

6TH SEPTEMBER 1890, No. 1329 R., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Railway.

Read again the following paper :—

G.O., dated 5th September 1890, No. 1323 R., Public Works.

Read also the following papers :—

Telegram from the Joint Secretary to the Government of Madras, Public Works Department, Railway Branch, to the Engineer-in-Chief, East Coast Railway Survey, dated 21st July 1890.

Please send as soon as possible index plan proposed East Coast Railway showing position of stations.

Telegram to the Engineer-in-Chief, East Coast Railway Survey, dated 28th August 1890.

Telegram from the Engineer-in-Chief, East Coast Railway Survey, to the Joint Secretary to the Government of Madras, Public Works Department, Railway Branch, dated Vizagapatam, 1st September 1890.

Owing pressure of work index plans delayed. Will go end of this week.

Telegram from the same Officer, dated Vizagapatam, 1st September 1890.

Ten miles land plans will be sent end of week to each of the Collectors, Kistna, Godáviri and Vizagapatam, and others will follow weekly to keep Deputy Collectors continuously employed.

Telegram from the Joint Secretary to the Government of Madras, Public Works Department, Railway Branch, to the Collectors of Kistna, Godáviri and Vizagapatam, dated 4th September 1890.

Chief Engineer, East Coast Railway, will send you land plans for 10 miles of East Coast Railway line in your district at end of this week. Government will send you index plan of whole line in your district in few days. Examine latter carefully. If you see no objections to alignment proposed wire accordingly. If you do, write at once fully your objections and defer action on land plans if they are affected by your objections until further orders. If land plans not so affected take up land without delay. Treat this matter as most emergent.

ORDER—dated 6th September 1890, No. 1329 R., Public Works.

Communicated to the Revenue Department in continuation of Proceedings,
No. 1323 R., dated 5th September 1890.

SEPTEMBER.

East Coast Railway

Telegrams to the Collectors of Kistna, Godávári and Vizagapatam sending instructions for taking up land for the —, communicated to the Consulting Engineer for Railways.

PUBLIC WORKS SECRETARIAT,
RAILWAY BRANCH.

Station Potacummun date 14th July 1890.

NOTE.

I think the Engineer.
in Chief East Coast Railway
Survey should be asked to send
in an index plan of the East
Coast Railway showing the location
proposed for the line and the
general position of the stations
in order that reference may
be made to the Collectors of
districts to ascertain that
the proposals made are suited
to the requirements of the
districts..

This reference will probably have to be made eventually and much time will be saved by making it early.

Wm. L. Libol. Dr.
Off. J. Secy. to Govt. P. W. S. Ry. Broom

Hon. Secy of the Interior

its views before the alignement was finally sanctioned -

About the land blanc - If we refuse to take up the land before the end of December, we have secured the land blanc in due time & Commenced the Collection Commencement of the we should probably delay the Construction of the East Coast railway by several months; but on the other hand if we sanction the land being taken up we may acquire an alignement which does not serve the needs of the Country. It would probably be best to write to each collector telling him to take up the land if he is satisfied that the alignement chosen fairly satisfies the necessities of the Country for a trade and revenue point of view and if he is not so satisfied to refer the matter to East. by wire -

The Secy of State we know is pressing the East of India to make better progress with the railway and if we cause any delays there are not absolutely necessary we should have the Secretary of State down upon us -

Sh

FOR ORDERS.

no objection ^{to} be taken. May the reply be given, if there are no objections, & with shops if there are any, specifying them. A letter by me for Mr. ~~Stewart~~ Vigg. wrote to Mr. ~~Stewart~~ as in Kistna - it is hardly likely that an objection to the alignment will be taken in the first 10 miles in the District of Mysore -

The land plan is for District of Chit. - In District of Mysore we are to look of the land:

Chief Secy. E.C. R. with land 10 miles of E.C. line in your land plan for R. line in District of Chit. - Got with about of this work. Got with land plan of line in District in few days - Examine the carefully - If you see no objection to the alignment proposed wire accordingly. If you do write at once fully of objections & deputation on land plan ~~to~~ if the no objection by District with further order. I should please not so affected to be upland with delay. That this matter is not urgent. Shy

Wca

The Dis^t officer who first of
knew the containing he con-
-sulted before the dispatch of
the rail way officer. The best
plan, it seems to me, will be
to send a copy of the rider
plan (or if the rider takes
time the rider plan itself)
to each of the 3 Collectors of
Kistna, Godavari & Vijaya-
pura. There is no
objection to the lines chosen in
each of these Div^s - Kistna
the other 2 plan first & then
send it on within 40 hours
of 29/8. to Godavari & the in
of 3/9 to Vijaya - Probably
of 10/9

Artists at the head of their work
In (2) he says he is seeing the indef-
inite of the Railway which we asked for
on 27th July at the time of my work also

So far as I know no official in
the Readers Presidency has been
consulted as to whether the paper alignment
has been chosen or not. And if Austin
is now going to take up the land then
will subsequently be used in consulting
any one as the alignment will then be
he definitely settled -

There can be no doubt that the District
Officers need the Earl of ~~London~~ Londoners should
have been consulted and we certainly
wrote to the Earl of London asking them
about the Earl of Londoners might be selected
to ~~express~~ its own opportunity of expressing
