of his entire service is forwarded in support of the records which have been filed as qualifying. The applicant in his affidavit states that he has leave of absence on four occasions amounting to 2 months and 10 days but as the record shows from and to which the absence is granted he has not then been absent from the service with reference to Section 94 of the Act of Congress.

The applicant was promoted Ensign for the service by the acting Surgeon in charge of the Concominy Detachment on the 8th December 1848 but his service from that date until on the 3rd November 1850 was one month and five days before his incapacity for further service was fully established by a Medical Certificate for reasons explained by the Surgeon in Charge North West Division in his letter to the Superintendent Engineer & Co. The delay in the submission of the application is explained by the Engineer in Charge North West Division in his letter to Superintendent Engineer & Co. No. 2153 of 17 December 1852.
