Read the following Proceedings of the Board of Rev: Revenue Sett, No. 3515 Misc, dated 17th July 1899, on the following letter from the Ag. Collector of Ganjam, 23B.No. 335/Ver of 1899, dated 22nd June 1899.

With reference to para 2 of Board's Resolution No. 158 dated 10th instant, I have the honour to state that the 254 miles of new road proposed cannot be efficiently maintained, after they have been constructed.

2. More collection of road metal has been provided for in the Programme, under repairs to roads and, as it is not required to be spread there is no other available

3. The total figure of Rs. 22,000 entered in column 7 under irrigation works in the Chicacole taluk does not include the allotment under item "Repairs and improvements to Garibulagedda". Through oversight this printed item may not have been struck out in the copy submitted to the board. I request that it may be struck out now.

Resolution.

Submitted for the information of Government, with reference to the remarks made in para 2 of B.P. 158 dated 10th June 1899.

2. The collector has not yet submitted the further information promised in paras 2 and 3 of his letter dated 31-3-99 read in these proceedings, but it appears clear that, if a satisfactory programme of Famine Relief works is to be prepared for the district, it will be necessary for the Public Works Department to undertake a special investigation of
