LETTER—from

THE ACTING SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
DEPARTMENT OF FINANCE AND COMMERCE.

SIR,

I am directed to forward the accompanying memorial addressed to the Governor-General in Council by Leonard D'Rozario, late overseer of the Public Works Department in the district of Malabar, appealing against the orders of this Government granting him a gratuity of Rs. 100 and refusing to grant him three months' pay in lieu of notice.

2. The memorialist first entered the service of Government on the permanent establishment on the 6th October 1869, and served continuously till March 1874, when he resigned. This resignation entailed forfeiture of his previous service. He was re-entertained in the Public Works Department as a sub-overseer in September following, and continued to serve in a subordinate capacity in that department till April 1880, when his services were dispensed with in consequence of the transfer of Local Fund works to the Local Fund Board. For this latter period of service, amounting to five years six months and two days, the gratuity of Rs. 100 (equal to five months' pay) admissible under the rules was granted. The memorialist's service prior to 1869 cannot be verified, and his pay was probably charged to Works. The Government saw no reason to allow him to count his service from 1869 to 1874 as he resigned because he did not care to serve in the Wynaad. He was, moreover, found to be an "extremely idle" subordinate.

3. His claim to three months' pay in lieu of notice when he was thrown out of employ on the 1st May 1880 was considered inadmissible by this Government under the circumstances set forth in G.O., 17th May 1883, No. 423, copy of which, together with copy of G.O., 31st January 1883, No. 78, is forwarded herewith, and I am directed to add that the memorialist has received as much consideration as is due to him, and that the Right Honorable the Governor in Council has no recommendation to make on his behalf.

I have the honor to be,

Sir,

Your most obedient servant,

OOTACAMUND,

GOVERNMENT OF MADRAS.

PENSION DEPARTMENT.

READ—the following paper:—

TO HIS EXCY. THE MOST HON. MARQUIS OF RIPON, K.G., P.C., &c.,
Viceroy and Governor-General of India, Calcutta.

The humble memorial of LEONARD D'ROZARIO, late Sub-overseer attached to South Wynaad, in the District of Malabar, under the Madras Presidency.

MOST RESPECTFULLY SHEWETH,—That your humble memorialist having failed to obtain any redress of his grievance at the hands of the Madras Government, has no other alternative but to lay his painful case for the kind and benevolent consideration of your Excellency, in the humble hope that his long and faithful services under Government, and the special circumstances which attended it, will in themselves plead as a sufficient apology for thus taking the liberty of intruding upon your Excellency.

2. That your memorialist's *actual* service in the Public Works Department extends over a period of twenty years as particularized hereunder, but for some reason or other the Madras Government

* True copy enclosed.

January 1883, No. 78, to have misconstrued the whole circumstances of his case and to have assumed such service to be only five years six months and two days.

3. That your memorialist was first entertained in the Public Works Department as a "Superintendent of carpentry and the construction of bridges and road repairs" in January 1859, and continued in such appointment down to the year 1864, drawing a salary of Rs. 50 and 60, but unfortunately for him the service register book, which contained all the particulars of his former and subsequent service, appears to have been lost in the office of the District Engineer at Calicut, in consequence of which he has been obliged to substantiate his case by an affidavit duly sworn to before the Deputy Magistrate at Calicut, which embodied a true and faithful statement of his past services and the circumstances under which his service register book was lost, and your memorialist humbly trusts that the said affidavit † will be accepted as sufficient evidence of such service.

† Enclosure A.

4. That the testimonial ‡ granted to your memorialist by Mr. K. F. Nordman, the Assistant Superintendent of North Wynaad, under date the 6th August 1867,

‡ Enclosure B.

clearly shows that your memorialist was employed in his department for a period of two years previously thereto, and that officer testifies to your memorialist's efficiency and trustworthiness. The testimonial §

§ Enclosure C.

of Mr. R. Hasler, the Sub-Engineer, who was in charge of North Wynaad Range, dated 23rd September 1869, further goes to show that your memorialist's services in that department commenced in 1864.

5. That having thus continued in service for an uninterrupted period of ten years in the Wynaad district, a country on the western coast of Malabar so proverbial for the prevalence of fever and other malarious diseases, your memorialist, on the 9th August 1869, succeeded in getting the post of range maistry in the Coondapoor

aluk in the South Canara district on the permanent establishment on a salary of Rs. 45 per mensem.

6. That having served at the latter place for a period of two years, he found that the climate was greatly affecting his health, and consequently applied for a transfer to any other locality, but as his request was not complied with, he was compelled to continue in the post for a further period of two years, viz., until the 16th March 1874, when, finding it utterly impossible to continue any longer in the appointment owing to his shattered health, your memorialist was under the unavoidable necessity of tendering his resignation. He, however, rejoined the department as sub-overseer in the Kóttayam taluk on the 1st September 1874, after a break of only five-and-a-half months in his service, on a salary of Rs. 20 until the 15th February 1876, when he was transferred to the Kurumbranád district in the same capacity on a salary of Rs. 25 per mensem.

