Public Works Department Resolution No.1902-17R., dated 16th June 1877.
Do. Circular No. 13 Railway, dated 28th June 1879.
Do. Nos. 3153-64, dated 28th July 1879.

RESOLUTION.—In accordance with existing orders, the information required to be furnished to the Government of India in connection with feeder roads to railways is plotted on "Sheets of the Sketch Map of India" obtainable from the Surveyor General. As this map has, however, been superseded by a new map to the same scale (32 miles to an inch) recently published by the Surveyor General, the Governor General in Council is pleased to direct that in future the information should be submitted on the prescribed date (1st August of each year) on this new map of India. His Excellency also notices that the system of references to various classes of roads previously laid down has in some cases been misunderstood. A new reference sheet is, therefore, enclosed with spare copies, one of which should be pasted on the map before submission to this office. Additional copies of the reference sheet can be obtained when required on application.

ORDER.—Ordered, that this Resolution be communicated to the Governments, Administrations, and officers marginally noted, for information and guidance.

The Governments of Madras, Bombay, Bengal, North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Assam, and British Burma.
The Resident, Hyderabad.
The Agents to the Governor General for Central India, Rajputana and Biluchistan.

SIR,

IN continuation of Public Works Department Resolution No. 204-R.E., dated the 23rd March 1888, I am directed to say that the word "State" in the heading to the Appendix to the Resolution should have been omitted, and that, except where otherwise stated, the returns enumerated in the Appendix should be transmitted for all railways.

2. I am also to request that the Narrative Progress Reports, Form A, may be included in the list of monthly returns to be submitted to the Director General of Railways.

3. A revised appendix embodying these alterations is attached and should be substituted for the one previously issued.

I have the honour to be,

SIR,
