The connection of the Public Works Workshops and Stores with the Oriental — and Electric Company's system, sanctioned.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From H. A. MOSS, Esq., General Superintendent, Public Works Workshops,
to the Superintending Engineer, V Circle, dated 2nd February 1899,
No. 222 W.

With reference to your endorsement No. 12 P.W.S. & W., I have the honour to request that you will kindly obtain sanction to connect this office with the Telephone Company's system. It is not necessary and would be of little or no use to us to be connected with the telephone system connecting Government offices. We should seldom have to communicate in this manner with any Government office except, perhaps, the Public Works Secretariat, which, I believe, is connected with the Telephone Company's system. If there were any need to occasionally telephone to any other Government office, we might do so through the Public Works office.

2. On the other hand, the Telephone Company's system would be most useful to us as we are constantly having to make inquiries of various private firms, about rates and prices and other matters, and at present a lot of time is wasted in having to send round.

3. I have inquired the cost of having the telephone. It is Rs. 200 per annum, provided we take it for three years certain. The charge is very moderate, and the convenience and saving in time would be well worth the expense.

No. 89 W.

To the Chief Engineer, Public Works Department, with reference to his
No. 290/C., dated 14th January 1899.

8th February 1899.

(Signed) C. C. RAWSON, Colonel, R.E.,
Superintending Engineer, V Circle.

ORDER—No. 602 W., dated 27th February 1899.

The connection of the Public Works Workshops and Stores with the Oriental Telephone and Electric Company's system is sanctioned.

(on return)

FOR ORDERS.

no 602 W of 27-2-99
no do next page

The Supts. Engr. V Circle requests sanction to the P.W. workshops & stores being connected with the Oriental Telephone & Electric Co's system. He states that such connection would be most useful, as ^{inquiries} ~~messages~~ have to be constantly made of various private firms about rates and prices and other matters, and at present a lot of time is waste in having to send round.

The Supts. Engr. reports that the Oriental Telephone Co's charge will be Rs 200 per annum, provided the connection is taken for 3 years certain.

A few Govt. offices e.g. the Accountant General's & the Engrs for Railways, are to be