7. That having thus faithfully served in the department up to the 13th September 1880, your memorialist was suddenly, and without any reasonable notice, thrown out of employ in consequence of the reduction of the establishment as testified to by Colonel R. B. Kennedy,* late Executive Engineer of the Public Works Department.

* Enclosure D.

8. That the aforesaid short break in his service of five-and-a-half months not having been occasioned by any fault of your memorialist, but owing to the exigencies of the public service, your memorialist would respectfully take the liberty of submitting for your Excellency's decision whether, under the special circumstances attending his hard case, as stated above, your memorialist's service should not in justice be treated as tantamount to continuous, in which case his total service will amount to twenty-one years, the greater portion of which was spent in the malarious jungles of Wynaad, a circumstance which in itself, he humbly trusts, will commend the indulgent and liberal consideration of your Excellency.

9. That as regards the aforesaid break in his service of five-and-a-half months, your memorialist humbly begs to state that there are numerous instances in the Public Works, as well as other departments, in which the Madras Government have overlooked much longer interruptions. As a single case in point, he would take the liberty of citing that of one Mr. F. J. Jacques, late head writer of the District Engineer's office at Calicut, who having resigned his post as a clerk in the Superintending Engineer's office at Coimbatore, was reinstated in the department after the lapse of about twelve months, and he was allowed by Government to reckon his former service also on his retiring on pension. In the face of such instances in the same department, your memorialist humbly trusts that a similar boon will be vouchsafed to him, the more especially in consideration of his having spent the best period of his life in the service of Government, and now being reduced to the lowest straits.

10. That even admitting that the earlier part of your memorialist's service was for some time on the temporary or petty establishment, his service on the permanent establishment commenced on the 9th August 1869, when he was transferred to the Coondapoor taluk as a range maistry on a salary of Rs. 45 per mensem, and such service was continuous up to the time he was dispensed with in September 1880.

11. That, under the order † of Government quoted in the margin, subordinates of † G.O., No. 406, 15th February 1881, P.W.D. the petty or temporary establishment who are transferred to the permanent establishment (as was the case with your memorialist) are entitled to count their former service towards pension or gratuity, as the case may be, and there are at present several members of the Public Works Department in the Malabar district who have had the benefit of this rule. Note (b) to section 109 of the Civil Pension Code also sanctions a pension not exceeding one-third of average emoluments after a service of not less than fifteen years, and note (a) to section 118 further authorizes the local Government "to condone any deficiency in the officer's qualifying service not exceeding half his non-qualifying or, as the case may be, inferior service, and also not exceeding twelve months in all."

12. That, under the rules in force, your memorialist considers himself justified in claiming also a gratuity, equal to three months' salary at Rs. 30 per mensem, in addition to the pension or gratuity he may be entitled to, in consequence of his services having been dispensed with *without the prescribed notice*.

13. That, in conclusion, your memorialist takes the liberty of bringing to your Excellency's notice that on the 22nd April 1880 he was offered by the Assistant

* Enclosure E.

Engineer * in charge of the Wynaad sub-division an appointment in the Local Fund circle on a salary of Rs. 40 per mensem, and upon his informing his immediate superior Major J. L. Morant, Executive Engineer, West Coast Division, of the same, that officer

† Enclosure F.

dissuaded † your memorialist from taking service in the Local Fund circle, promising at the same time that he would do all he can to employ your memorialist in the Public Works Department. But for this assurance your memorialist might now have been holding an appointment of much higher salary than what he drew at that time.

For the foregoing reasons your Excellency's memorialist most humbly and earnestly begs that your Excellency will be graciously pleased to bestow on his said grievances a kind and benevolent consideration, and grant him such redress as to your Excellency may deem fit.

And your Excellency's memorialist, as in duty bound, shall ever pray.

I, Leonard D'Roza, formerly a Sub-overseer in the Department of Public Works, and now without employ, residing in the Calicut Town in the District of Malabar, make oath and say as follows -

1. That I was first entertained in the Department of Public Works on the first day of January 1859 as Superintendent of Carpentry, and the construction of Bridges and Road Repairs in North Wainad and continued as such down to the year 1864 drawing a Salary during that time of Rupees Fifty for the first one year or thereabouts and subsequently of Rupees Sixty per month -

2. That whilst holding the said appointment I was appointed Head Carpenter and Superintendent of Road Repairs in the said District of Wainad in the year 1864 and continued as such down to the 23rd day of September 1869, during which period I drew the said Salary of Rupees Sixty per month -

3. That whilst holding the said last mentioned appointment I was transferred by Order dated the 9th August 1869 to the Gundapur Talook in South Canara District as Range & Maistry on the permanent Establishment on a Salary of Rs. Forty five per month -

4. That in the latter end of 1871, in consequence of failing health I applied to the Superintending Engineer of the Division for a transfer to another locality, and was favored with a reply promising compliance with my application in a short time and that upon renewing my application I received a Memo. from the said Superintending Engineer in the month of May

May 1872 that I was at liberty to resign my post if I chose to do so, that there were no vacancies in Malabar.

5- That I continued serving at my post for two years longer, when I was compelled to resign on the 16th March 1874.

