READ the following:—

From the Suptg. Engineer IV circle N^o 39 W of 29th Jan'y 1899
Telegram from the Government of India, Military
Department N^o 312 M. W. of 6th Feb'y 1899

Circulated to

The sum of Rupees 5,000 surrendered from the grant of Rs 8,000 for remodelling the existing block of married quarters at West Hill, Calicut, is withdrawn.

2. ^a
Rs 1 sum of Rs ⁴⁵⁰ ~~490~~ ^{has} ~~been~~ ^{already} been allotted to the West Coast Division under Imperial Military Repairs, vide G.O. No 338W dated 3rd February, 1899, the balance of the amount applied for, viz Rs 1150, is allotted by transfer from the reserve under Original Works.

3. The sums surrendered from the grants for minor works should be replaced at

at the disposal of the General Officer Commanding the District, who made the allotments.

4. With reference to the telegram from the Government of India read above, the available balance of the reserve under original works, viz Rs 3850 with the usual percentage charges, will be surrendered to that Government.

5. The following telegram will be sent to the Government of India, Military Department

"Your telegram 312 M. W. or Rs 4793 inclusive of Rupees 3850, with usual charges, surrendered from the grant for married quarters baticut.

Letter follows."

Q. 17/2/99

x Works	Rs 3850
Establishment	885
Tools and Plant	58
Total	Rs 4793

Sir,

In continuation of my telegram of this date, I am directed to state that the estimate for remodelling the existing block of married quarters at West Hill, Calicut for which a sum of Rs 800 has been provided in the current year, was sanctioned so late as December 1898. The Suptg. Engineer reports that, as a greater portion of the official year has expired, no more than Rs 300 can be spent on the work before the close of the current official year, and surrender the balance Rs 500. ^{Of the} ~~Rs 5000.~~ ^{Rs 1150} have been reappropriated to repairs, leaving a balance of Rs 3850 available for surrender to the Government of India. I am therefore to request that a sum of Rs 4793, as shown in the margin, may be withdrawn and that an allotment of Rupees 5000

000, or 6225 inclusive of the
percentage charges, may be
provided in the orders on the
preliminary issue of the Imperial
Military Works Budget for
1899-1900 to admit of the
improvements to the married
quarters at West Hill being
completed during the ensuing
official year.

NOTES.

Reference to P. W. D. Code.

Chapter XV, section vi, para. 199.

1. This form should be used by the Executive Engineer or the local Government in any of the following cases:—

- (a).—When a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.
- (b).—When a grant for a work is found to be in excess of requirements, and it is proposed to resign it, either wholly or in part.
- (c).—When it is proposed to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for the current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:—

PROJECT.

(1).—HEAD WORKS—

- (B). Land.
- (K). Buildings.

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

1. Sanction to the estimate has been received too late for spending the full amount of the estimate before the close of the official year.
2. The work is under abeyance as it is likely that the range will be reconstructed on a different plan.
3. The estimate originally sanctioned is not to be carried out as there are fresh proposals on the subject. Grant is therefore surrendered.
4. Required to meet the Repairs to be carried out to the barracks at Cannanore lately occupied by the 20th Regt. M.D. Vide this office No. 1818.E in which the same amount was applied for.
