SIR,

With reference to your application for pension on behalf of "Yellow Shri. gowda Rao, late Temporarily Accountant of your office, I have the honour to forward herewith the correspondence in original / to be returned / particularized in the margin, from which you will observe that the portion of the applicant's services stated to have been performed in the Postal Department is not established from the records either of this office or of the Comptroller, West Office, Calcutta. The rejection of this portion of the service would very materially affect the claim for pension, since it will reduce the total period of the applicant's pensionable services to much less than 30 years, thus invalidating his claim for a pension. Assuming that he is not

entitled to a retiring pension, the applicant could claim no other kind of pension unless his incapacity for further service is duly established by a Medical Certificate, as required by Section 102 of the Civil Pension Code.

I have to enquire therefore whether arrangements cannot be now made in view to converting the present claim into an application for an invalid pension under the Section quoted above.

In the column headed "How verified" in the 2nd page of the application, you have certified to the effect that the entire period of service as shown in the History of Service has been verified from the Pay Abstracts, Leave Statements, and Annual Lists of Establishment on record in the Salem Collectorate. In the 1st para of your Treasury Deputy's letter No. 1001 dated 19 March 1893, it is stated that Annual Lists have all been destroyed. These reconcile the difference between the two statements. If the Postal Department Service cannot satisfactorily be established by the records, I would suggest that the clause laid down in para 5 and 6 Section 127 of the Code be adapted. Evidence should be produced to prove that the service was not paid out of a lump sum to the Post Office.

I have the honor to be
