To
The Honorable Board of Revenue

Thro the Commr of Salt Revenue
Madras

The humble Appeal Petition of
K. Kudumbampudi Salt Revenue

Inspector 1st Grade on leave

On Proceedings of the Commission

of Salt Revenue dated 21st March

1884 No 2173

Most humbly sheweth

That petitioner entered the Government

Service on the 15th May 1865 in the Salt Department

Kistna District and was transferred to Konada Factory

Tiragapalam District in February 1880 whence he was

again transferred in November 1882 to the inland Taluq

of Uddayagiri and Kanigiri & Vellore District attached

to Kumbum Circle for tracing out saline tracts &c.

2. That after resuming charge of the last two Taluqs

his health utterly broke down as the rocky climate did

not agree with him and that he repeatedly brought

this to the notice of the Circle Inspector with a request

to bring his case into consideration of higher authorities

and to recommend his transfer to some Coast District

or to grant him leave for some months Mr W. Green the

Salt Inspector Kumbum Circle who after personal in-

spection at Kanigiri on 24th February 1883 certifying

himself as to his bad health with the Certificate given

by the 1st Class Hospital at Kanigiri

Officer Villero on 20th February and sent him under
orders of the Assistant Commissioner Central Division
to the Zillah Surgeon Villore for Medical Examination.

3. That the Assistant Civil Surgeon Villore
Certified his unfitness for travelling dated on 4th March 1883
in the absence of the Zillah Surgeon from Headquarters.

4. That the Assistant Commissioner Central Division
sent Memo No 2527 dated 17th May 1883 thro' the As-
sistant Commissioner Khetwa, which reached him on 2nd June
1883 to attend before the Zillah Surgeon Villore for Medical
Examination. There upon he proceeded to Villore on the
5th June and attended the Hospital on the 13th June
and waited there till the arrival of the District Surgeon
from Circuit. The District Surgeon examined him
on the 24th June and told him to go for pension seeing
the then state of his health.

5. That after his return to his native place Masu-
lipatam on Sea Coast town he subsequently regained
his health and the Fistula with which he suffered
in the rocky tract disappeared. The petitioner's age
is only 43 which can be verified from the registers
of the Noble College Masulipatam where he received
his education and that he is well able to do further
Service in any Coast Districts.

6. That the petitioner submitted Argee to the Comm-
on 2nd October 1883 thro' the Assistant Commissioner
Central Division and a Telegram on the 4th December
to the Commissioner informing him that the petitioner
regained his health ever since he returned.

Copy submitted
for perusal

the Sea Coast and soliciting him to sanction repeated
Examinations of his fitness for further service.

7. That the Assistant Commissioner on receipt of
Argee submitted the above Argee to the address of the Commissioner sent
for perusal

Proceedings No 5959 dated 7th November 1883 inform-
ing him that the opinion of another Medical Officer
as to his fitness for further service could not be taken
and that his Petition was transmitted in Original to
the Commissioner.

8. That again on 7th January 1884 the Assistant Com-
missioner Central Division was requested by an Argee
to reconsider his case, to which he endorsed on the 11th Ja-
nuary No 110 the Zillah Surgeon Villore having Certified
the Petitioner permanently incapacitated for further
Service the Petitioner has been put in the retired list in
view to being pensioned.

9. That on the 18th January enclosing Copy of the
Assistant Commissioner's Endorsement dated 11th January
on the Argee dated 7th January submitted an Argee
Petition to the Commissioner thro' the Assistant Commissioner
Central Division praying sanction for remedical examina-
tion and also gave a prepaid Telegram on 12th Febru-
ary 1884 soliciting Endorsement on the above petition.
The Argee Commissioner telegraphed on the same date that
"No such petition received in this office."

10. That upon which the Petitioner submitted an Argee
to the Commissioner on the 13th February with the Copies of
all Correspondence.

11. That on the 17th February the Assistant Commissioner

his petition of 18th January with an endorsement dated 5th February "Rejected not being stamped" and the petitioner again submitted a petition to the Commissioner on the 23rd February Affixing Stamp with the Copies of all Correspondence.

12. That the Commissioner issued a Proceedings Copies submitted on 24th February No. 1488 and also another on 10th March for perusal No. 1840 on his petition dated 23rd February stating that his case will be considered on receipt of his Pension Application from the Assistant Commissioner Central Division who has been addressed on the subject and subsequently received Proceedings No. 2173, now 21-3-84. Appealed against. Copy submitted for perusal.

13. That the Honorable Board of Revenue will perceive that the petitioner's request to be examined by another Medical Officer is reasonable, since the two Medical Officers viz the Assistant Civil Surgeon and the District Civil Surgeon, Vallor differ in their opinion as to his capability for further service.

14. That further under Section 104 Clause 2 of the Pension Code a Certificate from two Medical Officers as to Petitioner's unfitness for further service is indispensably necessary being under 55 years of age. This fact was left untouched.

15. That the Honorable Board will perceive that to pension the Petitioner at 43 years of age when he is well able to work for several years more in any Coast District is Extra Expenditure to the State and that much time has elapsed in his case.

16. That for the reasons assigned above the Honorable Board

of Revenue for issuing orders to the Commissioner of Salt Revenue to have a further Medical Examination before submitting Petitioner's Service Register for Review.
