Note for DW & W

Para 2 of the draft order on C. No: 1626 is in accord with the precedent vide para 3 of C. No: 1484 of 13 May 1892 (May) however the Public Department desires that all Departments may be called on to supply the P. W. Department direct with the requisite information; it is proposed to modify para 2 of the draft as shown below:-

The Departments concerned will be requested to supply similar information in regard to expenditure incurred other than the P. W. Department.

NOTE FOR THE

P. W. Account No 1626

It is suggested that para 2 of the proposed order might be so amended as to call on all Departments of the Secretariat direct to supply the P. W. Department with "information in regard to expenditure incurred other than in the P. W. D." There appears to be no reason why Public should call for and collect replies on behalf of Public Works only to transfer them in the end.

On receipt of all replies, P. W. will doubtless draw up a consolidated statement - this statement if desired, can be referred to Public for scrutiny by the Super. Archaeological Survey.
