ever been provided, and any reduction therein is not advisable.

8. The allotments above proposed amount to Rs. 14,40,800 as shown below:-

		Rs.
(a)	Lump sum allotment for Minor Works.....	70,000
(b)	-Do- for Repairs.....	3,11,000
(c)	Part of the cost of establishment debitable to -- Provincial Civil Works...	7,00,000
(d)	Tools and Plant debitable to Provincial Civil Works	1,59,800
(e)	Reserve for incomplete -- works of the current -- official year and for new works that may be brought forward for execution during the ensuing year....	2,00,000
	Total Rs.	14,40,800

9. The demands for works in progress as shown in the printed list A amount to Rs. 7,55,356 vide statement C and have to be complied with.

10. From the assignment to be made by the Financial Department allotments aggregating Rs. 21,96,156 (14,40,800+7,55,356) as shown in paras 8 and 9 above will have to be set apart, and the balance distributed among the new works shown in the printed list A. To enable this balance being distributed, it is suggested that the new works in the list be marked in the order of urgency, so that the works may be budgeted for to the extent to which funds may be available.

11. The following remarks are -- submitted with reference to the new works in the printed list for which it is necessary that funds should be provided.

Item 5. Reconstructing the burnt down portion of the Sea Customs godown at Calicut. This work having been reported by the -- Board of Revenue to be urgent, a draft order sanctioning the estimate and authorising the Superintending Engineer to proceed with the work at once has been submitted to His Excellency for approval. The Superintending Engineer has also -- been asked to report the amount that can be spent during the -- current official year.

Item 43. Constructing an upper story for the Collector's office Kurnool. The original estimate for this work was sanctioned so far back as 1895, but after a -- long discussion between the -- Collector and the Superintending Engineer in regard to the inadequacy of the accommodation provided, a revised estimate was called for and has been sanctioned in G.O.No. 2740 W dated 22nd

& Filag B.

22nd October 1898. It is therefore necessary that this work should be put in hand as early as possible.

Item 44. Taluk Office at Nandikotkur. The Collector of Kurnool having requested that the estimate for this work might be sanctioned at an early date, the Superintending Engineer was asked to report the amount that could be spent during the current year vide para 3 of G.O.No. 2415 W dated 19th September 1898. The report has been received from the Superintending Engineer and is under disposal.

Item 70. Additions to Government House, Ootacamund. It was originally proposed to start this work in the current official year, but as all available funds were required for other and more pressing purposes, it was postponed to the next official year. His Excellency has desired that provision of funds for the work should be made in the budget for 1899-1900.

Item 91. Observatory at Ootacamund with a branch on the Dodabetta peak. The provision of funds for this work was Ordered to be considered in connection with the budget

budget estimate for 1899-1900. vide G.O.No. 438 W dated 22nd February 1898.

Item 94. Erecting a lecture shed in the compound of the Government College, Rajahmundry. The Director of Public Instruction reports that this shed is -- urgently required vide para 5 of the Director's letter.

Item 98. Constructing a building for the Government Girls School, Namakkal. The Director of Public Instruction states that the school has been temporarily -- removed to a rented building & that in the interests of the -- school it is indispensable that an allotment should be made in the next year's budget vide para 5 of the Director's letter

Item 99. Improvements to the old Bank buildings intended for the Training School for mistresses at Coimbatore. The Director reportsthat the buildings are -- unsafe for occupation, the --- pillars in particular being -- decidedly dangerous and requests that an allotment be made. vide para 5 of the Director's letter. The estimate is now with the Director.

Item 132. Water supply to the Central Jail

Jail, Coimbatore. This work was originally designated as "Deepening the main gate well in the Central Jail at Coimbatore". It is already in progress, an expenditure of Rs. 4,245 having been incurred to end of 1897-98, and a sum of Rs. 6,650 having been provided in the current year. A revised estimate of Rs. 18,580 providing for the original project and certain other additions has been received and is under reference to the Superintending Engineer. There is no probability of the current year's grant being fully utilised, and it is therefore recommended that Rs. 10,000 be allotted for next year.

