From C. VINCENT, Esq., Under-Secretary to the Government of India, Public Works Department (Civil Works—Telegraph), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 7th July 1890, No. 214 T.

Registered abbreviated Telegraphic Addresses for Officials at the India Office and other Officers of Her Majesty's Government in London.

I am directed to invite your attention to Public Works Department letter No. 163 T., dated the 13th July 1888, to the address of the Director-General of Telegraphs, on the subject of registered abbreviated telegraphic addresses for officials at the India Office and other branches of Her Majesty's Government in England. A copy of that letter was forwarded to you under cover of Public Works Department docket No. 164 T., dated the 13th idem.

2. Her Majesty's Secretary of State for India has recently brought to the notice of the Government of India that a telegram intended for an official at the India Office was received with an address which is not included in the list of abbreviated addresses registered at that office, and has desired the Government of India to issue strict orders that all telegraphic messages intended for officials at the India Office shall be addressed to the Secretary of State by means of one of the four registered addresses only. A list of these addresses, as also the instructions for addressing telegrams intended for the officials at the India Office other than the Secretary of State and for other officers in London, will be found on page iii of part I of the third edition of the Word-Code for Foreign State telegrams, and I am to request that no deviation from these instructions may on any account whatsoever be allowed to occur.

3. I am to ask that a copy of this circular letter may be communicated to the officers under your orders, who are privileged to use the Word-Code for Foreign State telegrams. A list of these officers will be found on pages V to IX of part I of the Word-Code.
