No. 103 L.

Note by the Chief Engineer for Irrigation.

In G.O., No. 538 I., dated 25th June 1896, sanction was accorded to an estimate of Rs. 11,600 for constructing 16 boats for the use of subordinates in the Kistna Eastern and Western divisions at a cost of Rs. 725 each. The Superintending Engineer, II Circle, subsequently reported that the boats could not be constructed for less than Rs. 1,140 each, but considered that house boats of the proposed type are not required for the subordinates who can always stop at villages close to the canal, and will probably do so in any case, and that what they want are light dinghies which can be lifted over the canal banks into the main distributaries by say, eight men, for facilitating inspection. The Superintending Engineer was thereupon in this office Memo. No. 22 K.S., dated 7th February 1898, instructed to forward a plan of the dinghy considered to be suitable accompanied by an estimate. He now submits the accompanying estimate of Rs. 1,344 for constructing 14 dinghies, one of them being intended for the use of the Superintending Engineer himself, and another for the Executive Engineer, Kistna Eastern division. The estimate may be sanctioned.

2. Prior to the report above referred to, the construction of one boat was put in hand. This has now been completed and its cost, Rs. 1,140, debited to the sanction already accorded. As the Examiner of Public Works Accounts insists on fresh sanction being obtained, the Superintending Engineer submits an estimate of Rs. 1,140 for the boat. Some portion of the outlay having been incurred before the 31st March 1893, the date of closure of the construction estimate of the Kistna Delta system, the estimate may be approved for inclusion in the schedule of incomplete works of the system prescribed in paragraph 35 (III), Chapter V, Volume II, Public Works Department Code.

1st May 1899.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

ORDER—No. 531 I., dated 26th June 1899.

In G. O. No. 538. I, dated 25th June 1896, sanction was accorded to an estimate of Rs. 11600 for constructing 16 boats for the use of subordinates in the Kistna Eastern and Western divisions at a cost of Rs. 725 each. The Supg. Engineer, II circle, subsequently reported that the boats could not be constructed for less than Rs. 1140 each, but considered that house boats of the proposed type

are not required for the subordi-
-nates, ^{who} ~~as they~~ can always
stop at villages close to the
canal, and probably will do
so in any case, and that

what they want are light dinghies which can be lifted over
the canal banks into the main distributaries by ^{say 8 men}
for facilitating inspection. The Supg. Eng. was there-
upon in this office Memo

~~The Supg. Engineer, accordingly,~~
~~He now~~ submits the accompanying
estimate of Rs. 1344 for con-
-structing 14 dinghies, one of

them being intended for the
use of the Supg. Engineer himself,
and another for the Executive
Engineer, Kistna Eastern division.

The estimate may be sanctioned.

^{the report above referred to}

2. Prior to the construction of

~~the boat~~ ^{one} ~~being stopped by~~

~~the Supg. Engineer, one boat~~

was put in hands, ~~and~~ ^{this} has

now been completed ~~at a~~ & its

cost, of Rs. 1140, ~~which has~~

~~been~~ debited to the sanction

Need estimate for constructing
14 dinghies, and a small
staff boat for use of
delta superintendents
have been checked.

The Supr. Engineer in his
letter to the Executive Engineer
(Flagged K), recommends
that a tarpaulin covering
may be useful, but as
the dinghy is of a light
nature, the Executive Eng^r
seems to have omitted it.

59 Ks.

SIR,

Enclosures. 24/1 Plain

With reference to your memo No. 4/22 Ks., dated 7th February 1898, I have the honor to inform you that the Executive Engineer, Western Eastern Division, has been asked to forward a plan, Dinky suitable for Delta Superintendence, which will be forwarded to you on receipt with necessary estimate.

2. The Staff boat referred to in this office No. 287 Ks., dated 12-7-98, estimated to cost Rs 1140 was practically not finished in February 1898, and the Executive Engineer has, therefore, been permitted to complete the same in this office No. 388 Ks. of 8th February 1898. An outlay of Rs 1139 has been incurred on the construction

of the boat and charged against
the sanction accorded in G.O. No. 5382,
dated 25th June '96, and the Examiner
objects to admit the outlay without
a sanctioned estimate.

3. In these circumstances I send
herewith the estimate for Rs. 1140 and
request you will be good enough
to obtain early sanction of Govern-
ment to the same.

I have the honor to be

Copy of L^t in the
Superintending Engineer, 2nd Circle to
the Executive Engineer, District Southern
Division No. 286 K^N dated 1 February 1898

With reference to your letter
No. 667 S^E, dated 18th January '98, I
have the honour to request that you
will stop the work on the boat as
I do not consider the stipe of boat
at all necessary for Delta Superintendents.
They do not want house boats as they
can always stop at villages close to
the canals, probably will do so in
any case. What they do want are
flat bottomed inspection Dingies parti-
ally covered with tarpaulin stretched
over semi-circular ribs. These boats should
not be heavier than what can be carri-
ed by say 8 men so that they can
be lifted over the canal banks into
the main distributaries. I consider it
of great importance that both officers
and subordinates should have
facilities

facilities of inspecting the important non-navigable channels - a duty, which speaking from my own experience - when in this Delta, was to a great extent shirked. I request you will now prepare a plan and estimate for a suitable Dingy for the use of Delta Superintendents.

As you are away in camp I have written Mr. Joyce to stop work on the boat.

No. 287 K.R.
1.2.98

Copy forwarded to the Chief Engineer for Irrigation with reference to this office No. 386 K, dated 6th May 1897. House boats for Delta Superintendents cannot it seems now be built for less than Rs 1140/- each. For the reasons given above they are not considered necessary. The estimate sanctioned in G.O. No. 538 I, dated 25th June 1896, can be cancelled.
