READ—the following papers:—

From G. S. T. HARRIS, Esq., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepak, 24th February 1899, No. 3714.

With reference to G.O., No. 2324 W., dated 13th August 1896, paragraph 3, I have the honour to inform that the Executive Engineer, Coimbatore, states that the light railway lent to that division, in connection with the reclamation work at Ootacamund at a monthly rental of Rs. 80 per month, is no longer required. As the plant is not wanted here, I request that it may be stored at Ootacamund till required for use or else sold by public auction.

Office-note from the Chief Engineer for Irrigation, dated 11th March 1899, No. 96.

The light railway is not likely to be required within a reasonable time.

ORDER—No. 922 W., dated 28th March 1899.

The sale of the light railway referred to in the Consulting Architect's letter read above by public auction at Ootacamund is sanctioned.

2. A reserve price of Rs. 5,000 for the plant should be fixed, and the sale should be widely advertised.

FOR ORDERS.

On the completion of the Periyar Project, the light Railway used there was obtained at a cost of Rs 10,697 for the Govt. brickfields at Madras, but it was subsequently hired to the Coimbatore Division, at Rs 80 a month, for use on the lake reclamation works at Ootacamund.

2. This Railway is no longer required there, & as the Consulting Architect does not want it for the brickfields, he proposes either

- (1) to store it Ootacamund till required for use, or
- (2) to sell it by public auction.

There is no likelihood of

of this Railway being
required within any
reasonable time for any
earthwork or irrigation project,
& it is submitted therefore
that it may be sold
^{at an upset price of Rs 5000}
by public auction, at Co-
tacamund, which is a
favourable place for so
doing.
