GOVERNMENT OF MADRAS REVENUE DEPARTMENT

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of the Board of Revenue, Rev: Sett: No:3948, Mis, d/11th Aug:'99 on the following papers:-

(1) the following letter from Captain W.M.Ellis R.E., Superintending Engineer, II Circle, No:264 I, d/25th July 1899 to the Chief Engineer for Irrigation:-

Your Endorsement No:121 K.S of 17th July 1899 on Revenue Board's Proceedings No:165 of 13th June 1899.

With regard to para 3 of the Proceedings, I have the honour to report that in case of great urgency, any of the works named could be started as a famine work except the Gangulakunta Tank Scheme, which is not on the P.W.D. list and about which there is no detailed information in this Dept. The site is in the middle of a hilly, very sparsely inhabited and remote tract and appears unsuitable for a famine work.

2. The estimates for other works mentioned cannot be described as in a forward state of preparation but detailed surveys of the sites for the proposed tanks have been completed and mapped and alignments for supply channels have been laid down on the ground and on village maps.

The details of distribution is now occupying the special survey establishment.

Until these are worked out on the ground and mapped and levelled by Surveyors, detailed estimates for the works cannot be put in hand although in case of great emergency it would be possible to set out work on the bunds and supply channels for famine labour without delay. The surveys of all the works alluded to are being carried out.

The last work mentioned should be called Pedda Naidu Tank of Chinnarowpalem.

(2)

(2) the following endorsement of the Chief Engineer for Irrigation on the above letter, No:206 M,d/1st Aug: '99

Copy forwarded to the Board of Rev: (Rev: Sett) for information with reference to para 3 of B.P. No:165,d/13th June 1899.

Resolution:-

Communicated to the Collector of Kistna for information and guidance. In the circumstances the works should have been shown only as "additional works" at the end of the programme.

Order thereon,No:3054,Mis,dated the 22nd August 1899.

Recorded.

(True Extract).

For Ag. Secretary to Government.
