From the Superintending Engineer, Fourth Circle, dated 12th October 1882, No. 259.

Certificate and report from the Examiner, Public Works Accounts, Madras, to the Secretary to Government, Pension Department, dated 31st January 1883, No. A.R.-768.

Certified that qualifying service in superior grades has been duly proved for fourteen years, five months, and seven days, and that a compensation gratuity not exceeding Rupees (720) seven hundred and twenty, equal to twelve months' emoluments at Rs. 60 per mensem, is admissible under Sections 100 and 109 (*a*) of the Civil Pension Code.

2. As the gratuity shown above as admissible will, on commutation, yield a pension of more than Rupees (2) two per mensem, the confidential medical report prescribed in Section 99, Rule 3, of the Civil Pension Code, has been obtained and is herewith forwarded.

3. Should Government be pleased either to commute the applicant's absence without leave from 6th to 23rd September 1865 into leave without allowances under the ruling contained in Section 93, Rule 7, of the Civil Pension Code, and treat the period of his services from 9th March 1861 to 31st August 1865 as qualifying superior service on the strength of his affidavit and copy of Colonel Kennedy's statement, as also on the specific opinion of the Executive Engineer, that the service claimed may be considered admissible, or condone the deficiency of six months and twenty-three days in the applicant's qualifying service by treating a portion of his non-qualifying service as qualifying, with reference to Section 120 (2) (*a*) of the Civil Pension Code, a compensation pension not exceeding Rs. 20 per mensem, equal to one-third of his average emoluments at Rs. 60 per mensem will be admissible with effect from 1st March 1880 for a qualifying superior service of fifteen years or over, under Sections 100 and 109 (*b*) of the Civil Pension Code.

4. The calculations have been duly verified. The compensation gratuity or pension, whichever may be granted, is chargeable to General (now Provincial) Revenues.

5. With reference to Section 130, Rule 4, attention is solicited to Section 65 of the Civil Pension Code.

To the Accountant-General.

From H. F. CLOGSTOUN, Esq., Accountant-General, to the Secretary to Government, Pension Department, dated Fort St. George, 2nd April 1883, No. I.A.C.-528.

With reference to your endorsement, No. 11, dated the 26th of February 1883, referring to me for report the application for gratuity on behalf of Mr. P. C. Jacob, late an Overseer, Petty Establishment, I have the honor to observe that from the accompanying papers it will appear that Mr. Jacob served in the Public Works Department from 9th March 1861 to 29th February 1880, on which date his services were dispensed with, in consequence of reduction of establishment in that department, his last pay being Rs. 60 per mensem; and that after the lapse of one month he secured employment on Rs. 40 a-month under the Local Fund Board, Malabar, with effect from 1st April 1880.

2. In paragraph 3 of G.O., No. 193, dated 16th February 1881, Pension Department, Government observe that in the case of a person whose services were dispensed with on the reduction of establishment in the Public Works Department and who has been taken on by the Local Fund Board on a reduced salary, his claim to pension or gratuity should be admitted under the rules of the Civil Pension Code. Accordingly, had Mr. Jacob preferred his claim to gratuity immediately after he lost his original appointment, or, on any date prior to resigning his new appointment under the Local Fund Board, the gratuity would have been paid to him.

3. It is for Government to decide whether Mr. Jacob should be deprived of the gratuity which he had earned after rendering a service under Government of upwards of 14 years, merely because be resigned his new appointment under the Local Fund Board from whose acts no appeal lay to Government.

4. I take this opportunity to invite the attention of Government to the views expressed in my letter to Government in the Financial Department, No. I.A.E.-449, dated 31st January 1883.

5. The endorsement under acknowledgment and the papers connected with the application are herewith returned.

Petitions from Mr. P. C. JACOB, dated 16th March 1883 and 18th April 1883.

