Confidential Report

In November last 2nd Class Constable, Subharagudoo No 1084, was examined by me and pronounced fit for longer service: On the 6th December this Constable was admitted with symptoms of Beri-Beri which resulted in general debility. He has served his time of upwards of 32 years for pension; but unfortunately for him at the time of his obtaining a disqualification Certificate he suffered from a gleet discharge from the urethra with suppurating glands in both groins, from which he has perfectly recovered, but it has added no doubt in a measure to ^{his} ~~this~~ original debility resulting from Beri-Beri.

Under the above Circumstances I consider him unfit to undertake the arduous duties required of a police man and accordingly grant him the usual disqualification Certificate.
