GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From W. C. DeMORGAN, Esq., M.I.C.E., Executive Engineer in charge, I Circle, to the Chief Engineer, Public Works Department, dated Camp, Amadálavalsa, 9th March 1899, No. 205 G.N.

I have the honour to request that you will be good enough to obtain the sanction of Government to the maintenance of a reserve stock of Rs. 5,000 in the Ganjam division, under paragraph 125, chapter II, Volume I of the Public Works Code.

2. The stock will consist of articles of European manufacture obtained on indent from England agreeably to your memo. No. 2390 C., dated 8th May 1897. Debits for value of these articles are now being received from the General Superintendent, Public Works Stores. The Executive Engineer states that the forecast of these stores was only based on the requirements in general of the previous two years and not with reference to works that were likely to be taken on hand and consequently he proposes with the concurrence of the Examiner, Public Works Accounts, to charge their value to stock.

3. There are also materials surplus from the Suradá reservoir dam, such as painters' stores, Portland cement, &c., valued at Rs. 2,650. These cannot be debited at once to any specific work since it is not known yet on which work they may be used.

4. Under these circumstances, I support the Executive Engineer's proposal to account for the articles mentioned above in a suspense account of stock and request the favour of your approval.

Office-note to the Examiner, P. W. Accounts, dated 15th March 1899, No. 1585 C.
Office-note from the Examiner, P. W. Accounts, dated 18th March 1899, No. 888 B./A.

ORDER—No. 981 W., dated 6th April 1899.

The proposal to maintain a reserve stock of Rs. 5,000 in the Ganjam division is sanctioned. This limit should be reduced to Rs. 2,500, as soon as the surplus materials from the Suradá reservoir dam are utilised on works.