Jacob, late Overseer, Petty Establishment, Wynaad Division, a compensation pension of Rupees (20) twenty per mensem payable at Vayitri, Wynaad Division, from 1st March 1880, in consideration of his qualifying superior service of eighteen years, eleven months, and four days.

The Chief Secretary
to Governt. of Madras.
Madras.

The humble Memorial of P. C. Jacob late Overseer Departt. Pub: Works in Vythry of Wynad Talug. District of Malabar.

Sheweth,

I. - That Memorialist served the Public Works Department from 1st Septemr. 1857 to 31st March 1880 when he discharged his duties to the entire satisfaction of his Superiors.

II. That from 1857 to/64 Memorialist served under Engineers H. B. Smith, Lieut. Smalley and Major Syme, from 1864 to/80 under Col. A. B. Kennedy and from 1st to 31st March/80 under Major J. J. Morant - During all this time of his 24 years service continuedly in Wynad notwithstanding the repeated occasions he was subjected to the Malarious effects of the well known climate of the Locality he did his duty.

III. It is apparent that Memorialist managed the Works by himself when in their original state pregnant with all the natural difficulties and obstacles

obstacles in a mountainous and wild locality as Wynad while it would now seem that although there are 3 Sub Overseers and 1 Supervisor employed in the present improved condition of the Country and works, the public are grumbling.

IV. That Memorialist begs to submit that during Septemr/57 and 31st March/80 he never neglected his duty even for a single day. he has had 2 days Leave on the 14th & 16th Octr/72 and any seeming default was in his trip on 8 days leave to Palghaut and Coimbatore in quest of Coolies for the Works when in the interests of duty he overstayed by 9 days.

V. That the boundaries of South Wynad are Poodupady, Neilgherries and Mysore and the works done therein began from 1857 while the Tambacherry Ghaut Works. the Court houses, Police Buildings, Post Offices. Hospital, Chattrams, Toll house, all the Pub: Works Buildings and Roads and Bridges in existence were constructed by me under the Orders of Colonel Kennedy since 1864.

VI. It would therefore appear that Memorialist served the Pub: Works Department up to March/80 and during which period he spent the best part of his strength and age for the benefit of the Department in discharging the arduous duties in the face of the various dangers of a Malarious

climate

climate and dreaded Wynad fever. the circumstance of Memorialist becoming worn out and in the decline of age has added much to his distre for having no means of earning his livelihood since 1880. To enhance his distress his creditors are worrying him on one side while his poverty has rendered him to go to the extreme of even parting with his 4 Children by sending them to the Charitable Institutions at Calicut and Bangalor and the youngest of all with his wife who is also in seriously impaired state of health, depending upon his earnings.

VII. Memorialist therefore solicits your honor will be pleased to take the fact of his 24 years service from 1857 to/80 in the well known sickly locality of Wynad & that in bountifully conferring Pension upon him that it may be granted from the date his services were dispensed with in 1880 and thus grant protection and justice to Memorialist and his poor dependants.

VIII. Regarding Memorialists' conduct in Department he refrains explaining it here in detail as the accompanying Testimonial will satisfactorily convince your honor and therefore solicit your honor will kindly peruse and

return it to Memorialist with your honor's initial thereto in token of having perused it.

IX. Memorialist submits in conclusion that he had submitted thro the proper channel several Applications for Pension but regret no orders have as yet been received and Memorialist is deeply grieved at

Humbly Begging that your honor will be graciously pleased to intercede on behalf of Memorialist who was on receipt of Rs 90/- salary per Mensem on leaving the Service and secure for him and his poor family the pittance he is longing for consistent with the rate of his pay at the hands of a generous and benign Government.

And Memorialist Shall Ever
Remain in gratitude bound.

CURRENT No. 973

The Chief Secretary
Govt. of Madras.

The Humble Petition of P. C. Jacob late sub: Overseer D. P. W.

