TO THE BOARD OF REVENUE

P. W. Railway Branch
Madras.

SIR,

In reply to your no. 652 P dated 20th August, I have the honor to inform you that in compliance with your telegram of the - August and with the special representations of the Engineers of the East Coast Railway, I have been personally arranging for the transfer to the Kistna Bridge Engineers the land they require to begin operations. 2. Over 200 acres of land I have obtained and handed over with the consent of the owners without the delay of Gazette notice under the Land Acquisition Act.

of the village of Pitanaagaram which unfortunately lies just where the Bridge works and camp will be located. I have made a reference to find out whether this acquisition can be ^{thus} avoided, but am informed ^{it is} inevitable. I have accordingly submitted the Gazette notification to Government for publication. I have also explained matters personally to the villagers who are naturally reluctant to leave their village and with whose reluctance I fully sympathize. The public necessity must override private wishes, but I propose to award liberal compensation and in addition to the value of the buildings, I intend — the suggestion was indeed made by the resident Engineer — to pay each ousted houseowner a sum as house-rent which will enable him to hire other quarters

he can build himself a new house. This will do much to reconcile the residents to the change.
4. As the Gazette notification has not yet been issued, no details have been arranged or time fixed for vacating the houses. The Engineers are urgent in the matter and after the notice has been issued, I may be able to get the houses vacated by the beginning of October. The temples will not be touched.

I have the honor to be,
Sir,
your most obedient servant

M. Arnold
