dated 18th August 1898.

3. As it is now brought to notice
that the staff of draftsmen avail-

men for temporary appointments;
and that two good draftsmen
accustomed to mechanical draw-
ing are required to enable the
General Superintendent to draw
up designs; His Excellency the
Governor in Council sanctions the
entertainment, from 1st April 1899,

FOR ORDERS.

In May last, the General
Superintendent, P.W. Workshop,
represented that there had
been a large increase of work
in the shops, and applied for
sanction to the entertainment
of the following additional
establishment.

Permanent

- 1 clerk on Rs 15 to Rs 20 per mensem
- 1 draftsman on Rs 50 per mensem

Temporary

- 1 draftsman on Rs 50 per mensem.
- 2. The Government considered
that the increase of work
represented by the General
Superintendent was chiefly
due to Famine Relief operations
and would not continue to
the same extent, and sanctioned

Note for W. As the draftsman
sanctioned for the Workshop was
temporary, and as temporary
appointments are not graded,
his pay was fixed at Rs 50. As the man
is to be brought on the permanent
establishment, we will have to
grade him and what grade should
be given to him has to be decided.

- The 3 grades are:-
- I Rs 50 to 70
 - II Rs 35 to 50
 - III Rs 20 to 30

The Workshop has already a I class
man on Rs 50 to 70.

the entertainment of only one
draftsman on Rs 50 per mensem
for a period of one year, vide
G.O. No 2110 W Dated 18th August
1898.

3. The staff of draftsmen
available at present is of
very poor attainments, and
it is impossible to secure the
services of good men for
temporary appointments. The
temporary draftsman now
employed in the Workshops
wishes to go back to his
appointment in Tanjore unless
he is confirmed, and it is not
easy to replace him by a
competent man.

4. Two good draftsmen are
required in the Shops to
enable the Superintendent
to draw up the requisite designs.
I found that some of his
references were ^{six} months
old, and could not be answered
owing to the incompetence of
the draftsmen. A good
draftsman has recently
been posted to the Shops

in the place of the permanent
man retiring on the 1st April.
In order to get a draftsman
accustomed to mechanical
drawing, it is necessary that
he should hold a permanent
appointment, and if therefore
the second man in the shops
who is now temporary, be confirmed
in the 1st grade, salary Rs 50 to 50,
the General Superintendent
will have two good men
at his command, and the
efficiency of the shops will
be greatly increased thereby.

5. In the above circumstances
I strongly recommend that
the temporary draftsman on
Rs 50 per mensem sanctioned
for the Workshops be made
permanent from 1st April
1899.

Sanctioned.

A note may be drawn
up for orders (with supporting
Statement)
Reasons

If I order to get a draughtsman
accustomed to mechanical
drawing we must make
the best permanent (the
present temporary drafts-
man wants to go to his
work in Tinsie if
he is not employed)

2/ Two good draughtsmen
are required in the Shop
to allow the Draftsman
to cope with the designs
required. I found that
some of his references
are ~~from~~ months old
which he cannot answer
because of the inconstancy
of his draughtsman.

Col. Ransom has recently
appointed one good man
in place of one retiring
on 1st April.

3/ The efficiency of the Shop
will be increased when
the Draftsman has the good
draughtsman at command.