6- That on the 1st September 1874 I was re-entertained in the said Department as Sub-Overseer in the Coattayam Taluk on a Salary of Rs. 20 per month and continued as such until the 15th day of February 1876 when I was transferred to the Coorumbraid Taluk as Sub-Overseer, 3^d Grade on a Salary of Rs. 25 per month.

7- That in being so transferred as aforesaid Lt. A. G. Dobson of the Royal Engineers under whose immediate orders I was working at the time, delivered to me my Service Register Book, which until then had been in his charge and desired me to send it over to Mr. G. Dring, an Engineer, under whom I was then placed and that I accordingly delivered the said book into the hands of the said officer at Tellicherry when I waited on him for instructions to enter upon my new duties.

8- That the said Book contained several entries as to the nature of the various appointments I had held until my transfer as aforesaid and of all other particulars of my services usually shown in Service Register Books.

9- That I am informed and believe that the said Book, together with the Service Register Books, was amongst the Records delivered over by the said Mr.

Most Respectfully Sheweth,

That your humble Memorialist having failed to obtain any redress of his grievance at the hands of the Madras Government, has no other alternative but to lay his painful case for the kind and benevolent consideration of your Excellency, in the humble hope that his long and faithful services under Government, and the special circumstances which attended it, will in themselves plead as a sufficient apology for thus taking the liberty of intruding upon your Excellency.

entertained in the Public Works Department as a "Superintendent of Carpentry and the construction of Bridges and Road Repairs" in January 1859 and continued in such appointment down to the year 1864, drawing a Salary of Rs. 50 and 60, but unfortunately for him the Service Register Book which contained all the particulars of his former and subsequent service appears to have been lost in the office of the District Engineer at Calicut, in consequence of which he has been obliged to substantiate his case by an Affidavit duly sworn to before the Deputy Magistrate at Calicut, which embodied a true and faithful statement of his past services and the circumstances under which his Service Register Book was lost, and your Memorialist humbly trusts that the said Affidavit will be accepted as sufficient evidence of such service.

4- That the Testimonial granted to your Memorialist by Mr. H. F. Nordman, the Assistant Superintendent of North Wynad under date the 6th August 1869, clearly shows that your Memorialist was employed in his Department for a period of two years previously thereto, and that officer testifies to your Memorialist's efficiency and trustworthiness. The testimonial of Mr. P. on a Salary of Rupees 45 per mensem, and
such Service was continuous up to the time
he was dispensed with in September 1880.

11- That under the Order of Government
quoted in the margin Subordinates of the Petty
or Temporary Establishment who are transferred
to the permanent Establishment (as was the
case with your Memorialist) are entitled to
count their former service towards Pension
or Gratuity, as the case may be, and there
are at present several members of the Public
Works Department in the Malabar District
who have had the benefit of this Rule - state
(b) to Section 109 of the Civil Pension Code
also sanctions a Pension not exceeding one
third of average emoluments after a service
of not less than 15 years and state (a) to Section
118 further authorizes the Local Government "to
condone any deficiency in the Officer's quali-
fying service not exceeding half his non-qua-
lifying, or as the case may be, inferior service,
and also not exceeding 12 months in all."

12- That under the Rules in force your
Memorialist considers himself justified in
claiming also a Gratuity equal to three months
salary at Rupees 30 per mensem in addition to
the Pension or Gratuity he may be entitled to,
in consequence of his Services having been
dispensed with without the prescribed notice.

13- That in conclusion your Memo-
rialist takes the liberty of bringing to
Your Excellency's notice that on the 22nd April
1880 he was offered by the Assistant Engineer
in charge of the Wynad Sub-Division an
appointment in the Local Fund Circle on

a Salary of Rupees 40 per mensem, and upon his informing his immediate Superior, Major J. L. But for this assurance your Memorialist might now have been holding an appointment of much higher Salary than what he drew at that time.

1869, and served continuously
till March 1874, when he
resigned. This resignation
entailed forfeiture of his pre-
vious service. He was re-enter-
tained in the Public Works De-
partment as a Sub Overseer
in September following and
continued to serve in a sub-
ordinate capacity in that
Department till April 1880,
when his services were dis-
suspended with in consequence
of the transfer of Local Fund
Works to the Local Fund Board.
For this latter period of service
amounting to 5 years 6 months
and 2 days, the gratuity of
Rs 100 (equal to 5 months pay)
admissible under the rules
was granted. The Memorialist's
service prior to 1869 cannot
be verified and his pay
was probably charged to
month.

28 79
works. The Government
saw no reason to allow him
to count his service from
1869 to 1874 as he resigned
because he did not care to
serve in the Wynad. He
was moreover found to be
an "extremely idle" subordinate.

3. His claim to 3 months
pay in lieu of notice when he
was thrown out of employ
on the 1st May 1880 was con-
sidered inadmissible by
the Government under the
circumstances set forth in
G.O. 17th May 1883. No. 423, co-
legation with copy of G.O. 31st May 1883 no. 78
of which is forwarded
herewith, and I am direct-
ed to add that the Memo-
rialist has received as
much consideration as is
due to him and ^{that} the Right
Honorable

Honorable the Governor in
Council has no recommend-
ation to make on his be-
half.
