GOVERNMENT OF MADRAS.

Read again the following papers :—

G.O., dated 11th January 1889, Nos. 30-31 R., Public Works.

From the Consulting Engineer for Railways, dated Madras, 13th December 1888, No. 432.

Letter from the Agent and Manager, Madras Railway, dated 22nd Nov. 1888, No. 1285.

Submitted for the consideration of Government and, if approved, for the sanction of the Government of India.

2. The Agent and Manager submits an estimate, amounting to Rs. 11,325, chargeable to Capital, for a school-house at Perambúr.

3. The Agent and Manager writing to his Board thus described the necessity for the additional accommodation now asked for—

"The Railway school at present existing at Perambúr has for some time past been conducted in two small houses, to which recently has been added a third, in consequence of the large increase in the number of pupils. The arrangement is inconvenient and the accommodation provided even now is so insufficient as to render necessary the refusal of a number of pupils who wish to join the school.

"The Board are aware that good and commodious school-houses have been provided at other stations on the line, and there seems to be no doubt that sufficient and proper accommodation in this respect should now be provided at Perambúr."

4. The old staff bungalows hitherto devoted to the school are known to be in every way unsuitable and will, if this estimate be sanctioned, revert to their original use as quarters for workpeople.

5. The last report shows that the number of pupils for whom school accommodation is necessary has reached 75; and, as above stated, children are now refused admittance.

6. I strongly support the Agent's proposal, which has the approval of the Board of Directors.

Order—dated 11th January 1889, No. 30 R., Public Works.

Approved and ordered to be forwarded for the sanction of the Government of India.

G.O., dated 16th May 1889, Nos. 555-56 R., Public Works.

From the Consulting Engineer for Railways, dated Madras, 7th May 1889, No. 225.

From the Agent and Manager, Madras Railway Company, to the Consulting Engineer for Railways, dated Madras, 4th May 1889, No. 4439-221/516.

In continuation of my letter No. 1285 of the 22nd November last, forwarding a revised estimate of the cost of constructing a school-room, &c., at Perambúr, together with a statement of allocation dealing with the school-house only, I have the honor to state the school manager at Perambúr writes to me as follows :—

"The building at present used is insufferably hot and close, and when packed as it is, by the large number of children now on the rolls, it is so much so as to be in my opinion, highly unhealthy. The construction of the tiffin-room has, as you are aware, been sanctioned, but the school, which is quite as much needed, if not indeed more so, is still, I believe, before Government. If anything could be done to expedite this work, I would venture to press its claims very strongly."

2. I shall therefore be obliged if you will kindly communicate to me the sanction of Government for the construction of the proposed school-room.

Submitted to Government in continuation of this office endorsement No. 432, dated 13th December 1888.

Order—dated 16th May 1889, No. 555 R., Public Works.

Ordered to be forwarded to the Government of India in continuation of Proceedings of this Government, Nos. 30-31 R., dated 11th January 1889.

I am directed to acknowledge the receipt of your No. 31 R., dated 11th January 1889, forwarding for sanction an estimate, amounting to Rs. 11,325, chargeable to the Capital Account of the Madras Railway, for a new Railway school-house at Perambúr.

2. In reply, I am directed to communicate the sanction of the Government of India to the estimate ; but, as regards the proposed charge to Capital, I am to say that the Government of India considers that the amount should be debited to the Revenue Account of the Madras Railway.

3. This sanction has been registered as No. 1 R., Madras Railway of 1889.
