3rd February 1899.

With reference to
W's remark, it will be
seen from the paper flagged
E that Govt. have already
wired to the Secy. of State
to order the dredge.

As the specification for the dredge was drawn up by the Supty. Engr., I Bingle, in consultation with the collector & Port officer, submitted that before any inquiry is made of the D. S. of stores, this letter be referred to the Supty. Engr. for report whether there is any special reason for deciding that wood is to be used as ~~fuel~~ fuel, & whether there is any objection to adapting the fire places & grates of the dredge to burn ^{both} coal & wood, if possible.