Item 134. Upper story to the close prison at the Penitentiary. The Inspector General of Prisons requests that an allotment of Rs. 10,000 at least be provided for the work in the current year. The Consulting Architect has applied for a transfer of Rs. ~~10,000~~ 12,500 to this work from the current year's grant for the European officers' residences at Madura, and this application is under disposal. It is therefore necessary that the grant of Rs. 30,000 proposed for the next year should be

be provided.

Items 141, 144, 149, 150, 155, 156, 157, 158, 159, 160, 175, 176, 177, 187, 205. The Inspector General of Police requests that allotments be made in the next year's budget for these new works. Estimates for items 141, 149, 150, 155 to 160 and 205 only have been sanctioned and those for the rest are, it is stated, about to be submitted shortly for sanction.

Item 225. Macherla-Gurzala Road. The District Board expressed its inability to undertake the construction of this road for want of adequate funds. As important irrigation works are to be undertaken in the neighbourhood the Superintending Engineer strongly recommended the improvement of communications in this part of the District. The road has been surveyed and an estimate will, it is reported, be submitted for sanction shortly.

Item 231. Extending the Kodamurti road bridge. The necessity for this road is fully explained in the note by the Chief Engineer for Irrigation printed with G.O. No. 1443 W dated 28th May

May 1897. The District Board has undertaken to bear ¼ of the cost, and the Municipality has reported that its present financial condition does not permit any contribution being made towards the road.

Item 232. Improving the Chundale-Mysore ~~Road~~ Frontier road.

The Chief Engineer's recommendation in regard to provision of funds for this road has been approved by Government, and the question of funds has been referred to the Financial Department.

Item 233. Constructing Bodinayakanur-Kotagudi Road. The recommendation of the Chief Engineer that one half of the cost of the road viz Rs. 50,000 should be met from Provincial funds has been approved by ~~Bi~~ Government, and the Financial Department has been asked to state whether there is any objection to an allotment being made in the current year, from the funds at the disposal of the P. W. Department.

12. It is submitted that no allotment need be made for the following works with reference to the remarks noted against them.

Item 103. Enlargement of St. Mark's Church, Bangalore. Attention is invited to G. O. No. 2394 W dated 30th September 1895, in which the Government declined to -- devote Provincial funds towards the enlargement of this Church.

Item 162. Dividing the Hobart, Argyle and Dufferin wards into cubicles for nurses at the -- General Hospital. This work has been ordered to be postponed until the Station Hospital is vacated by the Military -- Department. G. O. No. 357 Public dated 30th March 1897.

Item 164. Constructing a nursing institute at the General Hospital. This work was considered by Government to be unnecessary vide G. O. No. W dated

Item 165. Alterations to the Station hospital ground and first --- floor for the women and --- Children's hospital at the General Hospital.

Item 166. New building on the roof of the Station hospital at the General Hospital to provide accommodation for women and children's hospital.

These two works are included in the list submitted by the Surgeon General, but they appear to be one and the same. Nothing is said as regards the urgency of the works.

Item

Item 214. Quarters for the Steward, Assistant Surgeon (Military), Civil Apothecaries, Hospital Assistants and other servants at the General Hospital. The idea of building these quarters has been abandoned vide G.O. No. 3121 W dated 5th December 1898.

Note in the Financial Department suggesting that 21.50 lakhs be fixed as the estimate of expenditure in the P.W. Deptt under 45. Provincial Civil Buildings Works

Remarks thereon by the Honourable Mr. Arundel, dated 31st December 1898.

"Leave it at 20 lakhs."

Remarks by H.E. the Governor dd 5th January 1899.

I cannot make out from this file how the proposed reduction of the P.W.D estimate under 45 Civil Works, from 30 lakhs to 20 lakhs, will affect the details of the proposed P.W.D programme. I see in the Departmental Budget estimate an allotment of 16,19,524 for original Civil Buildings, and an allotment of

of 2,50,836 for communications, Original Works. The former of these two allotments must, I think, bear the brunt of the reduction. I should like to see details of these two allotments, with the proposals of the Chief Engineer for their reduction. Mr de Winton should come and see me on this subject.

