Petition from Mr. L. D'ROZARIO, late Sub-Overseer, Public Works Department, Wynnad Division, Malabar District, dated 31st March 1883.

ABSTRACT.—Appealing to Government for a reconsideration of their Order, dated 31st January 1883, No. 78, Pension, sanctioning a gratuity of Rs. 100 upon the assumption that the term of his service was only five years, two months, and six days, whereas he served Government for nearly twenty-one years; and representing that his services were dispensed with *without* the usual notice being given him; and praying for such relief as the Government might deem meet, and the circumstances herein detailed might demand.

No. 30.

Referred to the Examiner of Public Works Accounts for report, whether, with reference to Section 100, Rule 2, Civil Pension Code, and the note thereto, the petitioner's claim to a gratuity in lieu of notice is sustainable.

From D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Secretary to Government, Pension Department, dated Madras, 9th May 1883, No. 112-X.

In returning the papers received with your endorsement, No. 30, dated the 24th ultimo, I have the honor to state that, as Mr. L. D' Rozario was immediately provided with an employment (though on the Work Establishment) on his services being dispensed with on the 30th April 1880, on reduction of establishment ordered by Government, he will not be entitled to any gratuity in lieu of notice under the ruling contained in letter from the Government of India, Department of Finance, to Government of Bombay, No. 106, dated 10th January 1881, printed at foot of page 46 of the Civil Pension Code.

ORDER—dated 17th May 1883, No. 423, Pension.

For the reason given by the Examiner of Public Works Accounts the petitioner is not entitled to any gratuity in lieu of notice.

I Leonard D Rosario formerly a Sub
Overseer in the Department of Public Works, and
now without employ residing in the Salicut Town
in the District of Malabar, make oath and say
as follows:

1. That I was first entertained in the Depart-
ment of Public Works on the first day of January
1859, as "Superintendent of Carpentry and the
Construction of Bridges and Road Repairs in
North Malabar, and continued as such down to the
year 1864, drawing a salary during that time of
Rupees Fifty for the first one year or thereabouts,
and subsequently of Rupees sixty per month.

2. That whilst holding the said appointment
I was appointed "Head Carpenter, and Superintend-
ent of Road Repairs" in the said District of
Malabar in the year 1864, and continued as such
down to the 23rd day of September 1869 during
which period I drew the said salary of Rupees
Sixty per month.

3. That whilst holding the said last mentioned
appointment I was transferred on the 9th August
1869 to the Sindapin Taluk in South Canara
District as Range Assistant on the Permanent
Establishment.

16
Establishment on a salary of Rupees Thirty five per month.

4. That in the latter end of 1871 in consequence of failing health I applied to the then Superintending Engineer of the Division for a transfer to another locality and was favored with a reply promising compliance with my application in a short time, and that upon renewing my said application I received a Memorandum from the said Superintending Engineer in the month of May 1872 informing me that I was at liberty to resign my post if I chose to do so, and that there were no vacancies in Malabar.

5. That I continued ~~at~~ at my post for two years longer when I was compelled to resign on the 16 March 1874.

6. That on the first September 1874 I was re-entrained in the said Department as Sub Overseer in the Pottayam Taluk on a salary of Rupees Twenty per month, and continued as such until the 15 day of February 1876 when I was transferred to the Porumbunad Taluk as Sub Overseer 3rd grade on a salary of Rupees Twenty five per month.

7. That on being so transferred as aforesaid Lieutenant A. E. Dobson of the Royal Engineers under whose immediate orders I was working at the time delivered to me my Service Register Book which until then had been in his charge.

charge, and desired me to make it over to
Mr. G. Pringle Assistant Engineer under whom
I was then placed, and I say that I accordingly
delivered the said Book into the hands of the
said officer at Bellichering when I waited upon
him for instructions to enter upon my duties.

8 That the said Book contained several
entries as to the nature of the various appoint-
ments I had held until my transfer aforesaid,
and of all other particulars of my service usually
shown in Service Register Books.

