GOVERNMENT OF MADRAS.

PENSION DEPARTMENT.

READ—the following papers:—

From the Conservator of Forests, dated 8th March 1883, No. 2502.

Certificate and report from the Accountant-General, to the Under Secretary to Government, Pension Department, dated Fort St. George, 13th July 1883, No. A.D.J.-135.

Certified that should Government be pleased to admit the period of service not capable of being verified from office records on the strength of the affidavit of the applicant and the evidence of Major Walker, qualifying service in superior grades will be duly proved for seventeen years ten months and ten days, and that a superannuation pension not exceeding Rs. 52-5-3 per mensem, equal to one-third average emoluments, will be admissible under Sections 106, 109 (*b*) and 111 of the Civil Pension Code (5th Edition).

2. The applicant's pensionable service was partly paid from the Jungle Conservancy Fund and partly from the General Revenues. Under ordinary circumstances the pension admissible for the mixed service would have to be borne proportionately by the two departments named above. But as the Jungle Conservancy Fund was with its surplus and its income under the sanction of the Government of India amalgamated with the Provincial Revenues, with effect from 1st April 1882 (*vide* G.O., No. 1259, dated 16th November 1882, Revenue), the whole amount of the applicant's pension will have to be borne by the General (now Provincial) Revenues.

3. The proposal of the Conservator of Forests for the grant of a pension of Rs. 52-8-0 in lieu of Rs. 52-5-3 only per month is, it is presumed, due to an error in calculation of average emoluments.

4. In accordance with Rule 4, under Section 130, the attention of Government is respectfully solicited to Section 65 of the Code.

ORDER—dated 30th July 1883, No. 670, Pension.

Under Sections 106, 109 (*b*) and 111 of the Civil Pension Code (5th Edition), the Right Honorable the Governor in Council is pleased to grant to Mr. Malachy Newman, late Sub-Assistant Conservator of Forests, Trichinopoly, a superannuation pension of Rs. (52-5-0) fifty-two and Annas five per mensem, payable at Ootacamund, from 11th February 1883, in consideration of his qualifying superior service of seventeen years ten months and ten days.

2. It is observed that the applicant's average salary for the last five years of his service only amounts to Rs. 156-15-10 and not Rs. 157-8-0 as entered in the register of application submitted by the Conservator of Forests.

3. This pension is chargeable to General (now Provincial) Revenues.

SIR, With reference to your letter No. 2502 dated 8th March 1883, submitting for the sanction of Government an application for pension on behalf of Mr. M. Neuman, late Sub Assistant Conservator of Forests, Trichinopoly, I have the honour to state that the service from 1st April 1869 to 31st March 1875 paid from the Jungle Conservancy Fund cannot be verified from the records either of this Office or of the Office of the Commissioner of Salt in which the applicant is stated to have been then serving. I have the honour to request you to ascertain whether the service cannot also be verified from the records of the Office where the applicant is stated to have been employed, and if that cannot be done

whether the period in question can be admitted towards pension upon production of an affidavit of the applicant supported by evidence of contemporary employers- vide rule 5, section 127 of the Civil Pension Code.

As the Applicant's entire service was paid partly from the Jungle Conservancy Fund / Local Fund / and partly from General Revenue, any pension that may be admissible to him should be debited to those two heads according to the "Rule of Proportion"- I have to request therefore that you will be good enough to forward a Memo shewing the apportionment of the pension under the above heads of account as well as certified copies of the verified statements of the applicant's service rendered in the Nilgiri Wynaad and Salem Forests.