Respectfully Sheweth,

I That Petitioner was under Government employ in the D. P. W. for nearly twenty-four years, twenty-two years of which had been passed under the direct supervision of Colonel R. B. Kennedy, Engineer in charge of Wynaad. That on the transfer of his services to the Local Fund Department of South Malabar, Petr: was on the 23rd May 1880, placed under Mr. Dumphy, Asst: Engineer, who then assumed charge, and on an unfavorable report from that officer complaining of the manner in which Petr: conducted his duties, was dismissed from his office on the 18th August, idem, having served under the said Mr. Dumphy for the short term of only two months and twenty-five days.

II. That his honor will be pleased, in submitting to Govt. the grievances suffered by Petr: and the following grounds of appeal against the order of dismissal, to support Petr's humble prayer, which Petr: ventures to hope his honor will be pleased to see is just and reasonable.

III. That the grounds adduced by Mr. Dumphy in support of his recommendation for the removal of Petr: from his Sub Division, Vythery (as will be seen from true copy of letter attached) are briefly:-

1. That Mr. Dumphy's orders were "evaded by one excuse or another."
2. Petr's "indifference to the manner in which the road repairs are carried on."
3. Petr's Nominal Rolls for payment were "unsatisfactory."
4. That the "drains near Mr. Jones' house have not been attended to.", and
5. That therefore Petr: (who could count 24 years service) "is utterly unfit for the appointment he holds."

IV. That to save his honor his valuable time and the trouble of perusing the long explanation afforded the District Engineer and President L. F. B. Malabar (true copy attached) Petr: begs to subjoin a concise and clear explanation to each point of complaint on the same terms as that already submitted to the District Engineer.

1. That the only project Petr: to the best of his knowledge remembers not having carried out, is the suggestion of Mr. Dumphy to open a new road to his bungalow at Luckadie, as Petr: in the interests of the Dept. submitted to the Asst. Engineer, that it would entail unnecessary expense, since the road already existing made the distance to the bungalow a mere matter of a few yards extra, and this opinion might have drawn the ill will of the Asst. Engineer on Petr:

2. That the road repairs were being carried on in conformity with the instructions of Col: Kennedy, and that materials consisting of sand, shingles, broken stones &ca were in accordance deposited on the sides of the road in charge of Petr:, and not as stated by Mr. Dumphy "lodged in the very centre of the road rendering it almost impossible for carts to get along;" but that the cart traffic was carried on as usual. That Petr: from the following circumstances experienced much difficulty in expediting the road repairs, and trusts it will be evident to his honor that Petr: was in no way to blame. That the Asst. Engineer ordered the above materials with the exception of broken stones, to be thrown back from where they had been

collected

collected, and when told that they had been ordered by Col: Kennedy, remarked that his and not Col: Kennedy's orders were to be obeyed, and this unnecessary step entailed much loss of time; and Petr: may remark that since his removal from the Dept. the very same materials that were being thrown back by Mr. Dumphy's order, were subsequently retained, and used on the road repairs, and there is up to this day some of it still lying on the sides of the road. That the contractor engaged by Mr. Dumphy failed to complete his contract for the supply of broken stones. That Petr: and his coolies were ordered by Mr. Dumphy from 1st to 10th July to clear a portion of the Ghaut road that had been blocked up. That on the 13th July Mr. Dumphy paid the coolies at Luckadie only nine days wages for June, promising to pay the balance at Calputta (11 miles away) the following day. That the coolies were accordingly sent there, and after having been detained till the 17th instant were paid up wages to 15th June. That the 18th was Sunday, and Petr: had thereby been deprived of 18 days cooly labor on the road repairs, and that finally the heavy monsoon then prevailing was in itself a great impediment to the immediate carrying out of the repairs. That Petr: may here remark with reference to the observation of the District Engineer "So far as I have had an opportunity of seeing, his work is neglected every where" that since the assumption of charge by Mr. Dumphy, this was the first visit of Captain Bailey the District Engineer, and was at a time the road repairs were not completed but in course of progression, and it was an unfavorable moment for Petr: that Capt Bailey should, at a period when Petr: was laboring under the aforesaid inconveniences, judge as to how far Petr: could be blamed for negligence.

