Note.

To C

It is proposed to construct two almirahs for the safe custody of records, and at Madras, connected with the R Branch, the Estimate for which is herewith forwarded.—

The favour of C's opinion is requested as to the competency of E. R, in the capacity of Chief Engineer, to sanction the outlay under para 829 of the Madras P. W. D. Code.—

To E.R.

I think "the Chief Engineer" in para 829 of the P.W. code means Chief Engineer P.W.D, but if you think otherwise, it would be as well for you to refer the question for orders.

2. If you prefer it, however, the establishment being imperial, I will be guided by the Government of India Code volume I, chapter VI, para 10 under which sanction of Local Government in the Railway Department will be necessary.

NOTE.

It is proposed to construct two almirahs, one at Madras and the other at Cuttack, for the safe custody of certain records in the Railway Branch of the P.W. Secretariat owing to the large increase in correspondence in connection with the East Coast Railway Survey and Vellinpuram - Guntakal State and Vellinpuram Railway.

An estimate (with plan) amounting to Rs 50 for the almirah for Madras is submitted for the sanction of Government. That for the almirah to be made at Cuttack will be prepared and submitted for sanction there.

What did the similar Sized one at Madras cost? I think only 35 or 40. If so it would be better to make them ourselves

NOTE.

With reference to the notes attached to G.O. No: 152 R dated 27th January 1890, an estimate (with tracing) for the construction locally of an almirah for the Railway Branch of the P.W. Secretariat, is submitted amounting to Rs 93 which is considered excessive as compared with the estimate amounting to Rs 50 which was sanctioned for making a similar almirah at Madras. It is proposed to have the almirah made at Madras for Rs 50 and sent up here, to which sanction is solicited.

Approved, if this course is cheapest. I leave the matter to P.W.
