READ—the following papers :—

From Lieutenant-Colonel W. L. C. BADDELEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer for Irrigation, dated Bellary, 9th September 1899, No. 3314 I.

I have the honour to state that the officer in charge of Kurnool division has applied for the following additional allotment under Imperial Irrigation, 42. Major works (Working expenses), to meet outlay on works* which have to be executed during the year :—

- * I-A. Several minor works estimates under extension and improvements.
- I-B. Two estimates, viz., raising the revetment of Tangadancha and Pagadial tanks. These have been put into execution.

I-A. Extension and improvements	...	...	...	...	...	RS.
I-B. Maintenance and repairs	...	...	...	...	...	3,000
						6,600

I request that you will be good enough to sanction the allotment at an early date.

2. I would suggest that the same be transferred from the grant for Chopad project in the Cuddapah division, which at present stands at Rs. 24,422.

3. The plans and estimates for this project will be forwarded to you in a few days, but the very large number of documents will probably delay its sanction for some time.

No. 175 I.

Note by the Chief Engineer for Irrigation.

The Executive Engineer, Kistna Eastern division, having remarked in his progress report for July 1899 that Rs. 7,800, or Rs. 9,594 including the charge for establishment, will be surrendered from the existing grant under "42. Major works (Working expenses)— Extensions and improvements," that amount together with the reserve of Rs. 1,187 under that head now at the disposal of Government, may be transferred to meet in part the demand for an additional allotment of Rs. 11,808, including establishment charge, for the Kurnool-Cuddapah canal. There are no funds available to meet the balance of the demand.

2. The re-appropriation from the grant for the Chopad project under "43. Minor Works and Navigation" suggested by the Superintending Engineer, III Circle, to meet the above demand is inadmissible under paragraph 135 (b), Chapter IV, Volume II, Public Works Department Code.

18th September 1899.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

ORDER—No. 820 I., dated 28th September 1899.

I have the honor to acknowledge the receipt of your letter of the 2nd inst. in relation to the proposed extension of the water supply system of the City of New York. I am sorry to hear that the Board of Water Supply has not yet been able to reach a decision upon the matter. I am, however, confident that the Board will eventually reach a decision in favor of the extension, as it is a project of great importance to the City. I am, Sir, very respectfully,
