Revenue Department Proceedings of the Madras Government

Read the following letter from the Superintendent of Census Operations dated 1st December 1890 No 519.

" After consulting with the Collectors of Buddapah and Anantapur, I have the honor to make the following proposals for taking the census on Railways under construction:-

(1) All employees living in houses should be enumerated by the enumerator of the block in which they reside.

(2) Other employees such as officers living in tents or temporarily absent from their houses, gangs of labourers encamped on the works &c should be enumerated by the Railway staff.

(3) The railway staff should indent upon the Collector of the district for the Schedules and other forms required.

(4) The returns for each district must be kept distinct and must be sent direct to the Collector of the district as soon as the census is completed.

2. If the Government approves of these proposals, I beg that very early orders may be issued from the Public Works Dept (Ry) to the Engineer-in-chief of the East Coast Railway and the Chief Engineer of the South Indian Railway.

3. I am sending a copy of this letter to each of those officers Tanjore, S. Arcot, N. Arcot, Buddapah, Anantapur, Krishna, Godavari, Vizagapatnam, Ganjam and to the Collectors of the districts noted on the margin. It would therefore be sufficient if the proposals are approved to telegraph to that effect to the two Engineer officers in question and this would save much time.

Order thereon 6th December 1890 No 7513.

Approved and transferred to the P.W. Dept (Ry Branch) for the issue of the necessary instructions to the Engineer-in-chief, East Coast Railway and the Chief Engineer, South Indian Railway
(True Extract)
