Department to which he belongs, in consequence of *Old age*
His incapacity does not appear to me to have been caused by irregular or

THE

Collector of South Arcot

SIR,

With reference to your application for Pension on behalf of Aret Shekh Tipu lali Duffadar in the Sindenam Taluk of your District. I have the honor to request that you will be so good as to explain why the applicant's service from 1st July 1839 to 31st August 1841 has been treated as non qualifying.

Please also state whether the applicant's detachment on temporary duty from 9th October to 31st December 1854 was on the understanding that when the temporary duty ceased he would revert to his substantive appointment. Copy of any departmental order on the subject that may be forthcoming should be forwarded, and the applicant's permanent appointment on which he had been during this period should be inserted in Column 3 in the 2nd page of the Service Book.

I have the honor to be

From

A. Cruickshank Esquire

Collector of South Arcot,

To

*The Accountant General
Madras.*

Sir,

With reference to your letter dated 4 Instant No. ADK 90, I have the honor to state that the period of service from 1st February 1839 to 31st August 1841 of *Sheikh Rpu* should have been treated as qualifying as he entered the service after he had attained the age of 16 years, under clause 3, Section 117 (b) of the Civil Pension Code. The necessary correction has now been made.

referred to in para 2 of the above
letter, during which he was
employed as "kanada Amia";
I forward herewith translation
of an order of the Collector dated
9 October 1854 deputing him
for the said work. This order
is silent as to whether the applicant
for pension was to have a lien
on his substantive appointment
of Daloyet but it is a fact that
during the time he was employed
as "Pewar Kanada Amia", he
drew one third of the salary of his
permanent appointment of Daloyet
and this shows that he retained
a lien on the latter post during that
period.

3. The pension application and
Service Register are herewith returned.