Endorsement in the Financial Deptt No 78 dy 6th January 1899.

To P.W.D. a.o.

It is requested that the matter may be treated as very urgent. The ~~amended~~ annexed statement will show the effect of any changes sanctioned readily.

No: 150C dy 7th January 1899.

Returned to the Financial Department with the remark that

that an extract of the note by H.E. has been taken and will be ~~taken~~ sent to Mr de Winton who is now on tour and will probably not return until the 14th January 1899.

The figures Rs 16,19,524 under Civil Buildings, and Rs 2,50,836 under Communications referred to by His Excellency are those given in the Schedule of demands forwarded to the Financial Department with memo No. 5184 C dated 21st November 1899 vide Jelag A. These figures have been modified with reference to the estimates and modifications of grants since sanctioned. The demands as they now stand are given in the printed list A according to which the allotments required under Buildings and Communications amount to Rs 15,51,160 and Rs 4,66,300 respectively.

2. If the assignment under 45 Provincial Civil Works for next year is to be restricted to Rs 20,00,000, as proposed by the Honourable Mr.

		Rs
a)	Lump sum allotment for minor works	70,000
b)	do do Repairs	3,38,146
c)	Establishment	7,00,000
d)	Tools and Plant	1,59,800

(h)	Items 225, 231, 232 and 233 of the printed list	1,00,000
		19,99,722

or Rs 20,00,000 in round figures.

3. (a) Minor Works. The total demands under this head amount to Rs 1,03,200. It is proposed to give only Rs 70,000 and a further reduction is not advisable.

(b) Repairs. The demands under Repairs amount to Rs 3,38,146 against the current year's budget grant of Rs 4,17,700 and the revised grant of Rs 3,38,350. The demand will have to be complied with in full, as it will be an unwise economy to postpone repairs. The Superintending Engineer IV Circle does not recommend the retransfer of the Ootacamund–Kullar road to the District Board until it is clearly known how far the cart traffic will be reduced by the opening of the Nilgiri Railway. The President District Board states that a grant from Provincial funds should be made for the maintenance of the road in the event of its being retransferred to the Board. No reduction is therefore feasible in the allotment applied for.

(c) and (d). The grants proposed under Establishment and Tools and Plant, viz, Rs 7,00,000 and Rs 1,59,800 respectively, are not likely to

to be susceptible of any reduction. These amounts depend upon the contributions to be realised from other funds, the assignments under which have not yet been notified.

(e) Reserve. The amount usually set apart as reserve varies from Rs 2,50,000 to Rs 2,00,000. It is now proposed to reduce this to Rs 1,40,000 and a further reduction is inadvisable.

(f) Works in progress. The demands for this class of works, as shown in the printed list A amount to Rs 7,55,356. vide abstract C. In order to work up to the estimate of Rs 20 lakhs and to provide for the Government House, Ootacamund, and new roads, it will be necessary to curtail the grants for the following items by the amounts shown against each reducing the total demands

b. The allotment proposed in the printed list is Rs 250,000, but the amount applied for by the Superintending Engineer is Rs 30,000 only. An estimate for Rs 495,800 for this road has been received.

4. It will thus be seen that the grants for almost all the works in progress have to be reduced postponing their completion, and that all sanctioned new works have to be left unprovided for. It is proposed to provide funds only for the following unsanctioned new works which are considered very urgent: —

Thro: The Superintending Engineer

Sir,

In continuation of my letter Disposal No. 3037/Rev of 98 dated 30th June last, I have the honor to inform you that the Deputy Collector, Siddhout Division has since reported to me in his letter Ref: No. 1234 of 98 dated 10th November 1898 that the building, in which his office is at present located, is in such an insecure and unsafe condition as to render it necessary to remove the office to

to another building. An extract of his
letter (para 2) which clearly describes the
state of the building is hereunder given
for easy reference.

