From the Suply Engr II circle No. 14 Ew d/11th January 94.

From the Executive Engineer, Bellare Dn. ^{N^o 43 SE.} of 14th January 99.

From the Subty Enge II circle No 55 W d/ 31st January 99.

ORDER.

The Continued employment of
the establishment required for
winding up the work of the Project
of the Kistna Western Division
Sub Division, as detailed in the pro-
position statement submitted by
the Superintending Engineer, with
his Letter No. 14 E.W., d/11th January, 99
is sanctioned.

Note

Paras 1 & 3 only to the En

2. As pointed out by the Superintendent-
-ing Engineer, the retention of the
Establishment, was probably necessary
but the action of Mr Lewis in having
retained the men without the sanction
of Government was irregular

3. The Sanction accorded in para 1
has been registered as Provincial No.
124 W of 1898-99 And classified
as Establishment Temporary.

Note. In G.O. no 2373 W d/ 13th Septem^r 1898, the proposal to abolish the Special Project Sub Division of the Krishna Western Division was approved. Before submitting the proposal for sanction the Superintending Engineer directed the Executive Engineers to give effect to the proposal from the 1st August 98. The Executive Engineers however retained certain members of the establishment for different periods, as shown in the proposition statement. The continued employment of the establishment was probably necessary to wind up the work of the Sub-division, but Mr Lewis' action in having retained the men without the sanction of Government was irregular.

To

THE

Chief Engineer
Public Works Department

SIR,

Enclosures one

I have the honor to forward for
sanction should you think fit to sanction it a
proposition statement for establishment entertained
without authority by the Executive Engineer Krishna
Western Division for winding up the work of the
project sub division abolished in G.O. no 23754
of 13th September/98

21 The work done was probably necessary,
but the entertainment or continuance of the
Establishment after the date of its abolition
without any authority to do so shows great dis-
regard of rules and regulations on the part of Mr.
Sreenivasa Lyengar the Executive Engineer responsible.

3. A warning would be desirable.

I have the honor to
— Sir
your most obedient servant
Wm. Murray
Superintending Engineer

Circular No. 589 M

— " — 29-7-98

The Superintending Engineer having ordered preliminary steps to be taken towards the abolition of the Project Subdivision, from 1st Proximo, the following Arrangements will take effect from that date.

(1). A Sub Division Office will be appointed for the Project Subdivisions.

(2). The Project Sub Division Office will be given up. All records &c. brought to the Division Office, where the draftsman will work under orders of the Division Head Draftsman, and the Clerk in the drawing section as a copyist.

(3). The two remaining Surveyors will during the rains, work in the office, seeing that all survey work already done is plotted & survey books indexed &c.

(4). When this is done the further investigation of losses caused taken up by the Sub Division Office concerned.

From the current year summons can be employed against the temporary establishment, now sanctioned as required. In future, sanction must be applied for for each block.

(5) Querezen. Saptaumshi Sastri will remain on special duty till further orders.

(6) In order to enable the Eastern sub-division officer to give more time to investigation of distributaries he will be relieved of the charge of the flood, hauc and the Lepalli section which will be taken over by Quier Querezen sub-division, the Hallur & Pellatur sections officers still remaining liable for patrol on the flood, hauc during flood time.

For

With reference to your endorsement NO 14 B.W. of 11-1-99 communicating copy of your letter NO 14 B.W. of 6/1/99 to the Chief Engineer P.W.D. regarding the continuance of the Project sub division establishment after its abolition, I have the honor to inform you that the establishment in question was retained under the written orders of Mr W.C. Lewis and not Mr. R. A. Subramanyachar who simply carried out the orders left by his predecessor, the permanent Executive Engineer of the Division. The original orders of Mr. Lewis issued 6 days after the receipt

23/5/99

of your letter No. 2276 HW 2721-7-98 and 3 days before Mr. R. A. Sreenivasa Syyengar joined the Division from Privilege leave is herewith sent for your perusal and return

Under the above circumstances I leave it to you to decide how far Mr. R. A. Sreenivasa Syyengar is responsible

267/99

Letter from Mr. R. A. Sreenivasa Syyengar
amrghat Rai Sahib B. A. B. E. Executive
Engineer Nellur Division to the Chief
Engineer P. W. D. through the Superintending
Engineer second circle. No. 183 E dated
31 January 1899

In continuation of my No. 43 dated
17.1.99, I have the honor to forward
herewith my explanation regarding the
continuance of the Project Sub Division
Establishment after its abolition.

2. During last year, I was on Privilege
leave for two months from the 3rd
June to 28th July. During my absence
on leave Mr. W. C. Lewis Executive
Engineer was in charge of both the
Kistna Western Div. and the Project
Sub Division and I relieved him
of the charge of the former on the
29th July 1898.

3. During my absence on leave,
Mr. Lewis met the Supty. Engineer
on 14.7.98 and talked with him
about the abolition of the Project
Sub Division and on the next day he
wrote his letter No. 176 & dated 15.7.98

(printed with G.O. No 2373 W dated 13-9-98) in which he said that he did not consider "the continuation of the Project Sub Divn of this Division, necessary any longer than to wind up the past seasons' fieldwork". His proposals were approved by the Superintending Engineer in his No 2226 W.D. (Kistna Western Divn) dated 21-7-98 (also printed with the above G.O.) which was received in the Kistna Western Divn Office on 23-7-98. On receipt of this Mr Lewis passed on 26-7-98 his order No 589 in dated 29-7-98 (Copy enclosed) in which he issued instructions for the continuance of the Sub Division Establishment. As the subject was personally discussed by Mr Lewis with the Suptg. Engineer, I believe he must have represented to him the necessity of continuing the Establishment till the last season's fieldwork was wound up.

4. From the above it will be seen that the arrangements were all made

before I took charge of the Division and all that I did was acting according to the instructions left by my predecessor and I leave it to you to decide how far I am responsible in this affair.

5. A copy of Kistna Western Divn Officer's No 509.3 dated 19.1.99 to the Superintending Engineer II Circle on the same subject is enclosed for your information.
