This is the final Medical
Report in the case of Mr. Fuzam Ali
Sahib, Assistant to the Government
Agent, Cherpauk, who was reported by
the Agent so far back as January last
to be unfit for the discharge of his duties
which necessitated the full possession
of physical as well as mental faculties.
Colonel Baynes found himself unable

to carry on the duties of the Agency with the assistance of Mir Husain Ali Sahib in his then condition described by the Surgeon, 4th District, in his Certificate of 10th January 1882 to be 'partial paralysis of the lower extremities'.

2. The subsequent correspondence on the medical aspects of the case shows that in granting in July last an extension of leave J^r Porter observed that it was 'not probable that the patient might recover'. It is now certified that 'he is suffering from an incurable form of paralysis (locomotor ataxia) which will always interfere with his power of walking'. Possible improvement in general health so far as to quite fit him for scriptural work is hoped for 'but he will never be fit to move about actively'.

3. In these circumstances as it has

has been positively stated by Colonel Baynes that the successful conduct of his office requires that his Assistant should render active service, the medical Committee will have no difficulty in signing the required Certificate. With reference therefore to his shattered health and the general grounds which induced Government to direct that Mir Husain Ali should be called on to send in his papers, the Government consider that no further time should be lost in giving effect to that decision. The conduct of the Assistant Government Agent does not call for any exceptionally favorable treatment, and sufficient forbearance has already been shown.