9 That I am informed and believe that
the said Book together with the Service
Register Books of certain other Subordinates
was amongst the records delivered over by the
said Mr. Pringle to the charge of the District
Engineer Calicut.

10 That in or about the month of June 1882
I was called upon by the Manager of the District
Engineer's Office Calicut to furnish a Statement
of my service in the Public Works Depart-
ment with a view to my "case being submitted
for the orders of Government" whereupon I applied
to the said Manager for my Service Register

Book

Book which I informed him was amongst
the records of the Office.

11 That the said Manager thereupon re-
membered the circumstance and caused a
search to be made for the said Book but
it was found missing, and the said Manager
and his assistant admitted that the said
Book was lost from the District Engineer's
Office together with the Service Register Books
of certain other Subordinates.

12 And I say that in consequence of the loss
of my Service Register Book as aforesaid, I
have prepared a Statement of my Services from
the records in my possession for the purpose
of grounding my application to the Government
of Madras for a gratuity or pension in considera-
tion of such services for over a period of twenty
years which said Statement is hereto
appended and marked with the Letter A,
and I further say that the entries contained
in the said Statement are substantially
correct and true.

The Humble Memorial of

That your humble Memorialist

ing & pension service of five years, six months, and two
days.
(Signed) J. D. Hill,
Acting Under Secretary to Government.

most respectfully to trouble Your Excellency in Council with a detail of his hard case.

2. In making the above order the Government seem to have been guided by the two papers alluded to therein, and submitted to them by the Superintending Engineer 4th Circle, and the Accountant General, dated respectively the 4th October, and 19th December 1882. What the contents of these papers are, your Memorialist has no means of knowing, but as his case is one which, if laid before Your Excellency in Council in its proper light, would entitle him to a more liberal consideration than the gratuity of a hundred Rupees awarded by the said order, he humbly craves leave to inform Your Excellency in Council, that his services in the Public Works Department extend over a period of upwards of twenty years, whereas the Government, in granting him the said gratuity, have assumed that he has only a "Service of five years, six months, and two days."

3. Your Memorialist was first entertained as a "Superintendent of carpentry, and the construction of Bridges and Road Repairs" in January 1859, and continued as such down to the year 1864. His Service Register Book in which his said, and part of his subsequent services, were duly recorded,

23
recorded, was lost in the District Engineer's office at Calicut. He has deemed it necessary therefore, to substantiate his case by an affidavit duly sworn before the Magistrate of Calicut, which, together with its annexure, is herewith laid before Your Excellency in Council, marked with the Letter A.

True copies of the several testimonials granted to him by his immediate superiors are embodied in the said annexure, and your Memorialist humbly trusts that, in the absence of his Service Register Book, which was lost in the manner more particularly explained in his said affidavit, Your Excellency in Council will deign to do him the justice to accept the said documents as evidence of the nature, and length of his service under Government.

4. That with reference to the said testimonials, your Memorialist submits, that M. K. F. Fordman, the then Assistant Engineer North Malabar certifies, under date the 6th August 1867, that your Memorialist "was employed by him for the last two years as Head Carpenter, and Temporary Superintendent of Road Repairs," adding that he "was a good Carpenter, and a trustworthy Subordinate." In order to show, however, that his services

in the above capacity actually began in 1864, he begs to quote a passage from the testimonial granted to him by Mr. R. Hasler, late Sub Engineer in charge of North Mainad Range, dated 23rd September 1869, wherein that Officer states, that your Memorialist "has been employed since 1864, and that he is an efficient Carpenter, and can superintend the construction of Timber Bridges &c."

5. That having completed a period of ten years continuous service in Mainad, a District proverbial for the great insalubrity of its climate, he was, on the 9th August 1869, appointed Range Maistry in the fundapur Talug in South Kanara on the permanent Establishment, on a pay of Rs 45/- per month, and after two years service, finding that the climate of that place was affecting his health, he applied, in the latter end of 1871, for a transfer to any other locality, but this application was not complied with.

6. That notwithstanding the above circumstance, he continued in his said post for a further period of two years, or until the 16 March 1874, when he was compelled to resign as his only alternative for recovering his lost health.

