South Indian Railway

Extract from letter from the Managing Director to the Agent dated London 29th November 1889. No 792.

Remuneration for Working the Nellore Branch.

In reply to the reference under this head in your letter No 784, 15th October, 1889, and with regard to the Draft agreement forwarded with your letter No 781, 24th September, 1889, I am desired to inform you that in view to the short period Viz to the 31st (December, 1890, for which the Agreement will run, and to the near approach of the time when it is anticipated that a new and more Comprehensive arrangement will be made for the working by the Company of the whole System of Lines now Open, and under Construction. (including the Nellore-Tirupati Branch) - the Directors Consider that any New Agreement for the Working of that Section is unnecessary, the original signed Agreement of 15th September, 1887, being still in force, except so far as varied by the Resolution of the Board which was Conveyed to you in their Letter No 748, 25th January, 1889, which applies only to Clause 13 of that agreement.

As regards the question of accounts arising on the Agreement, inasmuch as Clause 16 of the Agreement

of

of 15th September, 1887 was not varied, nor intended to be, the writing back of the one fourth of the profits of the Nellore Railway Credited in the South Indian Revenue account for last half year appears to have been done under a misapprehension of the state of the Case.

GOVERNMENT OF INDIA.
PUBLIC WORKS DEPARTMENT.
RAILWAY Traffic.

To
The Joint Secretary to the Government of
Madras, (Railway Branch),
Public Works Department.

C. S.
10. 3.

Calcutta, the 3rd March 1890.

Sir,

I am directed to acknowledge the receipt of your docket No. 41 R. dated the 11th January 1890, forwarding for the orders of the Government of India copies of correspondence relative to the conditions for the working of the Nellore Branch of the Villupuram - Dharmaveram State Railway by the South Indian Railway Company.

2. In reply, I am to say that, though this may not have been sufficiently clearly expressed, it was the intention of the Government of India to accept only the terms laid down in Public Works

Works Department letter No. 0425 R.T. dated the 3rd April 1889 and to withdraw the condition as to the payment to the Company of ¼ of the net earnings of the Branch. This was, however, clearly indicated by the draft agreement forwarded with Public Works Department letter No. 360 R.T., dated 25th July 1889, which contained no clause as to the Company receiving a share of the net earnings as a bonus for working.

3. As the Board of Directors of the South Indian Railway Company appear to have overlooked the change noted in paragraph 2, and as that modification was not specially referred to in the Public Works Department letters quoted, the Government of India, if the Board of Directors desires to press the matter, will not insist upon the bonus for working being withdrawn during the currency of the present contract. But it should be understood that its continuance must not be considered as a precedent for future arrangements, because the intention of the Government of India was to stop the payment of any share of the net earnings to the Company's account, and in any future working lease no condition requiring such payments will be accepted.

4. In these circumstances, more especially as the net financial result to the Company in the present case will be the same whether the bonus is continued or withdrawn, I am to inquire if the Company desires to press for its continuance. The Government of India would prefer its discontinuance as in several recent instances it has declined to pay any such bonus to working Companies and intends to discontinue them universally in future.

I have the honour to be,
Sir,
Your most obedient Servant,

M. Blackeney Major, R.E.

Under-Secretary.

Sir, papers are at office please see the accompanying chit

Sir,

In continuation of my letter No. 587 of the 26th ultimo, I send you below an extract from Managing Directors letter No. 813 dated 25th ultimo.

"Nellore Branch - working agreement.

"The Directors have considered the remarks "under this head in your letter No. 807, 25th March "1890, forwarding copy of G.O. No. 1460 C, dated "17th March, along with your telegram dated "14th April, 1890, in which you request instructions "as to the payment of the one fourth of the net "earnings of the Branch, which it was agreed should "be allowed to the Company as their remuneration "for managing and working the State Railway. "Clause 16 of agreement of 15th September, 1887.

"Although the matter is not one of large "importance the Board feel a difficulty in "Consenting to waive the payment in question which

would

"would amount to a cancellation of one of the condi-"tions of a formal agreement. Moreover the percentage "rate on which the Branch is worked does not necess-"arily or even probably cover the actual cost, without "the addition of the one fourth of the net earnings refer-"red to. The Directors would therefore under all "the circumstances of the case prefer that the "agreement should run as it at present stands "for the short period up to the end of the current "year when new arrangements will be entered "into."
