J. B. Pennington Esquire
Ag. Collector and Magistrate
Sangre District.

Most honoured and respected Sir,

I beg leave most respectfully to state, in a way of some emergent nature according to my own necessity, that I have not any right whatever to intrude again and again upon your honour's valuable time, than some unaffected faithful feelings towards your honour's noble mind which had had sufficient time to know all about my character &c.

Soon after the receipt by me of a Service card from your honour's noble hands, I paid my personal homage to J. D. Rees Esq. and represented to that gentleman the purpose of my coming up to Madras and that J. B. Pennington Esq. kindly ordered me to go and see him. The Gentleman, though in much pressure of work, kindly heard me for a little while and told me in clearest terms, "I am not now in charge of the Pension Department. You must represent all what you want to Mr. E. J. Laffan." I have accordingly done so, but this Laffan Esq. does not know me, nor has he received direct

direct any note of introduction about me
from any gentleman who knows me
well. 27

It lies in the power of
E. J. Laffan Esqre (in the first place)
to sift, and lift up my intricate Pension
case together with notes and opinions thereon, to the
Purview of H. E. Stokes Esqre the Revenue
Secretary, who should then with his own sup-
port submit the case to the Honorable Mr. H. E.
Sullivan the first member of Council, for
disposal.

All the above mentioned
Gentlemen have always before them suffi-
-cient Public matters of greater importance.
Hence I fear whether their deep attention
could be had to my intricate Pension case
or not, and if all these three Gentlemen
cannot spare a little convenience to read by
themselves my Memorial and Colb Coning-
-ham's recommendation &c connected
with my Pension case with a little of
their undivided attention, I do not hope
to obtain the required success with facility.

I finally leave myself
to point out to your honour that a single
line in my favour from your honour's
noble hands Direct to E. J. Laffan Esqre
or to H. E. Stokes Esqre will certainly
produce infallible success in my Pension
case. Your honour knows well that I
cannot regain such a favourable
opportunity

I was hence obliged to
despatch a letter to your honour on the 25th

by Registered Post, in reply to which letter, I am every day most impatiently expecting for some comfortable order. I am quite sure to succeed in my attempt for half Pension, if my foregoing request be mercifully granted at your honour's most earliest convenience. What I have requested in my Memorial to Government seems to be nothing for the Powers of the abovementioned Gentlemen. They will be quite cheerful to direct their attention in their own way to my case and do all acts of Justice and Mercy, if my good luck advanced a little in your honour's Powerful heart and in their own.

My attempt for an adequate Pension has been entirely for a relief of some permanent character and not been for any thing against the prospect of any third Party. I am so far ventured to give your honour such trouble, for which, I humbly beg pardon on the score of critical time and difficulty.

Humbly trusting that your honour will be pleased to peruse the above and grant my request in any way, and in time,

I beg to remain,
Most honored & respected Sir,
Your honour's most obedient &
very humble and faithful servant,

The Memorial of T. A. M. Sivan
Rajagopal Pillai, Retired Inspector
of Police Tirunelveli

Humbly Sheweth:-

That the Memorialist, while on leave from
Jumastaship in the Vanilam Municipality
Tanjore District, was employed as a Writer
and Accountant on the Trunk Road
Tirunelveli, on 25 Rs pay a month and
continued in that capacity for 1 year and 11
months.

This fact is clearly shown in the Public official
Register and in the last verification Certificate
of Service granted by D. P. W. and annexed to the
Pension application But the Memorialist
now regrets to find that through a failure
of memory over a transaction of 27 years
past the Memorialist himself entered this
period of Service as temporary and it
was so remarked by a foot note in the said
application in the Police Superintendent's
office.

from the 1st May to 30th June 1856 which
ought to be treated as permanent and
Superior Service under Section 90 of the
Civil Pension Code V Edition is also entered
through mistake as temporary Service in
the Pension application in question.

So, the total period of the memorialist's
Superior Service (Should there be no objection to
taking his service as Writer and Accountant
on the Truck Cotton Road for 1 year and 11 months)
is amounted to 25 years, 6 months and 13 days
or to 25 years and 13 days including the said
inferior Service of which 1 year is to be
mercifully condoned under Section 120 of the
above Code and the difference of 17 days
to make up his 25 years' Service, treated
as privilege leave.

In Conclusion, the memorialist
humbly requests that all the foregoing
facts may be kindly taken into
your honour's sublime consideration and
mercy and justice rendered.

For this act of charity, the Memorialist
shall as in duty bound ever pray.

B. (P.S.) Between the date on which the memorialist
lost his last employment as Writer in the
D.P.W. and the date on which he was
re-entertained in the Public Department,
there is an interruption of two years, two
months and 9 days which as the memorialist
humbly trusts, falls under the purview
of Section 98 of the above Code. This
point also is humbly requested to be taken
into your honour's most noble and
valuable consideration.

That, on the morning of the 6th Instant,

Cunningham to your honour's address on
my behalf through a certain Chobdar Sahib
to your honour. The memorialist humbly
trusts that the letter in question has safely
reached your honour's noble hands.

The memorialist herewith submits
another memorial also about his Pension
Case, hoping for due mercy and justice.

The memorialist shall as
in duty bound ever pray.
