The Humble Memorialist of Leonard
De Rozario, late a Sub Overseer in the
Public Works Department,
West Coast Division.

May It Please Your Excellency;

That Your Excellency's humble Memorialist was employed for over 15 years in the permanent establishment of the Public Works department as Sub Overseer; and served the most part of his time in Wynaad and other malarious parts of the West Coast Division.

2. That the manner in which your Excellency's humble Memorialist discharged his onerous duties in spite of the unfavourable and unhealthy Climate in which he had to labour, will be proved by the remarks of his superior officers whose certificate Your Excellency's Memorialist begs leave to attach hereunto.

3 That subsequently it was ordered to dispense with the services of all Sub Overseers, giving either pension or gratuity, as the case may be, to such of them as had qualified themselves for it by sufficient good service.

4. That Memorialist would ha availed of either the pension or the gratuity to which he had thus become entitled and retired

from the Imperial Establishment, more especially as he had an offer from the Local Funds Department; but he was indeed not only to continue in the service but also to refuse the Offer he had from the L. F. Division.

5. That Memorialist believing in good faith that he was still in the permanent establishment continued to discharge the duties assigned to him honestly and to the best of his abilities until some unpleasantness arose in connection with the construction of the Police Station at Terriote. Your Excellency will observe from the papers herewith submitted that the Memorialist was bewildered by contradictory orders from superior Officers in this matter and his services were finally dispensed with on the plea of his not having been sufficiently active in carrying out the work at Terriote, knowing well that Memorialist was distinctly ordered "not to try to complete the building before monsoon unless sure of it," which was an impossibility, and also that it was not possible to carry out any works satisfactorily in the Wynaad during the S. W. monsoon. Memorialist addressed His Grace the Duke of Buckingham on the injustice thus done him, but as the authorities have thought it right to decide the point against him, Memorialist refrains from dwelling further on this point. Memorialist, however, takes the liberty of submitting herewith copy of his first Memorial in the hope that Your Excellency will

spare a little time in perusing them.

6. Memorialist's principal object in addressing Your Excellency is respectfully to invite attention to the fact that the only reply he has been vouchsafed to the Memorial he addressed to His Grace the Duke of Buckingham was to the following effect:– "Petitioner "is informed that as his pay for the period he was "employed at the Police Station Terriote was charged to "Works his claim to gratuity and travelling allowance "is inadmissable."

7. That, as already stated, prior to the period he was engaged in the construction of the Police Station at Terriote, it must be remembered Memorialist had rendered over 15 years' service And this fact appearing to have been overlooked in passing orders upon Memorialist's first appeal he addressed his superiors on the subject as "his services at Terriote were charged to works he was entitled to neither pension nor gratuity."

8. Memorialist therefore most humbly and respectfully begs Your Excellency will be graciously pleased to peruse the papers he herewith submits and pass order as to whether the order passed on his first Memorial is not open to some reconsideration, whether in that case he is not entitled to the usual three months' pay and gratuity together with arrears of pay and travelling expenses as detailed in his first Memorial, and lastly and more particularly whether, even setting aside the

foregoing points, Memorialist is not justly entitled to either gratuity or pension for the good services rendered by him, during the best part of his life in the Malarious Climate of Wynaad, at great risk to his constitution.

Memorialist is a poor man with a large family dependent upon him, and it is a service of unspeakable grievance to him that "in the Evening of life" he should not only be deprived of his livelihood but also the consideration he was all along led to expect, for the long service he honestly rendered to the Government. Although Memorialist served the Government of Her most Gracious Majesty the Queen-Empress in an humble department of the public service Memorialist ventures to hope that Your Excellency will not permit his humble services to be dispised and to go unrewarded.

To

His Grace the Duke of Buckingham
& Chandos
Governor in Council
Madras.

The Humble Memorialist of
Leonard De Rozario late a
Sub Overseer Public Works
Department Wynaad
and residing at Vythery.

May it please Your Grace,-

That your Grace's humble Memorialist in submitting this appeal against his dismissal from the Public Works Department on the 14th. Sept. 1880, begs to forward also copies of correspondence in connexion therewith with a view to convince your Grace in Council of the whole case concerning Memorialist.

2. That Memorialist has been employed as Sub Overseer in the Department for a space of 15 years one month and 5 days for the most part in Wynaad and on the last occasion he was placed over the building of a Police Station at Terriote within Wynaad limits in respect of which Memorialist appears to have been dismissed.

