The building referred to by the Sub Collector of Salem, in his No: 133. d/ 1-12-98, is apparently the rest house mentioned in para 3 of the letter from the Executive Engineer, Salem Division, No: 399 S.E. d/ 11. 10. 98, Flag C. This building is not available for transfer.

2. The building, which this department has no objection to transfer, is the Overseer's Shed at Hosur, referred to in paras 1 and 2 of the Executive Engineer's letter quoted above. This building was taken up as a plague observation Shed. Vide Lr No G.O. 1447 P. d/ 10. 11. 98, in the file, and can, as already stated, be transferred from the charge of this Dept.

The Board requested that a "rest house" at Hosur "reserved for use as a plague hospital" might be transferred to the Salt, Abkari and Customs Dept. for use as quarters and office for ~~[illegible]~~ an Inspr. References were made to the P.W.D. and the Local and Municipal Dept on the subject; and it now appears that there are two buildings at Hosur, one an "overseer's shed" reserved for use as a plague ~~hospital~~ observation shed and the other 'a rest house' for officers halting on tour, in charge of the P.W.D. The former is stated to be available, but not the latter. It is not clear which building ~~it is~~ ~~that~~ the Board ~~means~~ requires.

The building which the Board asked for was the rest house between Hosur and Mattigiri. It understood from its local officers that it was not required any longer for use by the P. W. Deptt. and that there was another public bungalow available. It was misinformed as to this building having been taken up for plague purposes.

If it cannot be given the rest house it would be glad if the overseer's shed could be given it for use by the Inspector.

REFERENCE No. 847, dated 29th September 1898.

~~Read~~ under G.O. 2465/7.6.98.

In Board's Reference No. 155, dated 4th May 1898 in which the Board requested Government to sanction the redistribution of the three Circles in the Salem District into two and to make Hosur the head-quarters of one of them, the Board mentioned as one of the grounds for the latter proposal that it understood that a building was available at Hosur which could be used as quarters and office for the Inspector. The building which it alluded to was one standing between Hosur and Mattigiri and then used by the D.P.W. as a rest house. In reply to a reference to the local officers, it is reported that the building is available for occupation and excellently suited for use as an Inspector's quarters and office. It is however at present reserved for use as a plague hospital. The Board would be glad if Government would sanction its transfer to the Salt, Abkari and Customs Department, if possible, at once. The use of the building as a plague hospital would render it unfit for use as a residence and office for a long time to come and the Board understands that other arrangements can be made for plague accommodation and would be glad to assist in the erection of sheds for the purpose if that is insisted on as a condition of transfer at the present time.
