READ—the following papers:—

From the Inspector-General of Jails, dated 25th July 1883, No. 190.

ABSTRACT.—Submitting, with a recommendation, a petition from Mr. B. J. Taylor, late a Clerk of his office, praying that a pension of half of his salary may be granted to him.

From the Accountant-General, dated 8th August 1883, No. 912.

ABSTRACT.—States that the recommendation of the Inspector-General of Jails in view to granting Mr. Taylor half-pension instead of one-third, if his service rendered before his 22nd year of his age be added to his service, cannot for certain reasons be complied with.

ORDER—dated 22nd August 1883, No. 748, Pension.

The full amount of retiring allowance due under the rules to Mr. Taylor was granted by G.O., No. 106, dated 14th February 1883, and the present proposal of the Inspector-General of Jails in his behalf is inadmissible.

correspondence increased. I should prefer now leaving the list open to revision as changes occur in the persons composing the Office, at the same time I desire that the Clerks may be regarded as in the service and entitled to claim the time for pension eventually.

ORDER THEREON, 20th April 1860, No. 472.

The Government see no objection to the Inspector General of Jails keeping his establishment list open to revision, as he proposes. The servants, whom he has employed, will be allowed to reckon their service for pension from date of entertainment.

Proceedings of the Madras Government, Judicial Department,
for the month of April 1860.

No. 106. Read the following letter from J. ROIDE, Esq., Inspector General of Jails, to T. PYCROFT, Esq., Chief Secretary to the Government of Fort Saint George, dated 29th March 1860, No. 134.

I have the honor to request that my Office establishment which has not hitherto been fixed, under the Orders of Government of the 26th April 1855, No. 322, may be recognized as a permanent footing. Some of my Clerks are apprehensive that their services will not be considered in their term of service for pension, as the establishment has not been designated a permanent one. I have no such anticipation, as the object of its being left unsettled was to enable me to make such arrangements as experience should prove most desirable.

2. In a very small establishment I could not with advantage be bound to make a permanent appropriation of the total sum to several Officers with advantage: youths join the Office and I could not hope to retain their services unless I had the power of increasing their pay according to their efficiency, as promotion in a very small Office is uncertain; indeed it is questionable whether I could obtain an efficient establishment except at a much larger cost, if I had not the power of making such a disposition of the total sum as the qualifications of individuals called for.

3. By paragraph 11 of your letter of the 26th April 1855, No. 322, I was directed to entertain such servants as I might require, you then remarked that 400 Rupees had been proposed in 1849, as the monthly cost of the establishment in the North West Provinces, but that application would be made to Calcutta and Agra to ascertain the present amount.

To the Right Honourable
Mount Stuart Elphinstone Grant (Ruff)
Esq.

The humble petition of
Benjamin James Taylor, lately
Assistant in charge of Annual
Returns and Statistics In-
spector General of Jails Office.

Your Petitioner respectfully
fully brings to notice that
he was lately granted a
pension of Rupees 33-5-4
in Government Order No. 106,
dated 14th February 1858 being the
qualifying pension of one-third
of his salary (Rupees 100)-

Your Petitioner respectfully
fully points out that he was
engaged at the age of about
nineteen years as a clerk in
the office of the Inspector
General of Prisons in the
month of September 1835 and served
in that office without
break up to the 1st October
1857.

1882 being a period of twenty seven years, one month and three days.

3. Under the present Pension Rules, service under Government prior to attaining the age of twenty two years is excluded for the qualifying period for pension.

4. That your Petitioner begs respectfully to point out that under Government Order No. 472 dated 20th April 1860 Government were pleased on the recommendation of Mr. Rohde then Inspector General of Jails to sanction that the clerks then in his office should reckon for pension the whole of their service from the date of entry into service irrespective of their age on entering the service.

5. Your Petitioner relying on the promise contained in Government Order No. 472 dated 20th April 1860 retired

from the service hoping to claim a pension of one-half his salary viz. (Rupees 100) - instead of which he finds that four years and upwards of his service have been excluded from the qualifying period for pension and that after long and faithful service of upwards of twenty seven years he has only been granted the smaller pension of one-third of his salary.

6. Under these circumstances your Petitioner respectfully prays that he may be permitted to count as service for pension the whole period he served Government from the 1st September 1855 to the 7th October 1882, being twenty seven years, one month and three days.

7. For which act of clemency your Petitioner will as in duty bound ever pray.

I have the honor to
submit for the favorable considera-
tion of Government the accompanying
petition addressed to His Excellency
the Governor in Council by Mr
B. S. Taylor lately a clerk in my
office, in which that officer solicits
that under the circumstances explain-
ed he may be permitted to draw
a pension of one half his salary
instead of one third as granted to
him in Government Order No 106 of
14th February 1883.

2

Mr Taylor entered the office of the Inspector General of Prisons at the age of 19 years and served in that office without a break from the 4th September 1855 up to the 7th October 1882 being a period of upwards of 27 years.

3.

Under the present pension rules, service under Government prior to attaining the age of 22 years is excluded from the qualifying period for pension. But under a special order of Government No 5472 dated 20th April 1860, copy enclosed for easy reference, Government stated that the servants whom Mr Rolde had employed in his office (Mr Taylor being the clerk on Rules 60) will be allowed to reckon their service for pension from date of entertainment - in Mr Taylor's case this date was 4th

September 1855.

4. This case is a special one and Mr Taylor is the first of clerks then in the office who can claim the time for pension under this rule. I therefore beg to submit this case for the favorable consideration of Government and trust that his claim for pension of and to his salary may be granted.

Sir,

In forwarding herewith a letter together with its enclosure, N^o 190 dated 25th July 1883, received from the Inspector General of Jails, recommending that the services of Mr W. J. Taylor, late a Clerk of his Office, rendered before he attained the age of 22 years should be taken into account in view to granting him a pension equal to one half instead of one third of his average emoluments, I have the honor to state that the recommendation cannot be complied with, as under the provisions of Section 103 of the Civil Pension Code, service rendered before completion of 22 years is regarded as non pensionable.

2. Even supposing that Mr Taylor elected to retire under the rules contained in Appendix B.1 of

the

17

the Code Section 5, Clause 1 (under which service rendered after the attainment of 16 years of age qualifies for pension), I beg to point out that such an election would not enable him to claim half pay pension, as he did not complete 30 years' qualifying service required under the old rules.

3. I have to add that Government Order of 1872 dated 20 April 1860, upon which the Inspector General's recommendation is based, appears to me simply to decide the question that service in the Office of the Inspector General of Jails is pensionable, provided other circumstances allow it to count, and that it did not sanction the admissibility of service while under age.