3. That Petr: humbly ventures to submit, that had the Nominal Rolls been found "unsatisfactory" it would have been a natural consequence, as pointed out by

Capt.

Capt. Bailey, that the Asst. Engineer would refuse to pass them, and Petr. is at a loss to understand how such a discrepancy should have been pointed out to his Superior, when the Asst. Engineer made no remark to Petr. on the point.

4. That Petr. had always attended to the drains near Mr. Jones' house, which up to date, though not interfered with from the time Petr. left the service, are in the same good order and condition.

5. That his honor the Chief Secretary will be pleased to consider, that after continuous and hard fought labor under Govt. — twenty-two years of which had been passed in the malarious district of Wynaad under the supervision as aforesaid of an experienced officer such as Col. Kennedy, who has always regarded the work executed by Petr. with satisfaction, and who, Petr. feels confident will doubtless uphold his appeal and testify as to Petr's. character and efficiency — Petr. should now find his long and faithful services merit an order of dismissal! And Petr. begs to leave it to his honor to judge, how far the Asst. Engineer could be justified in pronouncing Petr. as "utterly unfit for the appointment he holds." Col. Kennedy being now in Madras, Petr. would respectfully suggest that his honor will make a reference to that officer with a view to ascertain Petr's. character & qualifications for his honor's better satisfaction. To give his honor an idea of the services rendered Govt. during this long period, Petr. humbly begs to state, that the works along the road extending from Poodoopardy to Mawanallah on the Mysore frontier (50 miles), from Calputta to Panamoram river (11 miles) from Vythery to Kudrapandy river (22 miles) and other difficult new openings, all the bridges in masonry, wood, and of iron work respectively, not to mention arch bridges and minor ones across

nullahs

nullahs and streams, the Chuthrums at Luckadie, Vythery, and Calputta, all the Police Lines and Station houses in South Wynaad, the Luckadie Toll House, the Sub Magistrate's Court House and quarters, the hospital, Post Office, Police Inspector's and European Constable's bungalows and out houses, the D. P. W. Store house at Luckadie, Engineer's Office, Overseer's quarters &ca. &ca. were each and every one of them constructed by your honor's Petr.. That the only work being carried on during the short time Petr. was placed under Mr. Dumphy was of no great importance, having been the mere repairing of roads, for which Petr., after having been able to execute the Public Works above enumerated, should be found by Mr. Dumphy as "totally unfit"

V. That the only reasons adduced by the District Engineer in upholding the recommendation of the Asst. Engineer (vide true copy of letter attached) are:-

1. That the President L. F. B. "believes that" Petr. "is quite unfit to be a sub overseer, and that unless his explanation is satisfactory he will lose his employment."
2. That Petr's. explanation had not reached up to 15th September 1880. and
3. That the tone of Petr's. explanation (which subsequently reached) "shews him to be utterly insubordinate."

VI That with reference to the last remark which goes on to pronounce Petr. as incompetent to serve under the L. F. B., Petr. humbly begs to submit that if, while stung with indignation at the injustice done him, Petr. in a moment of excitement, expressed himself in terms unsuitable to his superior, he humbly begs his honor will be pleased to generously overlook and forgive his want of decorum, considering the extreme circumstances under which, he had been led to so far forget himself, and for which he now begs to tender his most humble apologies. There is no other ground adduced in support of the President's opinion that

Petr.

Petr: merits dismissal.

