Note by the Chief Engineer for Irrigation.

The accompanying revised estimate of Rs. 11,400 for purchasing machinery required for the Government Workshops, Dowlaishweram, submitted by the Superintending Engineer, I Circle, involves an excess of Rs. 3,200 over the sanction accorded in G.O., No. 164 I., dated 17th February 1899. The excess is due to provision having been made for a fire-engine to be obtained from England, the small engine originally proposed to be transferred from the Public Works Stores, Madras, not being now available. The revised estimate may be sanctioned.

21st September 1899.
