PUBLIC DEPARTMENT.

CIRCULAR.

No. 1934.

In G.O., No. 666, Financial, dated 31st August 1894, a scale of prices, based on the number of pages and diagrams in each paper, was prescribed for the printed Proceedings of Government and the departmental reports which are placed at the disposal of the press, and made available for sale to the public.

2. The increasing demand for such documents causes considerable correspondence in the Government Press in replying to inquiries as to prices and in order to reduce work it is proposed to enter the price of each paper in the Gazette list.

3. The following procedure will therefore be adopted in all Secretariat Departments:—

In the manuscript list sent weekly to the Gazette, the Head Clerk of each department will mark against each entry the number of pages and diagrams in the Proceedings or reports. The Superintendent, Government Press, will then fix the selling prices and enter them in the list.

4. The "List of papers placed at the disposal of the press" will in future appear at the end of Part I of the Gazette.

26th July 1899.
