G.O., No. 881 W., dated 29th March 1897.

Read—also the following papers:—

From A. H. GARRETT, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 3rd December 1898, No. 626 W.

Referring to G.O., No. 881 W., dated 29th March 1897, I have the honour to point out that Government sanctioned the transfer of the Public Works Department rest-house at Gúdalúr to the Revenue Department under the impression that the Public Works Department intended to dismantle the building.

2. I cannot find from the papers in my file that the dismantlement of the building was ever contemplated, but in September 1896 the Superintending Engineer suggested the transfer of the building to the Local Fund Department, and the Executive Engineer, on being called upon for his views, agreed with the Superintending Engineer on the grounds that "a large number of planters travel on this road and the accommodation of the existing Local Fund travellers' bungalow is inadequate."

3. The reasons advanced by the Executive Engineer for giving up the building are precisely the ones I should employ for retaining it. Owing to the number of travellers on this road, a Public Works Department officer might often find that no accommodation could be had in either of the bungalows at Gúdalúr.

4. The cost of carrying tents in the Wynaad is prohibitive, and as the Executive Engineer now reports that there are many works in course of execution at Gúdalúr, Pundalur, Devala and Nellacotta, I recommend that the charge of the bungalow be resumed by us especially as this arrangement would be welcomed by the Collector.

Abstract.—Communicating to the Collector of the Nilgiris Government Order sanctioning the transfer of the Public Works Department rest-house at Gúdalúr to the Revenue Department.

In reply to Government Endorsement, Mis. No. 5015, dated 17th December 1898, the Collector of the Nilgiris reports that he has no objection to the re-transfer of the rest-house at Gúdalúr to the Public Works Department, provided the bungalow continues to be at the disposal of the officers who have now the privilege of occupying it free of rent as well as of the Assistant Superintendent of Police, whose name appears to have been omitted from the existing list by oversight. Mr. Weir states that the Special Executive Engineer, Nilgiris, as well as the Executive Engineer of the division will, of course, have a preferential right to be accommodated in the bungalow.
