To

The SECRETARY to the GOVERNMENT of INDIA,
Military Department.

Sir,

Under the arrangements sanctioned in Government of India, Military Department, letter No. 769 M.W., dated 16th March 1898, for the formation of one Barrack Department for all India, the duties at Cannanore appertaining to that department are carried out by the Barrack Sergeant, Conductor G. H. Walden, whose services have been lent to the Public Works Department for the purpose. Application has now been made for sanction to the grant, to the Conductor, of a conveyance allowance under article 1178, Civil Service Regulations, on the ground that he has a large amount of travelling at, or within, a short distance of head-quarters for which travelling allowance is inadmissible under the regulations for "Journeys on tour." The authority to sanction the application is the Government of India under article 1181, Civil Service Regulations; and the Local Military Department, to which the Conductor's pay is chargeable, reports that there is no objection to such sanction being applied for.

2. The grounds for the proposed grant are detailed in the accompanying copy of the Conductor's letter, No. 326 B., dated 6th December 1898. It will be seen therefrom that besides weekly, quarterly and half-yearly inspections of barracks and furniture at distances varying from 2 to 3 miles, conveyance has to be provided for the superintendence of work at the workshop, a mile distant, and occasional visits to the Station Staff office and the officers' bungalows, which are 1 to 2½ miles distant. Under existing rules,* Conductor Walden is eligible to Government transport when this is available or to hired transport when it is not. Both means of conveyance are reported to fail on emergency and the Divisional officer as well as the Superintending Engineer recommend the grant of a regular conveyance allowance.

3. I am accordingly to submit the application for the sanction of the Government of India, and to state that the allowance may, if approved, be fixed at the rate allowed to an Upper Subordinate of the Public Works Department, viz., Rs. 30 per mensem under article 1183, Civil Service Regulations.

OFFICE NOTE No. 69 A/E

To

W.

In my O.N.No: 3829 B/E dated IIth: November 1898, I stated that the sanction of the Government of India to the grant of conveyance allowance to Conductor G. Walden Barrack Sergeant stationed at Cannanore would be necessary under Article II8I of C.S.R. This report was based on letter from the Examiner of Accounts, Military Accounts, No. I537 E dated 9th: September 1898 in which it was stated that Travelling Allowance to subordinates of the Bengal and Bombay Barrack Departments under his audit was passed under Civil rules I.E. under C.S.R. and that there was no order for treating the Madras Barrack Department on a different footing in respect to Travelling Allowance.

2. With his letter No. 50 E dated 7th: January 1899 (copy attached), the Examiner Military Works has now forwarded copy of Government of India Military Depart-ment No. 3389 M/W --

lated 5th: December 1898 (copy also -- ttached),in which it has been decided hat pending receipt of India Army -- gulations volume XII (vide G.O.No. - 023 W dated 25th: November 1898) the pay and allowances hitherto admitted -- should continue to be passed to Barrack Masters and Barrack Sergeants employed in Burma,as also those under the audit of the Examiner Military Works.

3. There seems no doubt that - the same procedure will have to be -- adopted in the case of the Barrack --- Sergeant under my audit. The proposal to grant him conveyance allowance would -- therefore have to be considered and disposed of with referance to the provisions of volume XII,a copy of which however - has not as yet been supplied to my --- office.

4. I may mention that only -- ghary hire for journeys on days on which ransport is certified as not being -- vailable are now being admitted to - Conductor Walden in terms of Government f India M.D.No.2010 C dated 22nd: -- ctober 1896.

Sir,

I am directed to acknowledge the receipt of your letter No. 879 A.D. 7th March 1896 submitting a letter from the Lieutenant General Commanding the forces Madras, enquiring whether warrant and Non Commissioned Officers of all departments not drawing pony allowance and compelled to go long distances on duty to and from different parts of their own Station are entitled under the last sentence of para 1984 A.R.I. Volume V to Conveyance hire when Government transport is certified not to be available for the purpose.