3. That from True Extract of letter No. 407 of 16th. March 1880 marked A it would appear that some portion of the afore-

said Terriote Police Station Work was executed, but that work was "suspended" until the necessary supply of "bricks" has been "manufactured". It will be further seen by document A that some materials were collected and to obtain others before the monsoon was deemed by the then Executive Engineer Colonel Kennedy himself who possesses an unequalled experience in Wynaad, as being impossible. Document marked **B** being Memo No. 373 of 2nd. April from Major Mead the Supg: Engineer would appear collateral in surmising with document A on the impossibility to complete the Building before the Rains but to do so after that weather. Document marked C being Memo No. 62 of 20th. April 1880 from Major Morant himself strictly enjoined Memorialist not to complete the Building before Monsoon. Responding to the aforesaid order Memorialist's report of 26 April 1880 marked D and E will again satisfactorily shew that nothing but the approach of the monsoon and difficulty to obtain the necessary materials and labor were the sole impediments in the way of getting on with the work. In supercession to the aforesaid papers Memorialist's letter marked F of 24 June /80 where he intimated that sufficient number of bricks could

(11)

not be obtained before the weather and asked, in duty bound in the interests of the Department, sanction to build the walls with Laterite stones, was not attended to and the officer in charge Sub Division Calicut remained mute without issuing any instructions whatsoever thereon.

4. That it would appear hardly necessary for Memorialist to dwell upon the aforesaid correspondence and reference in ~~difference~~ defence of the delay occasioned in respect of the Building in question in as much as the papers concerned will irrebutably speak for themselves that there was ~~no~~ neither neglect or inattention whatever on the part of Memorialist as attributed to him by his superiors, blindly as it would appear on the face of their own orders under which he acted. Here Memorialist solicits the justice of your Grace in council of perusing the opinion endorsed by Colonel Kennedy the late Executive Engineer Wynaad and which Memorialist is confident will leave no further doubt as to the cause of delay being attributable solely to extraneous circumstances while Memorialist was in no way to blame.

5. Apart from the subject matter of the Building question Memorialist submits anent his dismissal from the service as forming the 2nd. subject of this

Memorial in appeal that document G being Memo No. 466 of 23rd August from Mr. Lenon the Sub Division Officer and Memo No. 444 of 5th Idem marked H from the same Officer is put together there is much contrast with one another since in document H it is assurted that Memorialist is again informed that his "pay is charged to the works" instead of drawing it on the fixed establishment as it was the case for this change in including Memorialist to the work which is but temporary establishment there was no tangible reason set forth or assigned while it is an admitted fact that there could have been no necessity for this change unless it was intended to give Memorialist the slip while keeping him in the dark all the time of such intention.

6. That Memorialist regrets his prayer anent his dismissal, submitted to Major Morant the Executive Engineer also did not meet with redress as will be seen by document J being Memo No. 324 dated 30. August 1880 but at the same time that Officer it will be observed promised that he will not stand in the way and would be glad to recommend Memorialist to obtain employment elsewhere. It is self-evident from the above circumstance that Major Morant the Executive Engineer had no other cause of complaint against Memorialist

in the general conduct of his duties except in the one instance of the non-progress of the construction of Terriote Police Station alone; on this account Memorialist has, he believes sufficiently already explained to your Grace's satisfaction.

7. That Your Grace's Memorialist must also submit with due deference that had Memorialist the justice of being treated openly and fairly at the hands of his superiors, he would not have been induced to give up the permanent employment offered him on 40 Rupees in the Local Funds vide documents marked K.L.M.N and thus allowed quietly to be brough to his present fate of loosing not only both employments, but also the gratuity or pension which he would otherwise have benefite for his long service and that his dismissal would appear to have been of a sudde nature and without grounds diametrically opposed to the Resolution of the Gover or General in Council.- "That persons appointed to permanent situations in any Department shall not be dismissed bu for fraud and dishonesty Continued an wilful negligence, Offences involving mor

disgrace and proved incompetency." Here it necessarily calls for remarking that Memorialist being changed from Permanent establishment to that of Temporary establishment was simply with the object of ousting him from the protection and shelter of the above order.

8. That Memorialist must as a 3rd subject of his sad case also bring to Your Grace's benevolent consideration the fact that the amount of Travelling allowance Rs 112-8-0 due to Memorialist for the months from March to June and August during tenure his timere of office as Sub Overseer D.P.W. and for which Bills were duly furnished by him has not as yet been disbursed to him and Memorialist who was drawing but a small salary and who is now without any employment is thereby put to great hardship.

9. Your Grace's Memorialist therefore craves with all due deference and submission that his case will meet with Your Grace's worthy and just consideration and that Memorialist being in no way to blame in respect of the building of the Police Station at Terriote which formed the pith and substratum of the cause of dismissal, be pleased to order the cancelment of Dismissal and reinstate Memorialist to his post of Sub Overseer or that orders may be passed as would enable him to obtain his gratuity.

10. Memorialist also humbly prays that the 3 months pay of Rs 90 which he is entitled to on the grounds submitted in the concluding portion of para VII and amount of Travelling allowance in arrears may also be ordered to be disbursed to him and thus grand redress and protection to a poor and unfortunate old servant of Government. For which esteemed act of justice and benevolence Memorialist shall as in duty bound Ever Pray.