(Para 2) "A rough sketch of the office
"building is given in the margin. A is the Separately attach
"place where my Court is held and where
"the Local Fund and magisterial clerks
"sit. It is one hall with two rooms on
"either side. It is supported by wooden
"props, the number of which is gradually
"being increased from time to time in
"proportion to the weakness of the building
"brought on by lapse of time. The eastern
"wall of the northern room of the hall
"has cracked. This and other walls have
"become moist by the recent heavy un-
"usual rains of the North East Monsoon
"which still continues pouring. The roof
"of the hall on the Southern side marked
"B which was in condition similar to the
"one on A Came down suddenly two years
"ago and damaged some almirahs lying
in it. This occured fortunately at a time
"when the clerks who used to sit there
"was absent on tour. This led to the corres-
"pondence which ended with the sanction
"of plans and estimates for a new building.
"I am afraid that the Court hall A is
"likely to meet the same fate as that on
"the one on B and endanger life and
"property. The moisture on the walls and
"breaks in some of them are likely to bring
"down the roof some day."

Under the above circumstances I have
permitted the Deputy Collector, as requested
by him to hold his office in the Taluk Cutchery
as a temporary measure.

2/ I have the honor, therefore, to request
that you will be good enough to sanction
the estimate submitted with my letter
read at the top of this letter at an early
date and order that the necessary provi-
sion for the construction of the new build-
ing as an urgent work, be made in the
Provincial Civil Works budget for 1899-1900

OFFICE NOTE No. 4325 B/6

To

W.

Herewith draft of part III (Establishment portion) of the Provincial Budget Estimate for ~~1898-1900~~ 1899-1900.

Engineer Establishment.

As hitherto, provision has been made for the sanctioned cadre of Chief, Superintending Engineers, Executive Engineers and Assistant Engineers and for an additional appointment of Superintending Engineer III. class for Mr. G.S.T. Harris, Consulting Architect to Government. Provision has also been made for an apprentice Engineer under this head.

A deduction of Rs. 76,812 being a little above 10 per cent of the provision under this head has been made on account of absentees; being the average of the savings effected in the provision for the last 5 years.

Upper

Upper Subordinate Establishment.

Provision has been made under this head, for the full sanctioned strength as also for 2 Military apprentices and for the maintenance allowances of about 20 students.

Lower Subordinate, Petty and Office Establishments.

Provision has been made for Establishments including modifications in Salaries, sanctioned from time to time under the above heads up to date.

Temporary Establishment.

The details of the temporary Establishment as shewn in the ~~statement~~ Estimate work up to a total of Rs. 2,30,985 while the current years provision which was asked to be repeated in your Office Note No. 3638 C dated 19th. August ~~1897~~ 1898 is Rs. 1,99,557. It is for Government to decide whether this provision should be retained, increased or reduced, according to the programme of operations for the coming year.

Exchange Compensation Allowance.

A total provision of Rs. 52,000 has been made both under Executive and Accounts Branches. A more approximate estimate based on actuals etc. will be submitted by about the middle of next month (January 1899.)

Examiner's Establishment.

Provision has been made for the existing No. of Superior Accounts Officers.

In the draft of the Establishment portion of the Provincial Budget Estimate for I899-I900 sent to you -- with my O.N.No: 4325 B/E dated 24th: December I898, a sum of Rs: 52,000 was provided on account of Exchange Compensation Allowance. Basing the -- probable expenditure on the actuals for I897-98 and on the revised estimate for I898-99, a provision of Rs: 43,000 would, in my opinion, be sufficient for I899-I900. This sum may be distri-- buted between Executive and Accounts branches as follows:-

~~FOR ORDERS.~~

To Secry.

Of the nine Customs Works for which the Board of Revenue desires to make provision in the P. W. Budget for 1899-1900, no. 1. – Constructing a Sea Customs office at Vizagapatam has already been sanctioned, and nearly half the estimated expenditure will have been incurred by the end of the current year. The remaining eight works estimated to cost Rs 31,900 have not yet been sanctioned. As G.O. 792, Financial, d/ 14.9.98 enjoins the strictest economy in the incurring of expenditure, may the provision proposed by the Board be made and the list of works transferred to P. W. Dept.?

Proceedings of the Board of Revenue

(Land Revenue).

