Forwarding copy of Proceedings sanctioning revised

P.T.O.

Forwarding copy of Proceedings sanctioning revised estimates, aggregating Rs. 2,590 and Rs. 743, respectively, for the Varni branch channel No. 2, and for compensation for land for a certain minor branch channel, in connection with the —.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following papers:—

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezwada, 10th April 1899, No. 113 I.

I have the honour to forward, herewith, for your approval and sanction of Government under "Open Capital Account" a comparative statement for Rs. 743 for compensation for land taken up for the minor branch channel 1 mile 1,720 feet (left bank), minor channel 13 miles (left bank), eastern channel, a distributary of Kanigiri canal.

2. The original estimate, amounting to Rs. 200, for the land compensation was sanctioned in G.O., No. 429 I., dated 20th May 1895.

3. The necessity for the revision of the estimate is explained in the remark column of the comparative statement.

From Captain W. M. ELLIS, R.E., Officiating Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezwada, 24th April 1899, No. 138 I.

I have the honour to forward, herewith, for your approval and sanction of Government comparative statement for Rs. 2,240 under "Open Capital Account" for Varni branch channel No. 2, Sangam anicut system, Nellore district.

2. The original estimate, amounting to Rs. 1,800, was sanctioned in G.O., No. 368 I., dated 29th April 1895.

3. The cause of excess over the original estimate has been explained in the column of remarks of the comparative statement.

4. The Revenue Department was not consulted regarding the rate of compensation to be allowed, the error in which is the chief cause of the excess.

Office-note to the Examiner of Public Works Accounts, dated 3rd Jan. 1898, No. 2.
" from the " " " " 1st Feb. " No. 302-B/A.

No. 110 I.

Note by the Chief Engineer for Irrigation.

The Superintending Engineer, II Circle, submits for sanction revised estimates

	Excess outlay.	Government order sanctioning original estimate.
1. Compensation for land for minor branch channel 1 mile 1,720 feet (left bank) of minor channel 13 miles (left bank) of eastern channel from Kanigiri canal—estimate Rs. 200.	Rs. 543	No. 429 I., dated 20th May 1895.
2. Varni branch channel No. 2—estimate Rs. 1,800.	440	No. 368 I., dated 29th April 1895.

for the marginally-noted two works of the Sangam anicut system, the estimates of which were originally sanctioned under "49. Capital expenditure not charged to Revenue" in the orders noted against them. The excesses are reported to be due to the provision for land compensation in the original estimates having been made without consulting the Revenue Department. In this office circular No. 10 G., dated 7th May 1897, orders have been issued that the Revenue officers should be consulted when estimating the cost of land compensation. The

revised estimates may be sanctioned under "43. Provincial—Minor Works and Navigation" in accordance with the orders of the Government of India in its letter No. 77 I., dated 13th April 1896, printed in Proceedings of Madras Government, No. 407 I., dated 9th May 1896, subject to readjustment, if necessary, on the receipt of the final orders of the Government of India on the reports submitted in Proceedings of Madras Government, No. 559 I., dated 22nd July 1898, and No. 350 I., dated 17th April 1899.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

Your Office Note No. 2 dated 3rd.
January 1898.

The work "Compensation for land for Dampur Tank bed drainage Channel", for which a revised estimate for Rs. 1,810 has now been submitted, forms part of the Drainage scheme of the Dampur Tank of the Sangam Anicut System, the estimate for which was sanctioned under 49 Capital, and to which head also the outlay has hitherto been debited. As, however, all estimates for works ^{for} of the Sangam Anicut System (Vide the G.Os. quoted in the margin) have since been sanctioned under 43 Minor Works Provincial - subject to readjustment hereafter, if necessary, on receipt of Orders of Government of India on the report called for in letter No. 270 I dated 5th. November 1895, I would suggest that the orders of the Government of India be obtained as to whether the present

Letter from Mr. R. S. Srinivasa Iyengar, Executive Engineer, Temporary rank, to the Superintending Engineer, 2nd Circle, No. 2558, 21-10-97

In returning herewith your letters with all their enclosures I have the honour to report as follows (1) The Dampur tank bed drainage channel was completed with a saving of Rs 900. But the estimate did not provide for the improvement of the old vagon to which it was joined, the ryots at the end of the drainage complained of the submergence of their lands on account of the insufficient waterway of the vagon. Mr. Salisbury, Supervisor in charge of the San. gam Sub. Dist. reported to me in his No. 2307, 11-3-96, that the improvements could be done from the Savings on the estimate without

without exceeding it. As the work was absolutely necessary to prevent loss of revenue, I ordered him to utilise the savings on the improvement of the old vagn.

2. From a perusal of Sangam Sub-division officer's No. 2307, ¹¹⁻³⁻⁹⁶ it will be observed that he does not make any mention of extra land to be occupied for the improvement of the vagn. In the absence of any information to the contrary I was under the impression that it was all Government land and that no compensation need be paid. Had I known that extra land had to be occupied and that the estimate was likely to be exceeded, I would not have ordered the improvements to be carried out, but would have sent up a separate estimate. The work done was

was absolutely necessary and as the Sangam Sub-division officer assured me that he would not exceed the estimate, I ordered the savings to be utilised.