7. That your Memorialist rejoined the Department as Sub Overseer in the Cottayam Talug on

on the 1st September 1874 on a salary of Rs 20/- and continued as such down to the 15th February 1876, when he was transferred in the same capacity to the Sorambrad Talug on Rs 25/- per month; from the said 15th day of February 1876, he served continuously as Sub Overseer in the Department in the unhealthiest part of the Mainad District down to the 13th September 1880 when he was, without any reasonable notice, thrown out of employment on account of (as testified by Colonel R. B. Kennedy, late Executive Engineer, Public Works Department) "the reduction of the Establishment."

8. That deducting therefore, the short break in his service, (between 16 March & 1st September 1874) which was due to no fault of his, your Memorialist has performed in all a service of twenty one years, the greater portion of which he served in the malarious jungles of Mainad, a circumstance which your Memorialist humbly trusts, will dispose Your Excellency in Council to afford his case an indulgent, and liberal consideration.

9. That with reference to the said break in his service of 5½ months, he humbly craves leave to state, that there are numerous instances in which the Government have condoned much longer breaks on behalf of servants

Servants both of the Public Works, and other Departments, who after resigning their appointments, rejoined the Service, and who were allowed to count their previous service, towards pension. The case of the late Mr. J. J. Jacques, the Head Writer of the District Engineer's Office Calicut is one in point, he, having resigned his appointment as a Clerk in the Superintending Engineer's Office Coimbatore, and been taken on in the Department after the lapse of nearly twelve months, ~~he~~ was allowed by Government to reckon his previous service in his retiring on pension; and your Memorialist humbly prays, that a similar boon, may be vouchsafed to him in consideration of his having spent the best period of his life in their service, and of his being, now reduced to the lowest state of destitution.

10 (That although in the early part of his official career, your Memorialist was for some time on the Temporary or Petty Establishment, he was transferred to the Permanent Establishment on the 9th August 1869 as a Range Maistry in the Gundapur Taluk on a Salary of Rs 45/- per month as aforesaid, and upon his rejoining the Department after his resignation, he continued on the permanent establishment down

down to the time when his services were dispensed with in September 1880.

* Sub Overseer Rama
Puthur.
Edward P. Costa
and others

11 (That your Memorialist is aware that under some Order of Government which he is unable to quote, Subordinates on the Petty or Temporary Establishment, were, on being transferred to the Permanent Establishment, (as was the case with your Memorialist) entitled as a rule, to count their service in the former Establishment towards pension or gratuity, and there are now several members of the Public Works Department in Malabar who, under the operation of the said order, have entitled themselves to pension and gratuity for their services on the Petty or Temporary Establishment.

12 Your Memorialist begs further to inform Your Lordship in Council, that he is justified in claiming a gratuity equal to three months' salary at Rs 30/- per month in addition to his pension or gratuity in consideration of his services having been dispensed with, without the prescribed notice.

13 (That on the 22nd April 1880 your Memorialist, as will be seen by Enclosure marked B, was offered by the Assistant Engineer in charge of the Wainad Sub Division, an appointment

appointment in the Malabar Local Fund Circle,
on a salary of Rs 40/- per month, whereupon he
communicated the offer to Major J. L. Morant
Executive Engineer West Coast Division, and re-
quested to be informed if he might accept the
same. Major Morant sent him a reply
suggesting "that he had better not take service
"in the Local Fund Circle, that so long as he
"did his work well, the Executive Engineer will
"do all he can to employ him in the P. W. D."

A copy of the above is herewith laid before
Your Excellency in Council, marked with
the Letter C.

14. That but for the said suggestion,
your Memorialist would now have been
holding an appointment on a higher salary
than that he drew at the time. It is a serious
hardship to your humble Memorialist, and his
poor family therefore, that whilst he had the
opportunity of bettering himself in the Public
service, he should have been dissuaded from
availing himself of it, and then thrown out of
employment very shortly afterwards.

15. That, under all the foregoing circum-
stances your Memorialist most humbly
and earnestly prays, that Your Excellency