VII. That the last but not least important point to which Petr: would draw his honor's kind attention is to the fact that the Asst: Engineers neglect to pay up the coolies regularly, and the severe privations to which they were therby exposed, added to which the spread of Malarious disease, brought on the most deplorable and heart-rending results, accompanied by many casualties, to alleviate which, Petr; prompted by feelings of humanity, undertook to raise money (which he was unable to spare from his own pockets) to relieve the suffering of the poor. That the following amounts were on this account borrowed from the undermentioned parties, and still remain unpaid, as Petrs: present distressed circumstances have put it beyond his means and power to liquidate the heavy responsibility he took upon himself

1.	Rupees	398.	8.	0.	from	Isa Sett
2.	"	110.	8.	0.	"	Pari Moplah
3.	"	162.	0.	0.	"	Amoo Hawker
4.	"	105.	0.	0.	"	Kamally
5.	"	75.	0.	0.	"	Chenna Veera Chetty

making a total Rs: 851. – 0 – 0, and, amounting with the Court Costs Petr: was put to, in all about Rs: 1026.10.9.

VIII. That Petr: would submit with the utmost deference, that his honor will be pleased from the foregoing circumstances to see, that it was owing to no inefficiency or want of energy on Petrs: part that induced Mr Dumphy to complain against Petr; but rather a prejudiced ill-will, created perhaps by idle tales of some of the subordinates, who were envious of Petr's: welfare had led the Asst: Engineer to have adopted this course. The party engaged in place of Petr, was known in the corps of Sappers and Miners as Naig Anthony, but has subsequently changed his name to Appasawmy Pillay, and was appointed on the recommendation of Sub Overseer Thomas. Petr: begs to submit that both of these individuals, having committed the offences of Theft. Breach of Trust &c, while in Military employ, were convicted and underwent incarceration for a period of some 3 years; and that such men should be permitted to hold appointments in the L. F. B. Dept:

in

in preference to your honor's Petr: would on the face of it appear a gross injustice.

IX. That Petr: while apologising for thus taking up the valuable time of his honor the Chief Secretary, prays that his honor will be pleased to direct the re-appointment of Petr: to his post of Sub Overseer with arrears of pay; and the disbursement of the wages due to the coolies, as also the payment to Petr: of the large sums borrowed by him to alleviate the distress of his unpaid coolies, together with the Court Costs above shewn.

X. That in conclusion Petr: has to submit that owing to the loss of his employment and the litigation he has been involved, for money borrowed in the interests of the Dept; he finds his efforts have resulted in the seizure and sale of all his property, which being in itself insufficient to cover the demands, a balance still lies to be liquidated. Petr: is therefore left in an utterly destitute and ruined condition with a large family dependent on him, and craves his honor will see justice done to the deep grievances suffered by Petr; and for which act of mercy & justice, Petr: shall as in duty bound

Ever pray.

States that he was in the Govt. employ in the P.W.D. for nearly twenty-four years, twenty two years of which had been passed under the direct supervision of Col. R. B. Specifying the charges brought against him by Mr. Dunphy & submitting explanations for the same, prays that Govt. may reinstate petr. in his former post of Sub Overseer with arrears of pay, and also direct the payment of the debts incurred by him to pay the Coolies, with the Court Costs &c.

Copy of letter from the Executive Engineer Nilgiri Division to the Superintending Engineer 4th Circle No. 103 dated 4th October 1882.

With reference to your No. 264 W. C of the 1st May last I have the honor to forward the Pension application of P. C. Jacob late Overseer Wynaad Division together with his Service Book.

2. The following information and explanation are submitted with reference to the remarks by the Examiner P. W. Accounts in the Preliminary Pension application (enclosed for reference.

I. The Divisional records show that Rs 60 and not Rs 50 were claimed and passed as the applicants' salary for September 1869. The former amount has, however been entered in the Pension application as per the Examiner's verification.

Vide Examiner's audit dated 6th October 1869 in the Salary Bill of the Imperial Petty Establishment of the late No. 6 or Vythery Range for September 1869

II. The explanation called for has been obtained from the applicant and is forwarded herewith. In both this explanation and affidavit the applicant states that he did draw pay for the period in question viz: 1st October to 31st December 1869, and his statement is borne out by the Divisional records

Vide Examiner's audit on the Salary Bills of late No. 6 or Vythery Range Imperial Petty Establishment for records, salary for the period having been claimed and audited.

for October, November and December 1869.

