Establishment.

READ—the following paper:—

From A. H. GARRETT, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 27th January 1899, No. 36/W.

I have the honour to submit for the sanction of Government a proposition statement for the temporary establishment required for the proposed Anamalai division.

2. The necessity for the formation of a special division for this work was recognized by you on your recent inspection, when you informed me that there would be a very large grant allotted for expenditure next year.

3. In the Upper sub-division there will be an Assistant Engineer and an Upper Subordinate who will be engaged at first in making an estimate for the road from Sirukundru to Mount Stuart.

4. The Assistant Engineer and Upper Subordinate in the Lower sub-division will be in charge of the Aliar bridge and the construction of the road thence to Sirukundru.

5. I have carefully considered the question of the best head-quarters and believe that Kottur will be found the most suitable place, although it has the great disadvantage of being 7 miles from the nearest post office.

6. The points in favour of making Kottur the head-quarters are: that it is only 5 miles from the Aliar bridge at the foot of the hills, that it is a large village where suitable accommodation could be found for the office establishments, that there is a comfortable rest-house at Kottur and inexpensive sheds could be erected for office purposes, and that finally Kottur is a healthy place.

7. I am opposed to having the head-quarters on the hills as it would be very expensive to provide the necessary accommodation for the office hands, and they would suffer greatly from the difficulty in getting supplies and from fever.

3. The sanction accorded in para 1 of these Proceedings has been registered as Provincial No. 119 W of 1898–99 and classified as Establishment, ^{Temporary} Permanent.

ote. A sum of Rs. 2,00,000 has
been provided for the Anamalai
ads in the budget estimate for
99-1900, it is necessary to constitute
regular Division for working out
grant. Mr de Winton also
appears to have approved of the
necessity for the formation of the
Division.

The establishment applied
for is less than that of an ordi-
nary third class Division, and the
pay proposed in each case is not
moderate. Considering the unhealthi-
ness of the locality.
