MADRAS,
6th November 1890.

(Signed) T. GRACEY, Lieut.-Colonel, R.E.,
Offg. Consulting Engineer for Railways.

Submitted to Government, for transmission to the Government of India, with reference to its Circular No. XXXIII, dated 5th October 1880, embodied in G.O., No. 2479 W., dated 28th idem.

2. *Control.*—The Six Months' Estimate for the year 1890-91 thus compares with the sanctioned budget:—

	Actuals for 1889-90.	Budget estimate for 1890-91.	Six months' estimate for 1890-91.
	RS.	RS.	RS.
Office of the Consulting Engineer for Railways ...	86,699	89,198	62,052
Do. Examiner of Railway Accounts ...	45,124	47,802	47,492

3. Compared with the sanctioned budget, the six months' estimate for the office of the Consulting Engineer for Railways shows a decrease of Rs. 27,146, due (1) to the lower rate of pay drawn by the Officiating Consulting Engineer, who is a Superintending Engineer, 2nd class, from 4th July, provision being made in the budget for a Chief Engineer, 2nd class. For the period from 24th March to 3rd July 1890 acting allowances, amounting to Rs. 598, were drawn by the Deputy Consulting Engineer, whilst Officiating as Consulting Engineer (Rs. 10,951); (2) to no officer being appointed to the place of Executive Engineer, 1st grade, for whom provision has been made (Rs. 17,163); (3) to a reduction in the travelling allowance (Rs. 1,500); and (4) office contingencies (Rs. 300). Against the above there is an increase of (*a*)

Rs. 2,676 due to the promotion of the extra Deputy Consulting Engineer to Executive Engineer, 4th grade, and the rank of Captain, and (*b*) an increase of Rs. 92 due mainly to certain clerks drawing the Ootacamund allowance for six months instead of five as provided for in the budget.

4. One of the clerks in the III class, 3rd grade, having died during August 1890, it was thought desirable to entertain two IV class, 2nd grade, clerks in lieu of one IV class, 3rd grade, on account of the large increase of copying work in the office.

5. The necessary proposition statement will be submitted with the budget estimate for the ensuing official year.

6. The accompanying letter No. 1625, dated 4th November 1890, from the Examiner of Railway Accounts, explains the variation in the estimate for his office.

7. *Land.*—The Six Months' Estimate will stand thus:—

ENCLOSURES.

From the Examiner, Guaranteed Railway Accounts, Madras, to the Consulting Engineer for Railways, dated Madras, 4th November 1890, No. 1625.

With reference to your office note No. 2318, dated 16th ultimo, I have the honor to forward herewith the Six Months' Estimate of the cost of this office for 1890-91 and to offer the following remarks.

2. The Six Months' Estimate, as now submitted, shows a net decrease of Rs. 310 over the budget estimate of the current year. Under accountants, the decrease is due to the transfer of a 4th-grade accountant to the office of the Accountant-General, Public Works Department, Simla, counterbalanced, on the other hand, by the transfer, temporarily for about 2½ months in the year, of a 2nd-grade accountant from the office of Examiner of Public Works Accounts, Rajputana and Central India, to this office. The increase under travelling allowances is due to the heavy mileage allowances drawn by the Examiner at Trichinopoly on account of his inspection on the unopen sections of the Villupuram-Guntakal State Railway and also to the travelling allowances drawn by the 2nd-grade accountant, referred to above, owing to his transfer from Central India to Madras.

3. The provision under Examiner may require modification. It provides for my own pay as at present. I have, however, applied for furlough from the end of December next, but it is not yet known what will be the pay of my successor, and until this is known, it is not feasible to make any accurate estimate.