III. The instructions of the Examiner have been attended to although in this Office copies of salary bills Rs 90 are shown as pay without any mention of Wynaad allowance.

Para 1 Clause (b)

IV. The applicant's services from 1st September 1865 to 30th June 1866. appear from the Divisional records to have been rendered on the Imperial Petty Establishment as his subsequent services and his salary for the period audited by the Examiner; they have therefore been classed as qualifying for pension in the pension application. The period of his services from 1st September 1858 to 31st August 1865 has also been treated similarly with reference to the affidavit which is enclosed as also the Confidential Medical Report.

Para 2

V. The delay in submitting this application is due to the fact that the late West Coast Divisional Office did not consider it necessary to submit his claims to pension he having been with other members of the Petty Establishment transferred to the Local Fund Board, until he applied for it; and to the frequent changes in the Engineering and Office Establishments of that Division.

23 X

VI. The applicant was transferred to the Local Fund Board in February 1880 and appointed as a Sub Overseer under them on Rs 40 per mensem.

Para 2 Clause (1)

The exact date of appointment will be reported on receipt of a reply from the Local Fund Engineer to whom a reference has been made on the subject.

VII. He resigned his appointment under the Local Fund Board (vide Extract from the President's No. ~~1227~~ 1227 dated February 1882.

With reference to your endorsement No. 259 dated 12th October 1882 on letter from the Executive Engineer Nilgiri Division regarding the services of Mr. P. C. Jacob late Sub Overseer on the Imperial Petty Establishment late Wynaad Division, I have the honor to request information on the following points.

(1) The date and the reason of the applicants' resignation of his appointment under the Local Fund Board.

(2) The audit registers of this office show that pay at Rs 50 per mensem was drawn for September/69 and that no pay was drawn for October to December/69. Copies of salary bills from which, it is stated that the applicant's services for this period have been verified, should be furnished.

(3) The salaries of the individuals on the Imperial Petty Establishment were audited by this Office in lump sums from the year 1865-66 only. The pay of this Establishment previous to this year was probably charged to works, and if so, the applicants' service from 1st September/58 to 30th April/65 will not be considered as qualifying. Further enquiries should be made on this point.

I certify that P. C. Jacob late Overseer in the Public Works Department served under me from the latter part of 1864 to 29th February 1880 first as Gomastah and afterwards as Overseer. I can also state from personal knowledge that he was employed in the former capacity from February 1860 until I took charge of the D. P. W. Establishment at Lakkidie South Wynad in 1864 as Su during that period in command of a Detachment of Sappers and Miners employed at that place. I am informed that a portion of his service cannot be verified from the Records of the Office of the Examiner of Public Works Accounts viz. that prior to 1st March 1868 and that a break of service for October, November and December 1869 is supposed to have taken place, I hereby certify on my honor that the above named P. C. Jacob served continuously during the whole time that I was myself employed in the Public Works Department. viz. from the latter part of 1864 until his services were dispensed with on reduction of Establishment at the end of February 1880. I am unabl without access to records and from memory alone to explain why no Pay appears to have been drawn for him on audited Pay Bills of the Vythry Range for October November and December 1869, but I am quite certain that such was not due either to absence without leave, suspension, or any other cause which would constitute a break in service, but probably owing to some instruct from the Controller's Office, his pay may have been charged otherwise than to Establishment, and in that case the payment will appear in the Cash Book of the late Vythery Range.

