REVENUE DEPARTMENT.

READ—again the following G.O., dated 7th October 1889, No. 6418, Mis., Revenue:—

Read—the following letter from the Consulting Engineer for Railways, Bombay, to the Consulting Engineer for Railways, Madras, dated Bombay, 12th September 1889, No. 6681 :—

I have the honor to forward copy of a letter from the Agent and Chief Engineer, Southern Mahratta Railway Company, No. 1425, dated 3rd instant, and accompaniments, regarding a piece of land at Guntakal junction which is required for a church and school and to request the favor of necessary orders being issued thereon. The land referred to is only in temporary occupation of the Southern Mahratta Railway Company.

ENCLOSURE No. 1.

From the Agent and Chief Engineer, Southern Mahratta Railway Company, to the Consulting Engineer for Railways, Bombay, dated 3rd September 1889, No. 1425.

[*Land to be relinquished at Guntakal.*]

I have the honor to forward (in duplicate) land plans and schedules No. 50-A of the 1st mile, Bellary-Kistna State Railway, Guntakal division, with a copy of letter, dated 18th March 1889, from Mr. E. Lewis, and request the favor of your according sanction to the relinquishment of a piece of land pointed out.

The proposed site is a good one for the church and school, and the ground is not likely to be required by the Railway Company.

ENCLOSURE No. 2.

From the Rev. E. LEWIS, to the Agent and Manager, Southern Mahratta Railway, dated
Bellary, 18th March 1889.

I have the honor to ask if you will be good enough to inform me whether you will require, for the use of the company, the piece of land marked "proposed site for church and school" in the accompanying sketch at the Guntakal junction. I want, without delay, to erect a church and school room, both of which will be for the use of the railway employes and their families. The piece of land marked will admirably suit for the buildings, being near the houses of the people, and, I believe, I shall be able to secure the land from the local authorities if you do not require it and I have a statement from you to that effect to put in with my application for the grant.

The Collector of Anantapur is requested to submit his opinion on the proposal as
soon as possible.Letter from W. G. UNDERWOOD, Esq., Collector of Anantapur, to the Secre-
tary to the Commissioners of Land Revenue, dated Anantapur, 1st March
1890, B.R. No. 11.

With reference to Board's reference on Government Register No. 2126 of 1889,

* As per schedule ...	A. K. V.	I have the honor to state that, though the
„ Revenue Inspector's mea-	2 3 0	extent (A. 2. K. 2. V. 10) * of land at Gun-
surement ...	2 2 10	takal junction applied for by the Rev. Mr.

Lewis on behalf of the London Mission for a church and school, is at present in the occupation of the Southern Mahratta Rail-
way Company, yet only K. 30. V. 9 of it was acquired for the railway purposes and formally made over to the company, and the remaining extent of A.1. K.12. V.1, which forms part of temple service inam, is reported to have been taken possession of by the company without permission and without settlement of compensation. The inamdar consents to part with it on condition of his being granted an equal extent of land out of Government waste in the same village. A compensation statement containing these proposals is submitted for sanction. The whole extent comes under B-class land and as the company wishes to relinquish it, it may be handed over to the London Mission on condition of its making good the amount of compensation paid by Govern-
ment in acquiring the K. 30. V. 9 of it referred to above in addition to the payment of

an annual assessment on the total extent to be taken up by the Mission Society. The amount of compensation paid in acquiring the said piece of land will be duly ascer-
tained and reported shortly.

Official memorandum from Government, Revenue Department, dated 10th March
1890, No. 64-R.

Resolution—dated 24th March 1890, No. 1975, Mis.

The papers will be submitted to Government with reference to endorsement,
No. 6418, dated 7th October 1889.

2. The land applied for is a temple service inam and consists of two portions, one (A) which has been regularly acquired and paid for and one (B) which is an encroachment. The inamdar consents to receive a piece of waste land in exchange for (B), and the Collector proposes to assign the whole of the land, when relinquished by the Railway Company, on patta, to the missionary applying for it, on payment by him of the amount for which the portion (A) was originally acquired. This amount is not known, but the Collector promises to ascertain it and report again. The Board sees no objection to the case being treated as a special one on a patta being granted as the Collector suggests. It should, however, be a condition of the grant to be entered in his patta that the land shall not be used for any other purpose than the erection of a church and school and of the necessary attached buildings, such as schoolmaster's residence.

Under instructions from the Collector of this district, I have the honor to forward herewith copies of the marginally-noted papers* in regard to the land applied for by you for a church and school at the Guntakal junction and to request that you will be so kind as to let me know, as early as practicable, whether you would agree to the conditions therein proposed. The land applied for comprises portions of two fields † bearing Nos. 110 and 111, of which the former is a temple service inam, and the latter, which had formed part of a patta land, was acquired by the Railway Company on payment to the owner of compensation amounting to Rs. 13-6-0. The temple service inam has to be acquired by giving the worshipper of the temple another Government waste land in exchange and also by paying him Rs. 13 to meet the cost incurred by him in rendering the said inam land fit for cultivation. I have given the above particulars so that you might know what amount you will have to pay in the event of your agreeing to the conditions proposed by the Board and Government.