No.2694 Misc.,dated 30th September 1898.

Read list of works to be executed by the Public Works Department during 1899-1900, received from the Districts.

Resolution

With reference to Government Order,No. 525 W,dated 28th February 1893 communicated with Government Order No.1084 Rev.,dated 16th March 1893, the Board begs leave to submit a consolidated list of works to be executed for the Land Revenue Department by the Department of Public Works during the year 1899-1900.

2. The items entered in the margin which have not been shown in the lists received from the Collectors of South Arcot & Chingleput have been supplied from the statement forwarded to this office by the Superintending Engineer, V Circle. The Collectors concerned are requested to state the reasons for the omission.

Chingleput
(1)Reroofing the subjail attached to the Deputy Tahsildar's office at Sriperumbadur
(2)Providing a verandah in front of the Taluk cutcherry at Conjeeveram.
South Arcot
(1)Constructing a residence with out-houses for the Head Assistant Collector at Chidambaram
(2)Constructing a ryots' shed and a public latrine in the compound of the Taluk office at Chidambaram.

3. The Collectors of South Arcot, Chingleput and Kurnool have not entered in their lists the allotments required during 1899-1900 for the works noted in the margin, apparently because the necessary estimates are not yet ready. The approximate amount required for each

South Arcot
1. Providing record racks & a latrine for the new Collector's office.
Chingleput
Repairing the Collector's office at Homes Gardens, Saidapet.
Kurnool (1) Constructing a Taluk Cutcherry at Koilkuntla.
(2)Constructing a Taluk Cutcherry at Giddalur

of these works should be reported at a very early date.

4. In the list received from the Collector of Chingleput the allotment required during 1899-1900 for the construction of the Deputy Tahsildar's office at Satyavedu has been entered as Rs.5670, while according to the Superintending Engineer's list the amount is Rs.12000. The latter figure has been adopted in the Board's list.

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 6th October 1898.

No. 11447.

From

THE HONORABLE MR. D. DUNCAN, M.A., D.SC., LL.D.,
DIRECTOR OF PUBLIC INSTRUCTION,
Madras,

To

The Secretary to Government,
Educational Department.

SIR,

I have the honour to submit the enclosed list of Educational works awaiting execution and to request that provision be made for them in the Public Works Budget for 1899--1900.

2. The undermentioned works, included under class A works in the final issue of the Public Works Budget for the current year, will, I trust, be completed during the year:-

(1) Extending the Normal and Union schools for the Training College, Rajahmundry.

(2) Providing fittings in the Chemical and biological laboratories of the Presidency College.

If the above works be not completed by 31st March next, they will be carried out next year by the Public Works Department out of the general funds at its disposal for the execution of incomplete works.

3. In its order No. 340, Educational, dated 7th June last, Government considered the extensions to the Workshops of the College of Engineering unnecessary.

4. The allotment of Rs. 16500 in the current year's budget for providing fittings in the Physical Laboratory and class room at the Presidency College has been placed at the disposal of the Director in G.Os.Nos. 1276 W and 484, Financial of the 19th and 26th

Ed. Cor. 4 1500 - 28-10 97.

May last, in view to the work being carried out by this Department. Should the work be not completed before 31st March next, a portion of the amount will be surrendered and the work will be completed next year.

5. Budget for 1899-1900. The works have been arranged in the order of urgency. The Executive Engineer, Coimbatore Division, reports that the old Bank buildings at Coimbatore are unsafe for occupation, the pillars in particular being decidedly dangerous. The estimate for the necessary improve--ments to it will be submitted for sanction shortly. Government is already aware that the Reformatory School, Chingleput, is in urgent need of additional accommodation and admissions to the school, have, in consequence, to be restricted to some extent. It is, therefore, very necessary that funds should be provided soon for execution of the works. The Government Girls' school at Namakkal, has been removed to a rented building, temporarily as the present building does not afford protection from either sun or rain. The Executive Engineer, Salem Division, could not proceed with the work for want of provision in the current year's budget. In the interests of the school, it is indispensable that Rs. 3000 at least should be provided for it. The lecture shed sanctioned for the Rajahmundry College is urgently required. Funds may be provided for the construction of a tiffin and general waiting room for the students of the Medical College and also for improvements to the Chemical Laboratory in the above institution. The estimates for these two works were sanctioned long ago.

