Y. Amarapathy Moodaliar, when Monegar of the Red Hills Lake, Madras Water Works, discharged his duties to my entire satisfaction during the period he was under my orders viz., from February to May 1875.

To

THE SUPERINTENDING ENGINEER,
Chingleput.

Sir,

In reply to your No. 4064 of 27th ultimo, I have the honor to state that I imagined D.P.W. Chief Engineer Circular 1318 of 31st August 1876, in which is laid down the rate of pay to be allowed to Sub-Overseers, was sufficient warrant for recommending an increase of pay to Amarapathy Moodaliar and I cannot see any object in the Chief Engineer Circular if every individual case has to be referred to Government.

2. As to my reason for recommending Amarapathy Moodaliar for extra pay I would not have so recommended him had I not thought him deserving.

3. I have now therefore the honor to recommend that Amarapathy Moodaliar's pay may be raised from Rs. 20 to 30 as per scale laid down in Chief Engineer's Circular as I have considered his attention to work and general good conduct entitles him to some increase of pay.

3

4. I would point out that as you took no notice of my letter I was led to believe that you had no objection to my proposal.

Sir,

Vide your Letter No. 4402 of 15th March 1877.

I have the honor to enclose original letter and enclosures from Sub-Overseer, Y. Amarapathy Moodaliar which seems to clear him entirely of all knowledge of Manica Chetty's and other Overseer's malpractices and errors.

I myself believe he is a good man and honest and deserving of some encouragement as he has acted now for some months as Local Fund Overseer.

You have been over the entire length of this Road, inspecting it from end to end, on the 17th instant and it is unnecessary therefore that I should say any thing as to how it has been done, but I feel it my duty to bring prominently to your notice the very valuable help given me in all duties connected with the making of this Road, by the Acting Local Fund Overseer, Amarapathy Moodaliar I must say that from the first day of his joining me under Captain Smith's orders (about the end of December last) to the present moment, he has helped me in laying out, measuring up, and supervising the work on this as well as on the Poolyoor and Coonathoor Roads, and there has never been an occasion during the very trying time of this critical period that I can recollect I have felt disappointed from his way of attending to my instructions or the results he has secured in work. I shall be glad if you can bring this testimony, which it affords me pleasure to bear with any remarks which may suggest themselves to you, to the

Your No. 479, dated 20th September 1879.

He is informed that the Executive Engineer never authorize the Taluq Overseer to send for the papers, &c., in connection with the Ponnary Taluq Roads nor does he wish to alter the existing system as long as the Local Fund Overseer conducts his duties and work properly and efficiently. The Executive Engineer told the Taluq Overseer that it was his duty to report on any of the Roads during his tours of inspection through the Taluq should he observed that either the work was being done carelessly or irregularly and that he should show the Maistries or Coolies how the work should be executed, notifying to the Sub-Divisional Officer, that he had given such and such orders. The Executive Engineer is of opinion that the Taluq Overseer should to a certain degree take an interest in the up keep of the Roads within his Taluq or Range, but there is no necessity for his supervising the expenditure, &c., except under exceptional circumstances.

Madras 15th December 1883.

To The Chief Engineer and
Secretary to Government,
P.W.D.,
Madras

Respected Sir,

I humbly beg to approach you with this
my petition explaining of my unfortunate case, which
I pray that you will be pleased, after taking the whole
matter into your most noble and generous consideration
I may be favourably disposed.

I was entertained in the Government Service
in P.W.D. in October 1873, as a Sauti-Monyagar
of Red Hills & Cholaaram Sauts and after a
period of nearly a year and half service in that
Capacity, was appointed as Sub. Overseer's Grade
in Sydapet Talug of Chingleput District in
May 1875, and in December 1876 was promoted to 1st
Grade Overseer on a salary of Rs. 60, per mensem,
and in the same month my services were temporarily placed
at the disposal of the Revenue Department during the
Famine Relief Works, in July 1877 I was ordered to
revert to the P.W.D. and was placed in charge
of Sydapet Talug Works, in June 1879 I was
transferred from Sydapet to Pomroy Talug in
charge

Charge of Roads I continued in the same service in D.M.W. till February 1889.

2. Vide Inspecting Engineer's Circular Memo No 854 D/18th February 1888. I was transferred to the Local Fund Board of Chingleput District in March 1888 under Inspecting Engineer Mr. Donough the Local Fund Engineer. This Officer informed he had taken charge of this office viz. within a short period of 2 months recommended to the President Local Fund Board for dismissal from my service as being unfit to hold the appointment. The President without enquiring neither an explanation from me arbitrarily dismissed me from the service of Local Fund Board in June 1889.

3. Although I applied to the President for my arbitrary dismissal, I was not furnished with any reply.

4. That from the testimonials herein enclosed for your kind perusal; it will be found quite apparent that I discharged the duties entrusted efficiently and to the entire satisfaction of all my Superior Officers. I therefore specially beg of you to direct your attention to the extract from a letter from Deputy Collector to the Collector, dated 25th April 1897 and a letter from the latter to the Inspecting Engineer dated 25th July 1897. in which my services during the famine are highly commended.

Further

Further I may mention that none of the Superior Officers under whom I have served spoke disparagingly either to my character or work: as you will be convinced of same from the testimonials.

5. I therefore humbly beg to bring to your kind notice of the Chief Engineer's Order W.P.D. Order No. 2454 W. D. 25th October 1889, states that if a person who was in the Local Fund Board be dismissed may appoint in Government Service. Under this order you will kindly take into consideration of my unfortunate circumstances of 8 years service in the Government; you will be moved to re-entertain my services as Sub Engineer which are to be sanctioned either in the Presidency Chingleput District or in any other District, or kindly entertain me in the Government Railway that are opened from Rameswaram to Bellary and from Bellary.

6. In Conclusion I beg to state under G.O. F.D. No. 2740 dated 27th September 1883 or No. 3039 W. dated 26th Oct. 83. that I am rightly entitled to a gratuity for 8 years service. Therefore beg of you to be kind enough to grant me the gratuity for 8 years service rendered to Govt. in D.M.W. including the one year Bonus service granted by Government. In which act of great kindness I will ever feel grateful.

I beg to remain
Respectfully

Yours most obedt. Servant
