The Estimate as submitted

~~Mr. Berlie~~

Rs 25 per square was
worked out by me & T
some time back as the
cost of Mangalore & Flat
tiling at Bellary, & that
on the West coast & for
make it not much more.
Please to put in a
proper & to use the
proper rates, viz 2-1-1/2.
Rs 19.8-0 per square is
the rate allowed in the
Estimate, & is sufficient

these alterations
Removal is comparatively
small in roofing, as plank-
ing is cheap in Malabar,
but is worth considering.

I have not seen a roof
yet in which Mangalore
tiles have been embedded
in mortar over flat tile,
but I expect it will be
found necessary eventually
to have flat tiles specially
made, as laps & joints
cause constructional
difficulties.

provided in the usual Mangalore
like roofing & rafters resting
rafters 2 1/2 ft apart with ceiling
boards in the main rooms of
the building, this has been altered
to Mangalore tiles embedded in
3/4" mortar over flat tiles & rafters
6" apart resting on rafters 19
apart & the ceiling boards omitted.
The data in this work, prepared
from the District Schedule, is
given on the data sheet.
The roof over Veranda has been
the same viz Mangalore tiles
on rafters 2" x 1" resting on
rafters 2 1/2 ft apart.

These alterations have been made
in pencil in the abstract and
detailed Estimate and reduce the
cost from Rs 16,260 to Rs 15,988