To

The Chief Secretary
to the Government of Madras.

Sir,

A

With reference to G. O. No. 2683 [illegible]
dated 7th October 1891, I have the honour
to state that no estimates have been
received from Superintending Engineers
for inclusion in the Conservation Budget
for 1899-1900. The Superintending
Engineers of the 1st and 6th circles
have sent nil returns.

2. An estimate for Rs 20-8- for
repairs to the ancient Buddhist stupa
at Jaggayyapeta was received from the
Collector of Kistna. This was included
in the previous year's budget, but
was not utilized. The Collector there
requests

requests that it may be entered in the budget for the present year.

3. There was received from the Collector of Anantapur last year, but too late to be included in the budget then, an estimate of Rs 50 for repairs to the fort at Gooty.

4. A sum of Rs 120 is sanctioned in G.O., No. 239 Marine dated 19th June 1894, being the allowance granted to the Superintendent of the Seven Pagodas Lighthouse, and a Sweeper's allowance, amounts to Rs 60 as sanctioned in G.O., No: 1385 M dated 20th May 1893.

5. I have therefore the honour to request that a sum of Rs 250 in all may be provided for Conservation purposes.

Memorandum—No. 5375-C., dated 30th November 1898.

Forwarded to the Financial Department with the following remarks:—

The Examiner suggests that the revised estimate for 1898–99 and the budget estimate for 1899–1900 of receipts under XXXII. Civil Works—Provincial, may be taken at Rs. 1,90,000 each. The revised estimate for the current year, as worked out in the memorandum submitted by the Examiner, amounts to Rs. 1,82,645, while, by following the process adopted in G.O., No. 1025, Financial, dated 7th December 1897, the estimate comes to Rs. 1,83,295. In both the cases the estimate amounts to Rs. 1,83,000 in round figures and there seems to be no necessity therefore to fix the estimate at Rs. 1,90,000 as suggested by the Examiner. The revised and budget estimates have accordingly been altered to Rs. 1,83,000 each.

Orders on the budget estimate for the conservation of — during 1892–93.

7TH OCTOBER 1891, No. 2683-W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

From A. REA, Esq., M.R.A.S., Superintendent, Archæological Survey, Madras, to the Chief Secretary to Government, dated Bangalore, 10th September 1891, No. 410.

I have the honour to forward a budget estimate for the conservation of ancient monuments during 1892–93.

2. The revised conservation list has been but lately forwarded to the Public Works Department, * and I have no information of the extent of the repairs proposed to be undertaken by the several Public Works Engineers during the coming year. I would propose a lump sum of Rs. 5,000 as sufficient for the work to be carried out. If estimates in excess of that amount are sent in, they could be deferred to the year following.

* G.O., Nos. 621-2, Public Department, dated 24th July 1891.

3. I would suggest that rough estimates of the work proposed to be undertaken each year be forwarded in time for the preparation of the budget, so that an approximate total might be estimated. Detailed estimates could be prepared thereafter when the work came to be proceeded with.

4. A sum of Rs. 600 has been allotted to me from the conservation grant during the present year † for the excavation of sculptures, &c., from certain mounds in the Kistna district. This work will be undertaken during my tour at the end of the year. I would suggest that the same amount might be sanctioned for the same purpose during the coming year.

† G.O., No. 614, Public Department, dated 23rd July 1891.

Transferred to the Public Works Department.

(Signed) J. F. PRICE,
Chief Secretary.

OOTACAMUND,
17th September 1891.

ORDER—dated 7th October 1891, No. 2683 W., Public Works.

Communicated to Superintending Engineers and the Consulting Architect to Government for information.

2. A sum of Rs. 5,000 will be provided in the Provincial Civil Works budget for 1892–93 for the conservation of archæological works, and from this amount Rs. 600 will be placed at the disposal of Mr. Rea for the excavation of sculptures in the Kistna district.