Executive Engineer OCT 1882 P.W.D. Nilgiris

a) 1o In September 1869 I did not draw pay at 50 Rupees but at ~~10~~ 60 for September, October and November/69 under Petty Establishment, this can be proved from the Records of the late Special Exec. Engineer's Office Wynad which has been transferred to the West Coast Division. The above rate of pay was drawn on duly Audited Bills by the late Controller of Pub. W. Accounts and for which Acquittances were received and forwarded to the same Officer with the Monthly Accounts of the Vythry Range.

b) I never knew that any Wynad Allowance at 50 % was added to my pay of 60 Rs as all that I knew was that I was promoted from 60 to 90 Rupees a Month and this was also paid me on duly Audited Pay Bills in which no such distinction was to the best of my recollection and knowledge made or was there any distinct entry as "Wynad Allowance" shewn in the column opened for the purpose in the Pay Abstract.

The Service from 1st Septr 1858 to 17th February/59 alone was at 10 Rs and the Service from 18th February 59 to date of Coll R. B. Kennedy taking charge of Wynad was as Taluq Overseers Writer under Messrs P. V. Cheekoo, J. P. Martin and A. Vedamoottoo. The Service from 18th February 1859 to 31st August 1865 has been erroneously entered in my Service Register and Preliminary Application for Pension as Temporary and that there is a Service of 7 years 5 Months and 19 days as Permanent and in Petty Establt

Sir,

With reference to your Official Memo. No. 44 dated the 9th January 1883, requesting me to report whether R. Verasawmy Aiyangar, late a Local Fund Supervisor, Tanjore Circle, is entitled to any retiring allowance under existing orders, and to state the effect on his pensionary prospects of dismissal by the Local Fund Board I have the honor to observe that I gather from the enclosures to the above Memo, that Veraswami Aiyangar remained in Service in the Public Works Department up to 31st Decr 1879, and that from 1st January 1880 he was transferred to employ under the Local Fund Board Tanjore from which employment he was dismissed on the 13th July 1882 for grave irregularities systematically

committed

committed by him in the performance of his duties. It is not likely that any claim for pension for the period 1st January 1880 to date of dismissal would be admitted by the Local Fund Board but it rests with Government to decide whether any claim for pension or gratuity for the period of Government service would be tenable if made by an Officer transferred by Government to Local Service and dismissed by an authority from whose acts no appeal lay to Government. — No provision is made for such a case in the Civil Pension Code, Section 97 having reference only to the case of dismissal from the Public Service which I think is clearly intended to mean Government Service. —

In Government Orders Nos. 1093 of 14 November 1882 and 1236 of 15 December 1882 dismissal from Local Fund Service was treated by Government as cancelling all claims to pension for previous Government Service but in those cases while the grounds for dismissal were clearly such as would have warranted and probably entailed dismissal from Government service no appeals seem to have been received from the Applicants for pension calling in question the justice of the orders dismissing them.

The enclosures to the memo. under acknowledgment are herewith returned.

SIR,

With reference to your Endorsement No. 11 dated the 26th of February 1883, referring to me for report the application for Gratuity on behalf of Mr. J. C. Jacob, late an Overseer, Petty Establishment, I have the honor to observe that from the accompanying papers it will appear that Mr. Jacob served in the Public Works Department from 9th March 1861 to 29th February 1880, on which date his services were dispensed with in consequence of reduction of Establishment in that Department, his last pay being 60 Rupees per mensem, and that after the lapse of one month he secured employment on Rs. 40-"-" a month under the Local Fund Board, Malabar, with effect from 1st April 1880.-

x he will be entitled to a pension of Rs. 20 ($\frac{1}{3}$ emoluments) & Govt. would probably be disposed to make those concessions as the applicant has served in all upwards of 21 years part of which he loses as it was rendered under the age of 22 years.

If however a pension is passed it must be with effect from March 1880 and a sum ~~equ~~ of Rs: 720 will have to be paid in arrears; As the applicant got Rs: 60 in Govt. employ & only Rs: 40 in that of the Local Fund Board the whole amount of monthly pension is payable in arrears; pension + pay of new appointment not being more than the pay of the appt. under Govt. which applicant lost.

Will Govt. then pass the pension of Rs: 20/- or gratuity of Rs: 720.