2. It is remarked that His Excellency the C in C concurs with the Lieutenant General in considering that para 1984 quoted above appears to give W and N.C officers of the Barrack and other Departments in Madras Command a claim to Conveyance hire when Government transport cannot be made -- available, and it is asked that the -- Government of India may be pleased to issue a definite ruling on the point.

3. In reply I am to state, for the

Sir

I beg to enclose a bill for Rs 19—12—, on account of Travelling Allowance for the months of May, June, July and August 1898.

2. No bills were submitted to the Pay Dept for these months (except the one for Rs 1/8 forwarded to you with my No. 146/B, d/ 22/8/98) as the question of transferring the payment of the same from the Military Department to the P. W. D. was under reference to the Controller of Military accounts.

3. As Commissariat transport is not now available to help me in the performance of my duties, and great difficulty is sometimes experienced in getting a hired Conveyance, I would ask, that, if possible a monthly Conveyance allowance be granted me, on my rendering the usual Certificate.

I beg to remain &c

2. The Travelling Allowance which is passed in the Military works Department, i.e. Travelling Allowance under Civil Service Regulations, is the Travelling Allowa which will be admitted to the Madras Barrack Departmen employed in the Military works Divisions.

Subordinates of the Bengal and Bombay Barrack Departments under my audit get Travelling Allowanc under Civil rules, and there is no order for treating the Madras Barrack Department on a different footin as regards Travelling Allowance.

3. There will, however, be no change in their Salaries for the prese and for a Considerable time to Come, they will be borne on a Separate list for promotion.

It will be seen that the claim has to be laid before the Govt of India; and it must be shown that the Subordinate in question has in the words of Article 1178. C.S.R. "a large amount of travelling at or within a short distance from head quarters, for which travelling allowance is inadmissible under the Regulations for "Journeys on Tour"." Please therefore, support the claim in the manner required by the Regulations.

Letter from Conductor G. H. Walden, Military Works Department, Cannanore, to the Executive Engineer, West Coast Division, Calicut-dated 6th December 1898, No 326B.

In returning the Correspondence ending with your No $\frac{S}{2456}$ of the 3rd inst., I beg to state that the regular travelling to be done here is only that in Connection with the weekly, quarterly and half-yearly inspection of Barracks and furniture - Vide T. A. bills submitted monthly - the distance travelled being approximately as under:-

To the Fort and back 2¼ miles
" Stn Hospital - " - 2 "
" 25 M. I. lines - " - } 3 - "
" 25 " Hospital - " - }

or a circuit of the whole of the Military buildings about 5 miles.

2. But in addition to the above I have frequently to Superintend the repairing and making up of Barrack and Hospital furniture at the workshop, more than a mile distant from my quarters, and am occasionally

occasionally called upon to attend personally at the Station Staff Office or Officers Bungalows, to see Officers on matters pertaining to the Barrack Department. In these cases the distance ranges from 1 to 2½ miles, and time will not always admit of emergent Indents being submitted to the Commissariat Department for transport, as it would take the Peon (if available at the time), at least half an hour to bring a reply; and if I am then informed that no transport is available, quite another hour would be lost in his having to go for a hired Conveyance, which he could not be at all sure of getting; and if a conveyance be ordered without first ascertaining whether Government transport is available, I am apt to be out of pocket, as on previous occasions (vide your No $\frac{1}{2179}$ of the 28th Octr. 98); so to obviate this, the journeys have to be performed on foot, often with considerable inconvenience and exposure to the heavy monsoons which prevail on this coast from May to November - the rain guaging as much as 135 inches during the season.

3. The nearest jutka stand is distant about 1½ miles, and up to the present I have not been able - except in a very few instances - to obtain Government transport when indented for, owing to a paucity of bullocks, and their being employed on other duties. In support of this I attach a Memo (No 2332 d/6-12-98) from the N.C.O. in Commissariat Charge.

4. It will thus be seen that the difficulties I have to contend with in the matter of transport are very great, and hence my applying for a monthly allowance to enable me to maintain a Conveyance of my own and to facilitate work.