I know Malachy Newman — who was Sub Assistant Conservator in the Forest Dept:
I know he was in the Jungle Conservancy Dept. when he was transferred to the Forest Dept: from the Jungle Conservancy Dept. I think about 1870. 1869 or 70. as a ranger then called over. He remained in it till it was retransferred to Forests in 1875 I think. He was retransferred when I was acting Inspector of Forests. I know there was a special case in regard to men transferred from the Forest Dept to the Jungle Conservancy Dept — Mr. Norman the applicant & Mr. Taylor — that their service in that Dept. should count towards pension
service in the Jungle conservancy Dept. generally has counted for pension: in 1881 I think.
I know he was continuously in service between 1869 & 1871 for I had brought his service sometimes before 1881: in 1878 I think. I do not know if he was absent on leave during that Dept — but he could not have had leave [illegible] The Rules privilege or casual leave [illegible] because

I was Sub assistant Conservator of Forests.
I joined the Forest Department in 1864 on the Hills.
In 1869. I was transferred to the Jungle Conservancy
Department: still on the Hills. I remained in the
Jungle Conservancy Department until 1873.
The Department was then retransferred to the
Imperial, & I was retransferred with it.
I was never personally consulted about it, but Colonel
Jago informed me that Mr. Brooks the Commissioner
had arranged that service in the Jungle Conservancy
Dept. would not interfere with any claim
to pension.
I served under Colonel Jago in the Conservancy
Dept.
There was no breaks in my service from April 1869
to January 1873 – I had no leave of any
sort during that period save I may have
had – I do not recollect that I had – a few
days casual leave.

The applicant for pension, Mr. Malachy Newman, is my father.

I joined the Forest Department in april 1869. My father had been in that Department before then. I joined the Forest Dept. I was transferred in 1871. The Jungle Conservancy Department - my father was then in the latter Department - I can't say when he was transferred to the Jungle Conservancy.

He remained in the regular establishment on the transfer of the Jungle Establishment to the regular Establt. - I think about 1873.

During all the time I was in the Jungle conservancy Dept, my father was in it.

He had not - to my knowledge - any leave or break in his service during the period I speak.

It was understood by us - in fact Mr Conservator Mr. Brooks informed me - otherwise I would not have gone into the Jungle Conservancy - that our service in that Dept. would count towards pension. I also believe there is a G.O. on the subject.

I know Malachy Newman who was Sub Assistant Conservator of Forests.

I recollect his being in the Jungle Conservancy Establishment. I took over charge of what was made the Jungle Conservancy Department - about the year 1868 I think — Mr. Newman was then in the Forest Department - he was transferred to the Jungle Conservancy Dept. when the latter was formed - He certainly was in the Jungle Conservancy Department in April 1869. He remained in that Department till it was handed back to the Imperial Department in 1873. Mr. Newman is here, in the office.

I have very strong recollection that Mr. Newman was distinctly informed that his service in the Jungle Conservancy Department would count towards pension. The Department was under the direct orders of the Commissioner.

To the best of my belief there were no breaks in Mr. Newman's service in the said Department — he did not go away on leave at all during that period 1869 to April — to January 1873.

Lt Col R.S. Jago
Mr. Newman

2. The evidence now furnished appears sufficiently conclusive to establish the applicants service in the late Jungle Conservancy Department of the Nilgiri District. The Collector of Nilgiris in his letter No. 772 dated 28th Instant states that the verification of the applicants service from April 1869 to January 1873 has been made with reference to the pay abstracts of the Nilgiri Collectorate and the balance of the service viz from February 1870 to 31st March 1875 can, I presume, be

be admitted upon the Strength of the Contemporaneous evidence above referred to.

3. Out of the pension of Rs 52-8-0 recommended for the applicant Rs 16 should be debited against the Jungle Conservancy Fund (Local Fund) according to "Rule of Proportion" as per particulars noted in the margin. But as Jungle Conservancy has been amalgamated with Forests under G.O. dated 16th November 1882 No 1259 R.D. I suppose the whole pension may be charged against Forest only.

4. As the applicants Service has been verified from pay abstracts, Certified Copies of verified Statement of the Service rendered in the Districts named by you have not been submitted.

5. The usual certificate of efficiency has been now recorded in the application.

6. As Mr Newman has been kept waiting for some time I request
