Most Respected Sir
 I beg to represent that I presented a petition
 to your Lordship that I had sustained a
 great loss by granting mercy pension
 compulsarily taking my application on
 the pretext that I had completed 25 years
 service and then your Lordship gave
 endorsement on the 7th December 1882 that
 my case had been referred for trial to the chief
 Secretary and again your Lordship
 gave endorsement on 4th ordering that I should

submit the matter to your Lordship with
endorsements after first presenting petitions
to the collector and the Revenue Board.
2. When I was in Palnad
Talug, I presented a petition to the Collector
with a medical certificate that the climate
was not at all agreeable to my constitution
and so that I should either be transferred to
some sea coast Talug if my service was
not completed or recommended one for half
pension if it was completed. The Tahsildar
of Palnad issued gadasts on the 6th September
1879, that the collector held a proceedings
No 1974 of 2nd August 1879 that 38 days
service were still wanting to complete the
service for 2 pension and if I were compe-
tent for a Gumastah's post I might be so
transferred and the collector again issued
a Hukum No 2024 of 1st September 1879
that I was transferred as 1st class Revenue
Inspector, Chikonda Talug. It will be
shown to your Lordship that 38 days
were still wanting up to 1st September 1879
for half pension and that I served till

17
the shore (as till the 1st March 1880.
3. At Chikonda I received the above Hukum,
which I received in Chikonda Talug, and was compelled
to resign my post as my service was complete
for half pension.
4. Thereon, I applied to the Revenue
Board enclosing the endorsement of the
Collector to whom I petitioned with all the
above grounds and he endorsed that I should
learn that the higher authorities sanctioned for
1/2 pension.
The collector endorsed on the 16th August
1882 that the Board of Revenue have issued
a proceedings that I was under the rules,
eligible only for 1/2 pension. By which it will
be evident that the Board of Revenue had
not fully considered my case.
I submitted a petition to your
Lordship with the copies of all the above and
not without first representing to the collector
and the Board of Revenue. The endorsement
of the former was retained with the latter.
I enclosed hereto the order of the Deputy
Collector, which shows that no separate

19
document was given by the Board of Revenue.
As the collector and the Deputy Collector ordered
that 38 days only were still lacking to the full
service of 25 years, I served six months more.
I, being a Mahomedan, having none to look
for help, was obliged to give up my post by
the Gadasts Nos 6167 and 6534. If it were
known to me that my service was not
completed, I would have served some time
more, as I was still strong enough to
perform the duties. Now I am only 54 years
old. I sustained a great loss by then.
Deputy Collectors inducing me to
resign my post on the plea that my service
was full. Copies of Hukams Nos 28866/7, 6534/67
are herein enclosed for your Lordship's
perusal. For all the foregoing grounds
I pray your Lordship to consider how I
was misled when the service was not
completed was completed by my superiors
and grant me a pension or order to
make up the remaining service.

which act of charity, I, as in duty bound,
shall ever pray.

I beg to subscribe myself

Note

Petitioner was invalided, &
granted a $\frac{1}{3}$ rd pension by
Co. 4th July 1881 no: 612. He says
he was compulsorily retired on
the understanding that he
had completed service for
~~III~~ a $\frac{1}{2}$ pension. There is nothing
to prove this but his assertion
though very probably it was as he stated
it is presumed Gov. will not
re-open the case, as he was
certified permanently & completely
incapacitated, whatever led
to his being sent before a doctor

Co. 6th Dec 1883 N^o 1095

The petitioner was granted the
full amount of retiring allowance
due to him & the order passed
in his case cannot be reconsidered.