To
The Executive Engineer
West Coast Division

Sir,
There is one Provincial Work in progress in south Wynaad regarding which it is desirable that some arrangements should be made after you take over charge viz the Police station at Tirriote, at present it has progressed so far as the building of foundation and basement, but work is now suspended until a fresh supply of Bricks has been manufactured. all the Doors and windows and the wood work of the roof are at site, but as yet neither the Continuous Iron for the Roof, nor the Tiles for covering it have been obtained, nor do I think it will be possible to get the latter before the Monsoon, and as it is very desirable that the building should be roofed in and not be exposed to the rain of the Monsoon, I proposed that the Mission Tiles made at Calicut should be used in place of the Iron covered with ordinary tiles. It will also be necessary that some one should be left to supervise the completion of the work.

2. Then again with regard to

Tools, &c. that are not handed over to the Local F.d Board, would you wish them in charge of some one here? Your prompt answer will oblige.

The Superintending Engineer regrets to hear that although Rs 935 was allotted for the construction of the Police Station at Terriote last August that Colonel Kennedy had not in March arranged for the supply of bricks and tiles.

As this has not been done it will be impossible for Major Morant to complete the building before the monsoon and there is no cause left but to defer the work as proposed.

It is hoped that bricks and tiles will be collected as over so that as soon as the monsoon is over the work may be completed without delay if practicable the walls should be raised now to their full height before the rains, care of course will be taken to store the materials collected, so that they may not be damaged during the monsoon.

Endorsement on Mr. Rozario's letter dated 26 October 1880 to Colonel Kennedy late Executive Engineer Wynaad, asking his openion as to the impractibility of carrying on building operations in Wynaad during Monsoon.

If my openion is sought merely as to the impractibility of carrying on building operations in Wynaad during the Monsoon, it is that though not absolutely impossible, it can only be carried on under cover and at greatly enhanced cost. it is I may add quite hopeless to get bricks made later than the month of March as the frequent showers throughout april and May deter Contractors from undertaking such work. Terriote is at most times an unhealthy locality and during the months of March April May and June it is especially so; I always experienced the greatest difficulty from this cause in obtaining any kind of labour for work there. I may add that I have known Mr. Rozario for some years and the reports made to me regarding him ~~will~~ as a rule favourable the late Lt. Dobson when Divisional Officer reported well of him.

Sir;

Having received a Memo from the Sub Division Officer (copy of which herein enclosed) and in adverting to my letter dated 26th April 1880 and to your endorsement dated 10. May therein. I was under the impression that my capacity would continue as usual, whereas I am now clearly given to understand that my salary is to be charged to the Work, i.e. provided I show ample progress, at this I am afraid that I would only simply be paid for the days any work in question may be on hand. Here I beg to state on a stipend of Rs 40 in the Local Fund to which I withdraw on your confidence and expected better hopes as I being an old servant, but now at the latter one I fear I am only sadly deprived on either side. If such should come in force I beg that I may be permitted to leave the Department. I further beg to state that I have not drawn Travelling allowances for the months of March, April May June and July which I beg will be remitted to me at an early date.

To

Major J. L. L. Moorant R. E.
Ex: Engr: West Coast Division
Calicut.

Sir,-

In acknowledging the receipt of your letter No. 29/6 (date unknown), I regret to state that I very little expected I would be treated in this manner, though you are fully convinced of a post being offered to me by the L. F. and I was hindered from accepting of the same, and now I am not in the least aware as to how I have neglected the progress of the Police station at Terriote as mentioned in the above. Agreeably to orders conveyed in letter No. 62 and to the copy of Supdt. Engr's: letter No. 373 dated respectively 20th. and 2nd. April 1880 I acted and I was likewise strictly requested not to put the work in force, till the monsoon had ceased but merely to fill in the basement and to collect the requisite materials which I have accordingly adhered to and on the contrary I am surprised to observe that, I am accused for no cause whatever, I further beg to state that when I took over charge of the work in the month of May no materials of any kind had been collected at site, it is only after I joined I endeavoured to state all that was necessary but it was far beyond means to push on with the improvement of the building owing to the rains. On these grounds I beg that you will be good enough to look into my case and grant me a favourable reception as I am a man of a large family, my sole cause for leaving the Department i.e, as I was informed by Mr. Lennon that my pay would only be charged to the works, provided I show ample progress to the works provided had it not been for this reason I should not have ventured to resign.

I beg to remain,
Sir,
your most obedt. Servt.

Exr. Pub: W. accts Dated 19th Decr 1882.

FOR ORDERS.

For qualifying service of Yrs 5. 6. 2 days Rs: 100 compensation gratuity is due. The applicant resigned in in 1874 the appt. he then held because he did not like the Wynaad.

The Examiner reports "If the break caused by resignation is condoned service amounts to 9 yrs 11 mos: & Rs: 180 will be due.

It is submitted such condonation must be the exception & given for good reasons & that there is no sort of reason why Govt. should go out of their way to nearly double the applicant's gratuity & to avoid the operation of a rule made for the protection of their pocket.

18/1/83

He must have known that by resigning he forfeited all claim to count his service. He is an ex-carpenter-maistry, found extremely idle in '76 & 100 Rs seems as much as he is entitled to.
