✓
DATED

21st March 1899.

[Despatch Abstract.]

Draftsman

Sanctioning the Intertainment, for
a period of two months, of a special
On Rs 100 per mensem in the Office of the S.E.
The Circle, on the completion of the plans
& Estimates on the (repaired) bridge.

.B.

[P. W. 4
1,000-14-11-98.]

Note:- A. M. Murugasa Mudaliar 1st Class draftsman in the Office of the Superintending Engineer, IV Circle, was appointed Head Draftsman Special Class, Sub-pro-tem, in the office of the Superintending Engineer, III Circle, Vice M. Lutchmanna Pillai, who was promoted to fill up the post of Special draftsman sanctioned in G. O. No 388 W, dated 16th February, 1899, for the Office of the Chief Engineer. P. W. D. The temporary employment of the latter draftsman in the Office of the Chief Engineer expires on the 18th instant. The draftsman, A. M. Murugasa mudaliar, will therefore have to revert to his substantive appointment in the IV Circle office on relief by Lutchmanna Pillai. To enable the Superintending Engineer to complete the plans and estimates for the Chepari Project, he requests sanction to the retention in his office of the former draftsman, on Rs 100, for 2 months after ^{the} return of Lutchmanna Pillai. It is reported that ~~there~~ very large number of plans and estimates are to be prepared, and that if the proposal

proposal is sanctioned, there will not much more delay in the completion of the project. The application has been recommended by the ^{Chief} Engineer for sanction and it is proposed to sanction it.

FROM

Lieut. Col. W. L. C. Baddley R. E.
Esq.

SUPERINTENDING ENGINEER,

IIIRD CIRCLE,

BELLARY.

To

THE *Chief Engineer, P. W. B.*

Thro' The Chief Engineer for Navigation
Madras.

Sir,

Enclosures,

I have the honour to request that I may be informed, when ⁺ Mr. Dickinson & Pilley will return to my office?

2. I shall be much obliged if I may
retain my present Special Draftsman
on Rs 100
A. M. Muringasam woods for a month ^Δ after
the return of Mr. Lucknowa Pillay, as I propose
to complete the preparation of the Chapard
plans in my office.

3. The project was sanctioned in C.O. No. 3449 dated 8.4.97 upon plans and estimates that were useless except for carrying out some earthwork for famine relief purposes, and it has since been found that the alignment of the channel had to be altered.

4. The position of the head since was

not settled until last August, and in short the whole project has had to be drawn up without any assistance from the plans and estimates sanctioned in the C.O. referred to. There are a very large number of plans and estimates, and, if I am allowed to make the arrangement I propose, there will not be much more delay in completing the project. On hearing that my proposal is approved, I shall direct Assistant Engineer Mr. L.D. Venkata-Namma Iyer to come to my office to complete the work with the assistance of my present Special Draftsman.

I remain, Sir, the honourable,

Sir,

Your most obedient Servant

Mr. Sankar Lieut. Col. R.E.

Superintending Engineer

A. M. Mungasa Mudd
Special Draftsman Super-
tending Engineer's Office
Bellary:

states that the
services of _____ are urgently
required for two months
instead of one for the person
stated: _____

x cdt. 2116 sent to RC 15.3.99

D. S. S.

1008
11/3/99 Subor 3.

2-

2. The whole of the plans & estimates for the Municipal High School and Government Training School at Bellary will have to be redrawn and recast as the original plans and estimates have not been prepared as they should have been.

3. The Head Draftsman of the Buddapah Division has fallen ill and is going on leave on Medical and therefore no certificate; in the props

is help can be afforded
uration of the plans & estimates of the Chapad Project by the Executive Engineer, Buddapah Division.

4. This Office has been working since June 1898 without a 2^d Draftsman as the 2^d Draftsman was sent to Buddapah in place of the Head Draftsman S. M. Sivar-nam Bellary temporarily transferred to the IV Circle. A temporary man on Rs 20 was however appointed to help the Special Draftsman in checking calculations. By this arrangement there has been a saving in all of Rs 293 to Government since June 1898; and therefore the retention of the present Special Draftsman will not cause any unusual expense to Government.

5. The number of plans and estimates, for all classes of work, many of them for very

very large amounts, that have been revised in my Office since I took charge in May last, is very great, and the Special Draftsman A. M. Weerugesu Moor has proved himself to be a most efficient and hard working Draftsman. I am therefore most desirous to retain him for 2 months as an extra Special Draftsman in order to try and clear off the arrears which still exist.

I have the honour to be,
Sir,

Your most obedient servant,

VerBaddery Lieut. Col. R. S.

Deputy Engineer, III Circle.
