No 890 Print

South Indian Railway,
AGENT'S OFFICE,

TRICHINOPOLY, 23rd June 1890.

From

The AGENT,
SOUTH INDIAN RAILWAY,

To

The CONSULTING ENGINEER FOR RAILWAYS,
MADRAS.

Sir,

In continuation of my letter No 764 of the 29th Ultimo I have to state that the Vellore Branch of the Villupuram Gudalur State Railway has been worked by rolling Stock belonging to the State.

Under clause 13(b) of the agreement of 15th September 87 for the working of this Branch the South Indian Railway Company is entitled to receive five per cent of the gross receipts of the Branch for the provision of rolling Stock.

Rolling Stock for working the Branch has been found by the State & no remuneration has therefore been allowed on this account as the South Indian Railway Company will cease to exist at the end of this year I think it is hardly worth while now to alter the existing arrangement, viz, the finding by the State of rolling Stock - hence the proposal contained in my letter above quoted. If a transfer of the value of the Stock now working in the Branch

be now made, the ownership of the Stock would have to be re-transferred on the 31st Dec. 189 .

All the rolling Stock which is being Constructed for the working of the main line of the Villupuram Gentakal State Railway has been supplied by the State.

I am

Sir

Your most obedt. Servant

William Robertson

Submitted to Government with reference to its proceedings No. 2007 C, dated 24th April 1890 (herewith returned), and for transmission to the Government of India, in continuation of the South Indian Railway Agent's No. 1099, dated 28th August 1889, embodied in G. O. No. 1001 R, dated 18th September 1889.

2. The Agent, South

Indian Railway suggests that as the rolling stock on the Cuddapah Nellore State Railway has not been transferred to the South Indian Railway Company, that such transfer is now scarcely necessary considering the company will cease to exist at the end of this year.

I presume him this won't do. If it has not been transferred, what has been done with it. I suppose it is in use on the line. If so it will to diminish the rolling stock supplied by the S.I.R. and a charge has accordingly to be made for it, or for the use of it. Please explain further

The further letter from the agent No 890 of 23rd June will I think explain fully the points brought to notice by the Hon'ble Member.
