19TH JUNE 1883, No. 538, PENSION.

GOVERNMENT OF MADRAS.

PENSION DEPARTMENT.

READ—the following papers :—

G.O., dated 2nd May 1883, Mis. No. 1190, Judicial.

Read—the following Certificate and report from the Accountant-General, to the Acting Under Secretary to Government, Pension Department, dated Fort St. George, 6th April 1883, No. A.D.J.-5.

Certified that qualifying service in superior grades has been duly proved for five years, eleven months, and six days. But before determining the amount of retiring allowance, the question, whether the applicant should be regarded as a permanent servant of Government or not, needs to be settled at first.

2. This office called upon the Sub-Registrar to submit a certificate of health and age as required under the rules before admission into Government service. The certificate furnished was not a satisfactory one, as it proved that the Sub-Registrar was suffering from "symptoms of incipient leprosy," and this office therefore, in its letter of 20th April 1881, requested the Inspector-General of Registration to obtain the special sanction of Government for his retention in service. Government ultimately ruled in their Order, No. 993, dated 19th May 1881, that the applicant being a leper could not properly be *retained* in Government service. On appeal against this resolution, he was granted leave on private affairs to enable him to be under treatment and then to produce the required health certificate. A further medical certificate was submitted by the Civil Surgeon at Calicut, which was as unfavorable to the applicant as the original one. There being no alternative, the Sub-Registrar was instructed to appear for examination before a Medical Board at Madras, which declared him, in their Proceedings of 9th December 1882, to be permanently incapacitated for further service.

3. Assuming that Government virtually admitted the Sub-Registrar into their service notwithstanding that such admission was not qualified by a certificate of health, it would follow that his service up to the above named date should be admitted towards gratuity, and he would therefore become eligible for a gratuity of Rs. 567-10-6, equal to five months' emoluments, under Sections 102 and 109 (*a*) of the Civil Pension Code.

4. In the event of sanctioning the payment of the gratuity, it is pointed out that the payment of such gratuity should be subject to the production by the applicant of a certificate from a Medical Officer to the effect that the normal prospects of his life are good—*vide* Rule 3, Section 99, of the Civil Pension Code, 5th Edition.

Order—dated 2nd May 1883, Mis. No. 1190, Judicial.

Transferred to the Pension Department with the remark that there is no objection in the Judicial Department to the grant of any admissible gratuity to the Sub-Registrar indicated in the foregoing papers.

To the Pension Department, with papers.

ORDER—dated 19th June 1883, No. 538, Pension.

Under Sections 102 and 109 (*a*) of the Civil Pension Code, His Excellency the Governor in Council is pleased to grant to N. Chidumbara Iyer, late Sub-Registrar of Tiruvádi, Tanjore District, an invalid gratuity of Rs. 567-10-6 for his qualifying superior service of five years, eleven months, and six days.

2. Inasmuch as the applicant had been in Government service for nearly ten years when called on to produce a health certificate, the Government are of opinion that the omission to produce it in the beginning was condoned, and that he must be held to have been permanently entertained in their service.

3. The production of a certificate under Section 99 (3) would not appear essential in this case, as there is no reason to suppose that the applicant, who is invalided for incipient leprosy, has not the normal prospects of life.

2. The certificate shows that the man is suffering from "symptoms of incipient leprosy", but the Zillah Surgeon qualifies the statement by adding-

"This may or may not be a disqualification for employment in the Office of the Registration Department".

3. To my knowledge "leprosy" has been universally held to be a disqualification, and I cannot think that the Government would permit any person who is known to be afflicted with the disease to continue in the public service.

4. The Sub Registrar entered that service in 1871, without the production of a medical certificate.

Under date the 8th June instant, the Government in their Proceedings, Judicial department, No 423 N - sanctioned the grant of an extension of six months leave to the Sub Registrar of Iruvadi in the District of Tanjore.

× with letter enclosed -

2. The Sub Registrar now submits a certificate× from the Civil Surgeon of Malabar Calicut dated 14th June, stating "he cannot discover" that the Sub Registrar "has any disease, constitutional affection or bodily infirmity, except slight symptoms of leprosy." - which he does not consider to be a "disqualification" &c.

3. The certificate seems to be precisely of the same tenor as the one given by

by the Zillah Surgeon of Tanjore upon which Judicial Department Order No 993 d/ 19th May 1881 was passed.–

4. It seems to me that if the Sub Registrar could travel from Tanjore to Calicut to get a certificate from an officer apparently unacquainted with his case, he might be required to appear before a Medical Board at Madras in view to its being finally decided whether the disease from which the Sub-Registrar is suffering, is, or is not, of a character to prevent him from filling the position of a Sub Registrar which brings him daily into contact with a number of persons of all classes.–

The acct general certifies that the petitioner is entitled to a gratuity of Rs 587.10.6. Subject however to the proviso made in § 99. Cl 3 of Civil pension Code, under which the petitioner should appear before a board (~~Medical~~ or medical officer in charge of a station) and if they certify his life will not probably be a normal one in length, Govt shall grant a pension calculated as if the life was a normal one - The Govt of India however have ruled (vide foot note in Civil Pension Code p 45. 5th edition) that this direction is not to be taken strictly, provided sufficient precautions are taken to prevent gross abuse. The medical certificates produced certify to "incipient leprosy" "which may or may not increase"

Submitted that the gratuity be granted. If not granted. the petitioner

From the Judicial Department

Dated 2nd May 1883

FOR ORDERS.

The material facts of this case are given in the accountant generals report.

The applicant had been 10 years in the Registration Depart. when he was called on to produce the health certificate which should have been demanded from him when he was entertained.

He could not produce it as he was suffering from incipient leprosy & after being given extended periods of leave to get well, he has now been declared permanently disqualified. The Govt. in the Judicial Dept. have already approved of the grant of a gratuity & it is submitted the draft order endorsed on the Acct. Genl.s report will meet the requirements of the case.

Honorable C. G. Master

Chief Secretary

Dated Madras, 13th December 1882.

Sir,

With reference to the orders of the Government, Judicial Department, No 1499 dated 27th July 1881, No 423 dated 8th June, and 638 N dated 10 July 1882, I have the honor to submit for their compassionate consideration and orders the Proceedings of the Civil Medical Board held on Saturday the 9th December 1882 at the Presidency on N. Chidambara Aiyar the Sub-Registrar of Tiruvadi in the District of Tanjore.

2. The

2. The Proceedings declare the Sub Registrar to be "permanently incapacitated for further Service of any kind in Consequence of Leprosy in an incipient Stage". The Order of the Government in the Pension Department which is quoted in the Proceedings has not been Communicated to this department, but I presume it refers to an analogous case.

3. The Sub Registrar had been Employed in the department for about 10 years when he was called upon to furnish the certificate sent to the Government with my letter No. 232 dated the 25th April 1881; and by G.O. Judicial, No. 793 dated the 19th May 1881 he was removed from his post. His case is a most unfortunate one. He is said to have done good work in this department. He is burdened with a large family, but the decision of the Medical Board absolutely debars him for further Employment in the public Service.

I have the honor to be,
Sir,
Your most obedient Servant,
W. Hammett
