

19TH JUNE 1890, No. 855 R., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Railway.

Read the following paper:—

From the Consulting Engineer for Railways, dated Madras, 13th June 1890, No. 412.
From the Agent and Manager, Madras Railway Company, dated Madras, 16th May 1890,
No. E. 97/550, with enclosures.

Submitted for the sanction of Government.

2. The Agent and Manager, Madras Railway, submits for sanction an estimate, amounting to Rs. 20,857, chargeable in the proportion of Rs. 16,361 to Capital and Rs. 4,496 to Revenue, of the cost of alterations, additions, &c., at Jalárpét station.

3. In consequence of the very heavy traffic dealt with at Jalárpét owing to the rapid extension of the Mysore Gold Fields, and the opening of the Southern Mahratta Railway, the present siding accommodation is quite inadequate. There are now eighteen regular trains working to and from Madras, six trains to and from Salem, and ten trains to and from Bangalore, all of which break up and reform at Jalárpét.

4. The work proposed to be done under the present estimate forms portion of a comprehensive scheme which will be proceeded with as funds permit. The proposals now put forward embrace the taking up and relaying of 3,388 yards, and the addition of 853 yards of permanent-way; the removal of the weigh-bridge, and goods shed; the extension of a double 6-feet rail girder bridge; the provision of a goods platform and four disc signals; and the widening of a portion of the passenger platform. These works will greatly improve the approach on the Bangalore side, where no shunting can now be carried out without blocking the main line. At present the whole of the standing lines in this portion of the yard take off directly from the main line. This undesirable arrangement will be remedied in the new scheme, which will, it is hoped, result in a reduction in the number of derailments. The additional lines between the Bangalore Branch and the main line, at the west of the station, are part of a number of sidings which will eventually be converted into a "gridiron."

5. A provision of Rs. 6,230 under item 69 and Rs. 224 under item 20 has been made in the budget for 1890-91. The estimate is recommended for sanction.

ORDER—dated 19th June 1890, No. 855 R., Public Works.

Sanctioned.

2. This sanction has been registered as No. 7 R. of 1890-91

Read the following:—

Letter from Engineer in Chief
East Coast Railway survey
No. 723 of 18 May '90

FOR ORDERS.

I am unable to trace that
any notification has ever
been published in the Gazette
with regard to the East Coast
Railway Survey.

Under part II section
4 of Act 10 of 1870 (the
Land acquisition act) this
appears necessary, and
under section 52 part VIII
this notification empowers
the District Magistrate to
punish offenders.

To

The Chief Engineer
East Coast Railway
Waltair

Sir,

In reply to your No 679 dated 12th Instant,
I have the honor to ask under what Act
or Regulations the Railway Survey conducts
its operations, and if under the Land
Acquisition Act (No I of 1870) where the
necessary notifications were published.
There must be some enactment which
gives you the necessary powers but I
am unable to trace it.

I have the honor to be
Sir,

Your most obedient servant
